District Planning and Advisory Council
CHARTER AND ORGANIZATION
2015-2016

Board Policy 2250

The Board recognizes the District Planning and Advisory Council as the body primarily responsible for making recommendations to the Superintendent/President on matters that are not otherwise the primary responsibility of the Academic Senate (BP 2210), Classified Staff (BP 2220), Associated Students (BP 2230) or the Management Association (BP 2240). Issues include, but are not limited to, District budget, facilities, human resources, instruction, student services and technology planning. Discussion of these issues by the Council will not supplant the collective bargaining process.

DPAC is the College’s primary planning body and coordinates institutional planning. It is the responsibility of DPAC to develop the annual Master Plan for Education Update and oversee the long-term planning efforts of reviewing the Vision, Mission, Values, and Goals, assessing the College’s planning process, and developing new Strategic Initiatives every five years.

The District Planning and Advisory Council shall comprise representatives of the faculty (Academic Senate and Faculty Association), classified staff, students (Associated Students) and management (Administration/Management Association), who shall mutually agree upon the numbers, privileges, and obligations of Council members. The District Planning and Advisory Council shall establish its own procedures in conformity with the law.

**DPAC Members:**

- Superintendent/President (or designee)
- Academic Senate President (or designee)
- Faculty Association President (or designee)
- CSEA President (or designee)
- Management Association President (or designee)
- Associated Students President (or designee)

Each Constituency Group President (or designee) shall be allowed one additional seat at DPAC meetings for a total of 12 people (President + One).

**DPAC Chair and Vice-Chair:**

The Chair shall be selected by the Superintendent/President in June to serve a one-year term the following fiscal year.

The Vice-Chair shall be elected by a majority vote of DPAC members (8 votes) in June to serve a one-year term for the following fiscal year.

Note: The Vice Chair shall not come from the same constituency group as the Chair of DPAC. If the Superintendent/President selects a faculty person for Chair then the Vice Chair must come from a constituency group other than faculty.
Responsibilities of the DPAC Chair and Vice-Chair

- The Chair shall preside at meetings of DPAC
- The Vice-Chair shall preside at meetings of DPAC in the absence of the Chair
- The Chair and Vice-Chair shall review agendas and minutes of DPAC meetings prior to distribution
- The Chair and Vice-Chair shall convey DPAC’s recommendations to the Superintendent/President

DPAC Coordinator

The DPAC Coordinator shall be responsible for the following:

- Prepare, post/distribute agendas for DPAC meetings in compliance with the Brown Act (72 hours in advance of a regular meeting)
- Prepare, post/distribute minutes of DPAC meetings
- Keep a full, accurate and indexed record of DPAC proceedings
- Maintain all DPAC records and files
- Prepare DPAC Annual Report

Privileges and Obligations of Council Members

- Each member is expected to represent their group in discussions and deliberations
- Each member of the Council will attend meetings
- Each constituency president will participate in agenda setting

Meetings

Meetings of the District Planning and Advisory Council are subject to the provisions of the Brown Act. The District Planning and Advisory Council meets on the second and fourth Wednesdays of the month.

Quorum

A quorum will consist of a simple majority of appointed DPAC members (7 of 12 members) or designee.

Voting on DPAC

No voting will take place during the first ten minutes of a meeting.

Two votes per each constituency group or one vote per sub-constituency group.

- Academic Senate: 1 vote
- Faculty Association: 1 vote
- CSEA: 2 votes
- Management Association: 1 vote
- Administration: 1 vote
- Associated Students: 2 votes

Note: There are 8 votes only on DPAC

Orientation for DPAC Members

An annual orientation session will be held for members of DPAC.

DPAC Recommendations to the Superintendent/President

It is the charge of DPAC to make recommendations to the Superintendent/President. It is the responsibility of the Chair and Vice-Chair to convey DPAC’s recommendations to the Superintendent/President. The Superintendent/President or designee will respond to DPAC recommendations either in writing or through a report from the Chair at a subsequent DPAC meeting. The Superintendent/President’s responses will be reflected in the DPAC minutes.
Institutional Planning

The institutional planning process—both long-term and annual—is coordinated by DPAC. Every five years, DPAC oversees the review of the College’s Vision, Mission, and Goals statements, conducts an evaluation of all aspects of the institutional planning process, and identifies long-term strategic initiatives to inform the annual identification of institutional objectives.

The annual Master Plan for Education Update is also the responsibility of DPAC. The process starts in Spring and concludes in Fall and includes the development of responses to the previous year’s Institutional Objectives including the status of completion for each objective.

