<b>BOARD OF TRUSTEES</b>	<b>REGULAR MEETING</b>
SANTA MONICA COMMUNITY COLLEGE DISTRICT	February 1, 2011

**IV. SUPERINTENDENT'S REPORT**

- Updates

**Energy Savings Rebate Checks:** SMC received two energy reduction incentive rebate checks – one from Southern California Edison and one from Southern California Gas Company – totaling \$217,322. The checks, presented to the Board of Trustees, were given as a result of a 10-month project in which SMC retrofitted the control system for the 54 fume hoods in the Science Building that officials estimate will save the college \$1.5 million over the next 10 years. The project, which cost the college approximately \$175,000, is expected to pay for itself in about 1 1/2 years in utility cost savings.

**Budget:** Warning that SMC “may be in for a very rough road for the long haul” and that the budget situation is “getting kind of scary,” SMC administrators told the Board that projections for deep cuts in the 2011-12 state budget are prompting the college to look at many cost-saving measures. Some of the measures being considered are a hiring freeze, salary freeze, furloughs, layoffs, workload reductions, health benefit reductions, and retirement incentives. Although no decisions have been made, even under the best circumstances SMC faces an \$11 million deficit next fiscal year, reducing what had been robust reserves to a mere \$2 million. In the worst-case scenario, the college would operate in the red. The best-case scenario is based on Governor Jerry Brown’s proposed \$400 million cut to community college funding and a voter-approved extension to temporary tax increases. The worst-case scenario assumes that voters either will not have the opportunity to vote on the tax extensions or will vote them down.

**Student Services Building:** The college had hit a delay in getting final state approval for the Student Services Building (excavation of which is underway), but recently had a breakthrough and is now hopeful that a construction contract can be awarded in September. SMC officials met recently with officials from the Division of the State Architect to help them better understand what will be a “showcase building.” It is now expected that the project will be completed in May 2014.

**Management Association Report:** Management Association President Al Vasquez reported that the Management Association recently recognized two managers for long-term service: Director of Facilities Planning Greg Brown for 35 years and Vice President of Enrollment Development Teresita Rodriguez for 10 years.

**V. ACADEMIC SENATE REPORT** – Eric Oifer, President

MAJOR ITEMS OF BUSINESS

**INFORMATION ITEM G**

**SUBJECT:** **CALIFORNIA WORKS: JOBS IN RECYCLING AND RESOURCE MANAGEMENT**

**SUBMITTED BY:** Superintendent/President

**SUMMARY:** The Board of Trustees accepted the U.S Department of Labor Education and Training Administration's Community Based Job Training grant "California Works: Jobs in Recycling and Resource Management," (\$4.87 million) at its meeting on August 3, 2010. As the lead agency for the grant, SMC has contracted with three regional Workforce Investment Boards to provide recruitment, intake services, job placement and job retention services. The program will train and certify 660 students in the field of Recycling and Resource Management and place over 400 highly skilled professionals in rewarding green jobs with upward mobility. In this large collaboration (which includes Irvine Valley College and Golden West College), the Orange County Workforce Investment Board (OC WIB), Jewish Vocational Services (JVS) and Pacific Asian Consortium in Employment (PACE), will:

- Recruit participants to the program and raise awareness of career opportunities in the recycling and resource management industry
- Provide on-site campus intake services for all program participants and initial eligibility assessment and enrollment into WIA for unemployed, dislocated and incumbent workers participating in the program
- Facilitate access to WIA core and/or intensive services including Basic Skills Assessment, career advising, resume writing and interview skills
- Provide supportive services, including tuition reimbursement, child care and transportation assistance, and other basic support
- Track student progress and maintain case files for all participants
- Provide job placement services and track job retention status for six months to assure a successful transition to the workforce and progress through career ladders
- Provide monthly progress reports including expenses, and quarterly narrative and student data tracking through the Dept. of Labor online Performance At Work (PAW) Management Information System
- Participate in monthly partner planning and advisory committee meetings to assure CBJT grant program success

MAJOR ITEMS OF BUSINESS

**RECOMMENDATION NO. 3**

**SUBJECT:                    TRANSFER OF MANAGEMENT OF THE SANTA MONICA COLLEGE COMBINED TRUST ACCOUNT FOR RADIO STATION KCRW FROM SMCCD AUXILIARY SERVICES TO THE KCRW FOUNDATION**

SUBMITTED BY:            Superintendent/President

REQUESTED ACTION:    It is recommended that the Board of Trustees ratify the transfer of the management of the Santa Monica College Combined Trust Account for Radio Station KCRW from the District Auxiliary Services office to the KCRW Foundation, a 501(c)3 organization formed to provide support for the radio station. The KCRW Foundation has embarked on a multi-year campaign to raise funds for the radio station in connection with the new building scheduled to open by 2014. These funds will be used for the KCRW building costs, furniture, and equipment at the appropriate time.

