D. Response from Superintendent/President on DPAC recommendation: None.
   DPAC Chair Teresita Rodriguez reported that she shared with Superintendent Kathryn Jeffery the comments made at the last DPAC meeting regarding administrative responsibility for institutional planning, in particular related to the Executive Vice-President. Dr. Jeffery will attempt to attend a future meeting to speak to DPAC about this.

V. Agenda
   A. Discussion included how to proceed with identifying action plans for the 2019-2022 Strategic Initiatives and Objectives. It was agreed that the work being done by the Integrated Planning Workgroup and the Pathways Workgroup will result in action plans for the next five years related to Initiatives 1, 2 and 3.

   Institutional objectives for 2017-2018 have already been identified in this year’s Master Plan for Education Update, the majority of which directly support at least one strategic initiative. It is understood that by early 2018-2019, the master planning process will shift to identifying annual objectives to achieve progress on each of the strategic initiatives. A framework needs to be developed to link identified objectives to budget, human resources and other planning processes. The next meeting will focus on re-thinking the planning process. DPAC members were asked to look at planning models at other districts and present ones they like for discussion at the next meeting. Links to websites should be forwarded to Lisa Rose.

VI. Adjournment: 4:08 p.m.