In preparation for formulating new institutional objectives each year, DPAC reviews a number of major planning documents, including, but not limited to:

- Program Review Planning Summary
- Institutional Effectiveness Annual Report
- Responses to previous year’s Institutional Objectives
- College Priorities and Strategic Initiatives
- Board of Trustees Goals and Priorities
- Academic Senate Objectives
- Accreditation Recommendations and Self-Evaluation Planning Agenda
- Technology Objectives

Criteria for Institutional Objectives

Purpose
Each year the Santa Monica College District Planning and Advisory Council (DPAC) identifies institutional objectives to be included in the annual Master Plan for Education Update. These annual institutional objectives are developed in response to the output of multiple planning processes and identify measurable benchmarks for institutional improvement.

Institutional objectives:
- align with college priorities: strategic initiatives, college goals, ILOs
- highlight the overarching issue being addressed
- support student learning and success

Guidelines for Writing Institutional Objectives
Institutional objectives should generally emerge from the various planning reports and documents submitted to DPAC. Words like across the college or across the campus, institutional or institutionalize are frequently used in the objectives.

Institutional objectives should:
- address an identified institutional priority, not an issue specific to a particular departmental/organizational unit
- frame the issue to be addressed clearly and comprehensively
- generally apply to more than a single departmental/operational unit
- be timely and measureable
- be achievable within a year; if an objective will take longer to achieve it should be broken into multiple consecutive objectives (ex. analyze, develop a plan, implement first steps etc.)
- not address something the College is already doing or committed to doing
- already have some level of support to be achievable (ex. other individual, groups, units) in order to demonstrate that they will be achievable
The resulting annual Master Plan for Education update document identifies linkages among the various components of the overall institutional planning process, provides an estimated cost and funding source (with a descriptive budget narrative) for each institutional objective; describes methods to accomplish each specific objective; and lists anticipated outcomes for each objective.

**Agenda Setting Meetings/Criteria for Topics**

The Council of Presidents comprising the presidents of each constituency shall set DPAC agendas. A pilot process will be used by all DPAC constituencies to capture topics that should be included in the planning process at the appropriate time, allowing for mutual respect accorded by effective participatory governance without creating barriers to innovation. The Council of Presidents will use a guide for determining which issues rise to the level of discussion by DPAC. A form to request an item on the agenda for consideration by DPAC is available on various college websites and in the Office of the Superintendent/President.

The Council of Presidents should refer to the following checklist when identifying topics to include on the agenda for consideration by DPAC:

Topics to be presented to DPAC for consideration should apply to at least one of the criteria listed below.

- Relate to Vision, Mission and Goals
- Relate to Master Plan for Education
- Relate to Annual Institutional Objectives
- Relate to Strategic Initiatives and College Priorities
- Be within the purview of more than one DPAC subcommittee
- Be identified as an institutional priority, not an issue specific to a particular departmental/organizational unit

Topics not to be presented to DPAC for initial consideration are:

- those that are the primary responsibility of the Academic Senate (BP 2210), Classified Staff (BP 2220) Associated Students (BP 2230) and the Management Association (BP 2240)
- topics that are more appropriately considered by single DPAC subcommittees
- those under the purview of collective bargaining
- those that apply to a single departmental/operational unit

*Pilot process approved December 10, 2014 effective through June 2016

**Planning Subcommittees:**

1. Budget Planning
2. College Services Planning
3. Facilities Planning
4. Human Resources Planning
5. Technology Planning

Meetings of the DPAC Planning Subcommittees are subject to the provisions of the Brown Act.

Each of the five Planning Subcommittees shall comprise four representatives of each constituency group or two representatives of each sub-constituency group.

- Faculty (2 Academic Senate/2 Faculty Association)
- Classified (4 CSEA)
- Managers (2 Administration /2 Management Association)
- Students (4 Associated Students)

The members of DPAC shall determine the scope and function of the five Planning Subcommittees. In other words, DPAC is to provide direction for the five Planning Subcommittees.
Quorum
A quorum will consist of a simple majority of subcommittee members appointed by employee constituency groups (7 of 12 members), or designee.

Voting on Planning Subcommittee
Each member of the planning subcommittee has one vote (4 faculty, 4 classified, 4 managers, 4 students)

Planning Subcommittees Co-Chairs

One Co-Chair named by the Superintendent/President
The Superintendent/President may name any Santa Monica College employee or student as this co-chair and is not held to any particular constituency.

One Co-Chair elected by the planning subcommittee
This co-chair shall be selected from within the subcommittee membership by September 30th of each year.

Note: Chairs shall not come from the same constituency group. If the Superintendent/President selects a faculty person for chair then the other chair must come from a constituency group other than faculty.

Additional Note: All Co-Chairs (or designees) of the Planning Subcommittees are expected to attend all DPAC meetings.

Responsibilities of the Planning Subcommittees Co-Chairs

- Develop the schedule of meetings
  - All planning subcommittees shall meet at least once a month at a fixed time and location and report to the District Planning and Advisory Council on a monthly basis.