SUMMARY:                Prior to 1978, the College’s radio station, KCRW 89.9 FM, was funded by a dedicated component of local property taxes as established by the SMC Board of Trustees. With the passage of Proposition 13, this property tax stream became no longer available. Through memberships and underwriting, the station has continued to operate.

The KCRW Foundation, a 501(c)3 organization, was formed in 1980 to assist with fundraising.

In addition, a trust account was established in the mid-1980s that has been managed by the District as an investment account. There have been no expenditures from this account. The funds in the account came from membership and underwriting donations to the radio station.

The amount of the Santa Monica College Combined Trust Account for Radio Station KCRW was \$4,228,085.45 on October 28, 2010.

District trust account funds are invested according to District investment guidelines under the direction of the Director, Auxiliary Services, reporting to the Vice-President, Business and Administration. While district investment guidelines are appropriate for the preservation of capital, they are generally considered too restrictive for the growth necessary to fund a program.

Transferring the management of the Santa Monica College Combined Trust Account for Radio Station KCRW to the KCRW Foundation places the funds in an appropriate investment program and provides a significant opportunity to leverage these funds as a component of the KCRW Foundation capital and endowment campaign.

The KCRW Foundation executive board, in approving this transfer, has committed the future use of these funds to KCRW building costs, furniture, and equipment at the appropriate time as needed. An agreement between the District and the KCRW Foundation regarding the use of funds will be implemented.

The KCRW Foundation investment guidelines are attached as Addendum B.

MAJOR ITEMS OF BUSINESS

**INFORMATION ITEM H**

**SUBJECT:**                    **EDUCATION AND OUTREACH AT THE BROAD STAGE**

**SUBMITTED BY:**            Superintendent/President

**SUMMARY:**

Nurturing the next generation of artists and audiences and broadening perspectives through the vitality of the arts both enriches and strengthens our community. The Broad Stage’s **Arts Insight** education and outreach series offers over 30 free and low-cost events seasonally and this year will engage over 10,000 area community members, each of whom may not otherwise have had access to the performing arts. These programs, across a range of disciplines, feature acclaimed cultural figures and world-renowned artists.

The program was established by a seminal \$250,000 grant from the Ahmanson Foundation for three years. Now that this period of support is over, the program draws on support from other foundations and government funding sources. Grants over the last 12 months exceed \$200,000.

The program includes **student matinees** in a context that reinforces classroom learning; **master classes** teaming up emerging artists with professional artists; **open rehearsals; lifelong learning lectures** and dialogue among artists and scholars offering perspective on Broad Stage performances; and **family and community events**, promoting shared cultural enhancements for all ages.

New this year are **in-school workshops** in preparation for student matinees through the Mash Up series featuring conductor Rachael Worby, the Angeli Ensemble, and spoken word poets Steve Connell and Sekou Andrews.

The program reaches a target area within a five-mile radius of The Broad Stage, which includes Santa Monica, Venice, Mar Vista, Culver City, Palms, Baldwin Hills, Ladera Heights, Inglewood, Westchester, and Lennox. This area has a population of 480,000, with 37% of residents speaking a language other than English at home.

More detail is provided in the attached report (see Addendum C) including a listing of community partners and activities to date for seasons two and three.

Arts Insight programming is generously supported by The Ahmanson Foundation, Edison International, Eisner Foundation, The Rosalinde and Arthur Gilbert Foundation, The Los Angeles County Board of Supervisors through The Los Angeles County Arts Commission, Mathewson Charitable Trusts, The Roth Family Foundation, The City of Santa Monica and the Santa Monica Arts Commission, SMC Associates, The Weingart Foundation, and Wells Fargo.

Speaking on behalf of the program was Thomas McKenzie, education and outreach coordinator and grant writer for the Broad Stage.

