C. Academic Senate Joint Committees
   - Curriculum: Guido Davis Del Piccolo, Chair and Georgia Lorenz, Vice-Chair: SB 1440 Update. SMC has seven active Associate Degrees for Transfer, five are awaiting approval by the Chancellor’s Office; and two additional degrees will be submitted soon. Upon approval, the college will reach its original target goal of 13 Associate Degrees for Transfer.

   - Student Affairs: Karen Legg, Chair, and Esau Tovar, Vice-Chair: No report

D. Accreditation Update: Development of the self-evaluation is underway with broad participation by members of the college community. The Steering Committee is meeting weekly. Accreditation topics will be integrated into spring flex day in March. ACCJC has realigned its schedule so that multi-college districts will go through the process at the same time. The nine Los Angeles Community College Districts will be visited in Spring 2016, which causes SMC’s site visit to be postponed until Fall 2016. It was decided that the college will continue with the current schedule as if the visit would be in Spring. The advantage is that the college does not have to plan for the visit while writing and submitting the report.

E. ACUPCC (American College and University President’s Climate Committee): No report

F. Associated Students: Associated Students President Ali Khan and Vice-President Caitlin Corker: No report

V. Agenda

Public Comments: None

A. Update: President’s Title IX Task Force: The Task Force has met four times and will be meeting again on January 30th. So far, it has been gathering information related to sexual assault and sexual harassment, reviewing current policies related to students, and working closely with UCLA. In February, three staff members will be sent to training sponsored by the Federal government. In spring, the Task Force will be developing recommendations to submit to the Superintendent/President.

B. Winter and Spring Enrollment: There are 58 percent more credit sections offered this winter compared to winter 2014. FTES as of opening day was about 2014.5 at first census FTES was down to just under 1,751, which represents a decrease of about 15 percent. Last year the attrition from opening day to census was about 7 percent. There is definitely a softening of enrollment. At this point in the cycle for spring, enrollment is about 9 percent behind last year at the same time. The goal for Spring is 8,500 FTES. The District will increase targeted communications and outreach efforts to increase enrollment.
