V. Agenda

B. Governance Structure: A subcommittee comprising Teresita Rodriguez, Nate Donahue, Erica LeBlanc and Lisa Rose met to discuss activities/meetings for DPAC for spring and summer 2018, using the following guidelines determined by DPAC:

• The Five-Year Strategic Initiatives should drive the development of the annual institutional objectives.
• Implementation of the institutional objectives should be a comprehensive process tied to budgeting and the committee and/or department responsible for implementation and tracking.
• DPAC’s charges to the DPAC subcommittees need to be clarified and more descriptive. DPAC will work with subcommittees to review and develop the charges so they support the Strategic Initiatives and the annual institutional objectives.
DPAC Meetings – Spring/Summer 2018

• Suspend subcommittee and A.S. Joint Committee reports for the spring/summer and replace with themed reports related to the strategic initiatives.

The Council of Presidents set the agenda for the April 25, 2018 DPAC Governance Structure meeting.

A. Enrollment Development Report
**Charge of Committee:**
The College (Operational) Services Planning Subcommittee shall:

- Make recommendations to the District Planning and Advisory Council on matters pertaining to how operational services (such as Business Services, Security, Food Services, Intercampus Transportation, Events, Custodial Services, Network Services, Payroll, Purchasing, Shipping and Receiving, and Accounts Payable) impact instruction and direct services to students.
- Initiate discussions on defining Administrative Unit Outcomes for these areas and devise ways in which to measure their effectiveness in meeting student needs for use in making planning decisions.
- Facilitate the definition of service area outcomes for these areas and encourage the areas to work with the S/ILO Committee to formulate outcomes and assessments to integrate into the reports to the Academic Senate Joint Program Review Committee.

**Overarching Guiding Principles for DPAC Planning Subcommittees:**

- In its planning process, each subcommittee should make recommendations on matters within its jurisdiction to the District Planning and Advisory Council that are consistent with the District’s Mission, Vision and Supporting Goals, Master Plan for Education Institutional Objectives, the Educational and Career Facilities Master Plan, and the Technology Master Plan
- Each planning subcommittee should factor recommendations from other planning areas
- As part its planning process, each planning subcommittee should consider environmentally sustainable practices
- Members of the planning subcommittees should report back to their respective constituencies on a regular basis

**The committee had the following questions:**

1. What is the updated definition of College Services? Ex: Non Academic or Student Services Programs that indirectly impact student learning.
2. What are the College Services? Departments have changed. There is also subcommittee overlap.
3. Do all of these services conduct an annual program review? A 6 year review? (Erica said yes- they should be)
4. The Vice President’s over specific areas typically monitor the program reviews. Why is this different for College Services?

Unlike the other DPAC subcommittees, College Services works with individual departments. Therefore, the planning is more from a micro level.

To ensure that planning is part of the DPAC-CS charge. The committee feels that the meeting agendas should be broken down into “Planning” and “Trouble Shooting” categories.

- Planning: Working with the various college service areas to develop unit outcomes, review all UO’s to develop a master plan?
- Trouble Shooting: DPAC-CS also receives input from the college community about areas of concern.

In 2009, DPAC- CS subcommittee worked with college service areas to develop unit outcomes. These were the areas listed:

1. Academic Computing
2. Accounting
3. Accounts Payable
4. Auxiliary Services
5. Bookstore
6. Bursars Office Center for Environmental and Urban Studies/ Sustainable Works