**RECOMMENDATION NO. 18-B**

**SUBJECT: RESOLUTION IN SUPPORT OF CALIFORNIA COMMUNITY COLLEGES BUDGET PRIORITIES AND PRINCIPLES**

It is recommended that the Board of Trustees adopt the following resolution in support of California Community Colleges Budget Priorities and Principles:

WHEREAS, California’s higher education system is in a crisis situation with insufficient resources at a time of record demand due to high school graduates and unemployed residents seeking retraining; and

WHEREAS, the Governor’s Proposed Budget seeks a balanced approach of making \$12.5 billion in spending cuts and asking the voters to extend temporary tax increases totalling \$12 billion for five years; and

WHEREAS, under the Governor’s Proposed Budget, California community colleges would face \$400 million in state general fund cuts; and

WHEREAS, without an extension of temporary tax increases, California community colleges could face \$900 million in state general fund cuts; and

WHEREAS, Santa Monica College District faces cuts of \$7,357,000 under the Governor’s Proposed Budget and \$16,594,000 if an all-cuts budget were to be adopted instead; and

WHEREAS, California’s locally elected community college trustees, together with their faculty, staff and students, are best able to decide where budget reductions can be absorbed while minimizing the impact on their communities; and

WHEREAS, “targeted” cuts at specific curriculum that cost colleges the least to offer will -- in addition to injuring students in transfer and career preparation programs -- require districts to reduce enrollment in higher-cost programs such as advanced technology and nursing; and

WHEREAS, California community colleges could mitigate state cuts and maintain essential student instruction and services if their local communities were able to approve parcel taxes to provide funds to replace reduced state General Fund revenues; and

WHEREAS, fee increases charged to community college students should protect the quality of instruction and student services; and

WHEREAS, policy and practice reforms to improve student success and motivate student behavior should be based on sound research implemented in a manner to allow students and institutions to adjust; now, therefore, be it

RESOLVED that the Santa Monica Community College District supports a balanced approach to budgeting, including the extension of temporary tax revenues to protect vital state programs along with budgetary cuts to bring California’s state budget into balance; and be it further

RESOLVED that the Santa Monica Community College District supports redirecting any amount of student fee revenue increase to reduce the proposed apportionment cut to protect the quality of student instruction and services; and be it further

RESOLVED that the Santa Monica Community College District opposes the proposal to distribute apportionment based on student

RESOLVED that the Santa Monica Community College District supports the right of California’s voters to be given the opportunity to allow local voters to approve parcel taxes with a 55% vote to backfill state budget cuts at community colleges; and be it further

RESOLVED that the Board of Trustees of the Santa Monica Community College District, by passage of this resolution, expresses its full support for the above principles and positions on the Governor’s Proposed Budget for the 2011-12 fiscal year.

**3. APPROVAL OF MINUTES – October 20, 2010**

Motion was made by Paul Leoni and seconded by Clarence Chapman to approve the minutes of October 20, 2010, as corrected.

Motion made by: Paul Leoni  
 Seconded by: Todd Flora  
 Unanimously approved

**4. INTRODUCTION OF NEW MEMBER**

Tiffancy Inabu was appointed by the Board of Trustees to serve as the student representative on the Citizens' Bond Oversight Committee.

**5. CONFLICT OF INTEREST FORMS**

Members were reminded to sign and submit their Conflict of Interest forms for 2011.

## **6. REPORTS and DISCUSSION**

### 2009-2010 Financial Audit and Performance Audit Reports

Chris Bonvenuto, Director of Fiscal Services, provided an overview of the 2009-2010 Financial Audit and Performance Audit Reports. The Auditor indicated that there were no instances of noncompliance in both audits and did not identify any exceptions or deficiencies.

Motion was made by Paul Leoni and seconded by Deborah Arvesen to accept without exception the 2009-2010 Audit Reports: *Unanimously approved.*

### Measure U, S and AA and Bond Sales Expenses Reports (reports included with agenda)

- Charlie Yen reported that the following clarifications suggested at the last meeting have been incorporated into the detailed oversight reports: All Reports include other funding amounts and sources; Measure S Reports shows Malibu - other expenses (Storm/Waste Water Treatment Center)
- The pie charts included on the individual project pages shows expenses to date. Most projects are in the planning stage, so the expenses for architects are the majority of expenses to date.
- The length of time for the Department of State Architect (DSA) to approve construction projects is unbelievably long at this time, about double what it should be. It is planned to start the construction phase on the Student Services project and the parking structure at the Academy of Entertainment and Technology this summer. The delay in DSA affects the sale of bonds, employment for construction projects and sequencing of projects.
- It was suggested that future expenditure/oversight reports indicate funds allocated versus funds appropriated.

