### GOAL 1: FOSTER A CAMPUS CULTURE OF LIVELY; INFORMATIVE DEBATE ON IMPORTANT ISSUES.

#### Strategic Objectives

1a. Revise Senate committee meeting policies to invite constituent comments as regulations and other policies are under development.
1b. Report frequently to the Academic Senate as regulations, policies, recommendations, and changes are being developed, submitting same to a vote when appropriate.
1c. Invite and celebrate a diversity of perspectives on all Senate-related issues of interest to faculty and students—controversial and otherwise—making room for such in professional development presentations, workshops, and other venues.
1d. Actively seek ways in which the Senate can listen to and respond to student government leaders and faculty concerns.
1e. Emphasize the communication role of elected department and at-large representatives between the constituencies they represent and the Senate.

### GOAL 2: PROVIDE LEADERSHIP ON ALL 10 + 1 ISSUES.

#### Strategic Objectives

2a. Improve the college’s planning process and provide for improved shared governance by requiring that faculty on all DPAC committees, on all joint and faculty-only Senate committees as well as, where appropriate, task forces, work groups, etc., represent Senate-approved positions. Furthermore, to facilitate mutual agreement, before they are published or disseminated formally, all decisions, recommendations, final reports, etc., of joint committees must be approved by the Committee of the Whole before they are published or disseminated in final form except where those committees have been empowered by the Committee of the Whole to operate independently.
2b. Ensure appropriate Senate leadership and faculty representation throughout the remaining accreditation process.
2c. Secure adequate District funding for attendance at state and area Academic Senate conferences and meetings.
2d. Increase participation at Senate plenary sessions for the purpose of developing Senate leaders.
2e. Convert the library faculty leader and the health sciences faculty leader positions to department chair positions.
2f. Improve the retention of new faculty by formalizing Academic Senate involvement in their professional development and orientation activities.
2g. Streamline the approval and reimbursement process for professional development activities.
2h. Facilitate the successful implementation of the bachelor’s degree.
2i. Explore and expand, where appropriate, the creation of academic workforce pathways to serve students.
2j. Continue to support faculty adoption of open educational resources, where appropriate, to reduce the cost of education.
2k. Support the establishment and staffing of a gender equity center.
2l. Ensure the Senate and department faculty are centrally involved in the planning of future facilities as well as the retrofitting of existing facilities to make sure that effective learning conditions are coupled with the college’s long-standing commitment to sustainability.
2m. Increase the currency of faculty in their disciplines by securing additional professional development funding that will allow for full
payment for discipline-specific conferences.
2n. Update BP 2210 to match current practice and to expand the areas under which the Board of Trustees agrees to rely primarily upon the advice and judgment of the Academic Senate.
2o. In conjunction with Human Resources, investigate and implement ways by which the college might attract a larger pool of applicants for faculty positions.
2p. Ensure that Senate concerns are reflected in the District's master plan as well as the overall strategic planning process.
2q. Foster greater student success by infusing financial literacy throughout the curriculum.
