V. Agenda

Public Comment – None

A. Printed Class Schedule: In fall 2013, the Budget Committee recommended that DPAC analyze the cost and use of the printed and mailed class schedule to reduce our environmental impact and save money. DPAC Chair Randy Lawson set up a subcommittee to review and discuss the recommendation and report back to DPAC at a future meeting. The subcommittee agreed that the printed schedule should not be eliminated, and discussed possible ways to significantly reduce the number of printed schedules. The subcommittee presented the following recommendation which was unanimously approved by DPAC:

While there remains a need for some printed schedules, especially on campus, the college should explore alternative solutions for distribution of information to eliminate the waste of paper and reduce the significant postage and printing costs.

B. Program Review Planning Summary, Spring and Fall 2013: The Program Review Committee Chair and Vice Chair presented the Annual Planning Summary, Spring and Fall 2013 of 13 full program reviews and biennial reviews of three CTE programs. The report includes recommendations for institutional support for specific programs and recommendations based on overarching trends. DPAC started the review of these recommendations for development of the Master Plan for Education Update, 2014-2015.
