The Institutional Effectiveness Committee is starting the process and plans to organize focus groups with students this semester. It was suggested that the discussion about this federal mandate should take place at DPAC and DPAC should decide how to implement it. Accordingly, the topic will be placed on the agenda for the next DPAC meeting.

D. Accreditation Update: Georgia Lorenz is the new Accreditation Liaison Officer and will be attending a training session at the CIO conference. The Steering Committee met in August and received reports from the Standard Committees. An accreditation workshop held on opening day was well attended. There will be an update of accreditation activities presented on flex day in March.

E. ACUPCC (American College and University President’s Climate Committee): The Environmental Affairs Committee continues to update its greening the curriculum website. The Energy Task Force is working on an energy management system for the student portal. The AQMD survey is coming and the college must achieve at least a 75% response rate. V. Agenda

Public Comment – None

A. Enrollment Update: It is week two of the Fall 2014 session, and first census is next week. The schedule is approximately two percent larger than Fall 2013. Enrollment at this point is about .6 percent behind this time last year. Adjustments in the offerings are still being made. The fill rate is about 93 percent.

B. I-Cubed Project Update: DPAC discussed the criteria used to consider the inclusion of innovative project/programs on the I-Cubed projects list. Innovative projects/programs must (1) relate to college priorities and planning instruments used to develop institutional objectives for the Master Plan for Education Update, and (2) be departmental (not individual) innovations that directly provide benefits to and improve services for students. It was agreed that the list should include a “status” column indicating if the project/program is a concept, in planning, implemented, institutionalized or deferred. The addition of the status of projects/programs addresses this year’s Institutional Objective #10. An updated list will be presented to DPAC at a future meeting.
VI. Adjournment: 4:08 p.m.

Meeting schedule through June, 2015 (second and fourth Wednesdays each month at 3 p.m.)