- Work cooperatively to:
  - Develop meeting agendas
  - Post/distribute agendas in compliance with the Brown Act (72 hours in advance of a regular meeting)
  - Preside over meetings using standing rules agreed upon by the subcommittee
  - Prepare minutes of meetings
  - Post/distribute minutes

Resources to DPAC

1. Academic Senate Joint Committees (these committees are not subcommittees of DPAC)
   a. Program Review
   b. Curriculum
   c. Student Affairs
   d. Institutional Effectiveness

2. Chair of Academic Senate Department Chairs and Coordinators Committee (representing the department chairs)

Note: All Chairs and Vice Chairs of these Academic Senate Joint Committees and the Chair of Chairs are expected to attend all DPAC meetings.

An annual orientation session will be held for Planning Subcommittee Co-Chairs and Academic Senate Joint Committee Chairs and Vice-Chairs.

Overarching Guiding Principles for DPAC Planning Subcommittees

- In its planning process, each subcommittee should make recommendations on matters within its jurisdiction to the District Planning and Advisory Council that are consistent with the District’s Mission, Vision and Supporting Goals, Master Plan for Education Institutional Objectives, the Educational and Career Facilities Master Plan, and the Technology Master Plan.
- Each planning subcommittee should factor recommendations from other planning areas
- As part of its planning process, each planning subcommittee should consider environmentally sustainable practices
- Members of the planning subcommittees should report back to their respective constituencies on a regular basis

Responsibilities of the Planning Subcommittees Co-Chairs

- Develop the schedule of meetings

- All planning subcommittees shall meet at least once a month at a fixed time and location and report to the District Planning and Advisory Council on a monthly basis.

### Budget Planning Subcommittee

**Recommendation: Softening of Enrollment**

The following motion was unanimously passed at its meeting on February 3, 2016:

In light of the softening in enrollment and the impact that this will have on the fiscal stability of the District, the DPAC Budget Committee recommends to DPAC that it further investigate this issue and the impact it will have on planning.

**Vice-President of Enrollment Development**

Teresita Rodriguez will be attending the next Budget Committee meeting to present information on efforts to address the enrollment situation. It was agreed that the topic be placed on the agenda for discussion at a future DPAC meeting.

### 2014-2015 Audit Report

Chris Bonvenuto, Chief Director of Business Services, provided an overview of the District’s 2014-2015 Audit Report and the Proposition 39 Financial and Performance Audits prepared by the District’s contracted independent auditor Vicente, Lloyd & Stutzman, LLP. The Auditor’s opinion was that the basic financial statements present fairly, in all material respects, the District’s financial position as of June 30, 2015.

- East Wing, Performing Arts Center, projected completion date – end of 2016
- Health, P.E., Fitness, Dance and Central Plant, projected completion date – end of 2016
- Financial Aid Relocation, projected completion date – April 2016

| February 24, 2016 | Air Conditioning in College Facilities         | Greg Brown reported that the study from P2S Engineering was received in January 2016 which was an assessment of all major buildings that do not have air conditioning. Findings from the report will assist staff in determining temporary and permanent solutions. The overall cost for installing permanent air conditioning in all facilities is about $8 million. The current bond does not include funds for air conditioning/retrofitting, so the college would need to look at other funding or potential future bond issue for permanent air conditioning. The chiller loop will resolve the problem in HSS in the future. As an interim measure, there are plans for setting up temporary air conditioning for Letters and Science, Liberal Arts, Counseling, Science wing, second floor Cayton Center and the Madison Building at the Performing Arts Center. This would involve running air conditioning with a generator through ductwork to the buildings. The estimated cost is $30,000 - $50,000 per month per building. Advance notice is needed for |
these installations, so the District will go out to bid soon to have temporary air conditioning for those buildings on standby for this fall. It was requested that the plan include summer. Follow up information will be included in the DPAC Facilities Planning Subcommittee reports.

<td>Vice-President of Enrollment Development Teresita Rodriguez attended the Budget Planning Subcommittee meeting to present information on the softening of enrollment. This generated a discussion about what the District might do to address the issue. Data has been studied that reveals there are fewer students in high school which makes it a declining market. Consequently, a variety of strategies are being discussed to attract new markets. One concept is a pilot program to offer an early summer session to capture students who are full-time at four-year universities whose spring semester ends mid-May. March 23, 2016  | Enrollment: Other Enrollment Strategies  | A discussion of other enrollment strategies included the following ideas:

