VII. Council of Presidents Meeting

The Council of Presidents will set the agenda for the July 24, 2013 DPAC meeting.
Sustainable modes of transportation include walking, skating, bicycling, mass transit, carpooling and vanpooling. Other modes of transportation may be considered for eligibility by the Transportation Task Force on a case-by-case basis. Telecommuting is not considered eligible for the Sustainable Transportation Incentive Program.

1) The following financial incentive levels are available to all employees who use sustainable modes of transportation to commute to work at Santa Monica College.

   (a) **Sustainable Commuter Cash Level I:** Any employee that uses sustainable transportation 30%-49% of the time is eligible to receive a $15 monthly subsidy.

   (b) **Sustainable Commuter Cash Level II:** Any employee that uses sustainable transportation 50%-74% of the time is eligible to receive a $25 monthly subsidy.

   (c) **Sustainable Commuter Cash Level III:** Any employee that uses sustainable transportation 75%-100% of the time is eligible to receive a $30 monthly subsidy.

   (d) Any employee that uses sustainable transportation less than 30% of the time is not eligible.

2) **Quarterly Prize Drawing:** Employees who qualify for a Sustainable Transportation Incentive for three consecutive months within the fiscal year quarter will be entered in a Quarterly Prize Drawing for that quarter. The prize drawing will be a total of $200.00 in gift certificates, distributed among four prize winners ($50 each). Winners will be selected at random. Gift certificates will be facilitated and distributed by the Center for Environmental and Urban Studies.

3) Employees of Santa Monica College who are eligible to participate in the Sustainable Transportation Incentive Program include all academic and classified permanent employees.

4) A carpool consists of at least two or more people who shared the ride from point of origin to or from any SMC property for at least 60% of the trip.

5) If driving alone is utilized in conjunction with one or more sustainable modes of transportation to and from SMC then the employee can claim eligibility for that day only if the sustainable modes of transportation are used during at least 60% of the trip distance.

6) To claim a sustainable transportation subsidy and/or to be entered into the Quarterly Prize Drawing, the employee must log their commutes using the online system that can be reached through the SMC Center for Environmental and Urban Studies website: [www.smc.edu/ceus](http://www.smc.edu/ceus) Employees must use their SMC emails and enter Santa Monica College in the employer section.

7) Using the online system, employees are required to enter all work-related commutes and the total number of days worked at the College by the 10th of the following month.

8) Random fraud checks will be performed on a monthly basis by sending employee commute logs to immediate supervisors for approval. Any employee participating in the program automatically consents to this verification process.

9) Any employee who willfully provides false information on the commute log may be excluded from future participation in Santa Monica College sustainable transportation incentive programs.