- Academic Affairs and department chairs consider the possibility of faculty accepting more students in their classes with appropriate compensation for oversized classes.
- Increase on-line courses
- Using existing infrastructure to offer special programs, for example MCAT, LCAT
- Attract a new market by offering CEUs
- Determine why students are taking fewer than 12 units
- Develop schedule more efficiently with a holistic approach, consider scheduling intelligence software
- Develop incentives for students to enroll in more units
- Learn from other districts

| June 8, 2016 | Master Plan for Education Update, 2016-2017 | DPAC reviewed the report *Significant Trends and Observations of the Institutional Effectiveness Committee in 2015-2016*. It is the role of the Institutional Effectiveness (IE) Committee to review data and identify some areas that might need attention. It has been DPAC’s practice to review the annual IE report and identify potential institutional objectives for the Master Plan for Education update. However, since the IE Committee is an Academic Senate Committee, the IE recommendations must first be deliberated and approved by the Academic Senate before consideration by DPAC. Therefore, DPAC reviewed the following observations provided in the report:

- Program Learning Outcomes
- Successful African American and Hispanic Students: CTE Completion Rates
- Employee Average Vehicle Ridership
- Collegiality |

| June 8, 2016 | Enrollment Strategies/FTES | The following documents were distributed for review:

- 2016-2017 Enrollment Summary (Credit, Non-Credit, All Resident FTES, Non-Resident FTES, Headcount)
- Summer/Fall 2016 Enrollment Summaries
  - 2016 Enrollment (Credit, Non-Credit, All Resident FTES, Non-Resident FTES, Headcount)
  - Summer 2016 enrollment is slightly ahead of summer 2015; Fall 2016 enrollment is |
slightly behind fall 2015. There is concern about the declining enrollment which is a statewide trend. Some reasons for the decline include: (1) Demographics are changing with fewer high school graduates; (2) strength of the dollar is an issue for international students; (3) there is extreme competition with other institutions for non-resident/international students; and (4) applications for summer and fall have decreased.

Strategies implemented to address the 10-12 percent decline in enrollment include:
• Looking at ways to remove barriers to enrollment and streamline the process
• Multiple Measures
• Increasing communication to students
• Condensing the enrollment cycle
• Looking at non-traditional ways to incentivize enrollment; offer incentives to enroll or enroll in more courses

The Budget Committee will be discussing ways to generate revenue and decrease expenditures to forward to DPAC.

  2016 Enrollment (Credit, Non-Credit, All Resident FTES, Non-Resident FTES, Headcount)  
Summer 2016 enrollment is slightly ahead of summer 2015; Fall 2016 enrollment is slightly behind fall 2015. There is concern about the declining enrollment which is a statewide trend. Some reasons for the decline include: (1) Demographics are changing with fewer high school graduates; (2) strength of the dollar is an issue for international students; (3) there is extreme competition with other institutions for non-resident/international students; and (4) applications for summer and fall have decreased.  
Strategies implemented to address the 10-12 percent decline in enrollment include:  
- Looking at ways to remove barriers to enrollment and streamline the process |

Enrollment: Other Enrollment Strategies

A discussion of other enrollment strategies included the following ideas:

- Academic Affairs and department chairs consider the possibility of faculty accepting more students in their classes with appropriate compensation for oversized classes.
- Increase on-line courses
- Using existing infrastructure to offer special programs, for example MCAT, LCAT
- Attract a new market by offering CEUs
- Determine why students are taking fewer than 12 units
- Develop schedule more efficiently with a holistic approach, consider scheduling intelligence software
- Develop incentives for students to enroll in more units
- Learn from other districts
- Trade programs
- Reach out to large groups of people who might no be thinking about attending SMC
| March 23, 2016 | Enrollment: Other Enrollment Strategies | DPAC Chair Designee Teresita Rodriguez reported that there is not enough time to resolve the issues related to the concept of an early start summer session. Other enrollment strategies will continue to be explored. |
| March 9, 2016 | Enrollment: Other Enrollment Strategies | Vice-President of Enrollment Development Teresita Rodriguez attended the Budget Planning Subcommittee meeting to present information on the softening of enrollment. This generated a discussion about what the District might do to address the issue. Data has been studied that reveals there are fewer students in high school which makes it a declining market. Consequently, a variety of strategies are being discussed to attract new markets. One concept is a pilot program to offer an early summer session to capture students who are full-time at four-year universities whose spring semester ends mid-May. This early summer session would not affect the regular summer session beginning on June 20th. This session would need to be put together quickly since the classes would start May 16th and there needs to be enough time for marketing and enrollment. There were some questions and concerns raised at the meeting, and it was agreed that the concept of pilot program of an early summer session as well as other strategies to address the softening of enrollment will be placed on the agenda for the next DPAC meeting. |

I am pleased to report that we are exceeding our commitment of hiring 23 new faculty previously recommended for 2016-2017. Each new faculty hire represents a long-term financial obligation which, along with future budget projections, must be factored into any decision on the number of new faculty to be hired in any given year. I am committed to increasing the percentage of full-time faculty and will do so within the constraints of annual budget projections, which will include all projected costs and on-going funding needs.</td>