### Bond Sales/Expenses Report

The Bond Sales/Expenses Report indicates total bond amounts, bond issue dates/amounts, unsold bond amount and total available as of January 1, 2011.

c. Provide an explanation on how the district intends to fund the salary and benefit increases, and also identify the revenue source/object code.

VI. Did the district have significant events for the quarter (include incurrence of long-term debt, settlement of audit findings or legal suits, significant differences in budgeted revenues or expenditures, borrowing of funds (TRANS), issuance of COPs, etc.)? **NO**

If yes, list events and their financial ramifications. (Enter explanation below, include additional pages if needed.)

VII. Does the district have significant fiscal problems that must be addressed? **This year? YES**  
**Next year? YES**

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.)

The District realized an operating deficit, excluding one-time items, in 2009-2010 of <\$1,567,597>. This deficit is projected to grow into a <\$5,016,414> operating deficit in 2010-2011, placing significant strain on the District's reserves. Other issues that must be addressed:

- 1) The Governor's proposed 2011-2012 budget will reduce the District's funding by <\$5,347,000>. Coupled with the current year projected deficit the District is facing a 2011-2012 deficit of at least <\$10,000,000> prior to any budget reduction being implemented.
- 2) The ever growing and extensive cash deferral mechanism in the State General Apportionment dispersal process has, and is expected to continue to, cause the District cash flow issues that may require borrowing and additional borrowing related expenditures.
- 3) The District is in negotiations with two of its three unions. Any increases in compensation will need to be funded from Fund Balance and would further increase the District's operating deficit unless equal reductions are also obtained.

KCRW FOUNDATION INVESTMENT GUIDELINES

**THE KCRW FOUNDATION INVESTMENT  
POLICY STATEMENT AND INVESTMENT PLAN**

**I. Purpose**

The purpose of this Investment Policy Statement is to set forth the investment goals and objectives for the investment account of the KCRW Foundation, along with certain procedures to be followed to achieve those objectives. This written Investment Policy Statement provides the framework for decision-making and is designed to provide continuity in the investment approach of the Foundation.

The investment account consists of excess liquid assets of the Foundation, which is defined to mean all liquid assets other than cash holdings equal to three months of Foundation projected operating expenses, which are held in a separate account at a commercial bank.

**II. Investment Goals and Objectives**

- A. The primary goal of the investment account is to preserve capital and achieve long-term growth of capital consistent with moderate risk. Closely related goals are to:
  - 1. Assure the safety of funds.
  - 2. Maintain sufficient liquidity to provide adequate and timely working funds.
  - 3. Attain a rate of return consistent with safety and liquidity considerations.
- B. The specific objective of the investment account is to achieve, on average, a total return of 1-2% in excess of inflation over a full investment cycle. This objective may be affected by the cash needs of the Foundation, such as for anticipated or unanticipated capital expenses, or to deal with a shortfall in annual fundraising.
- C. The investment time horizon is long-term; that is, at least ten years, and should match the Foundation's spending requirements and/or timing of other liabilities.

**III. Delegation of Authority**

- A. The governing body of the KCRW Foundation is the Board of Directors who are fiduciaries and are ultimately responsible for directing and monitoring the Foundation's investment assets. The Board has adopted, and each Director has signed, a Code of Conduct and Ethics that includes policies to avoid self-dealing or other conflicts of interest.
- B. The Board of Directors has delegated the direct management of and fiduciary responsibility for all investment assets to the Finance Committee of the Board.

- C. It is the policy of the Foundation to utilize professional management services for the investment of its assets. The Finance Committee is authorized to select one or more:
1. Investment consultants who advise on establishing investment policies, selecting and reviewing investment managers, monitoring and evaluating investment performance, and other tasks as deemed appropriate.
  2. Investment managers who have discretion to purchase, sell or hold specific securities that will be used to meet the Foundation's investment objectives.
  3. Custodians who maintain physical possession of securities owned by the Foundation and perform other custodial services as deemed appropriate.
  4. Additional specialists such as attorneys, accountants or others to assist the Board in meeting its fiduciary responsibilities to administer investment assets prudently.

The Finance Committee will follow and document a due diligence process in selecting such professionals, and the resulting contracts or service agreements will define in writing the parties' roles, duties and responsibilities.

Subject to Board approval, the Finance Committee will review and approve the compensation paid to all such investment consultants, managers, custodians or other specialists.

#### **IV. Authorized Investments**

- A. The investment portfolio should be of high quality and well diversified to avoid undue exposure to any economic sector, industry group or individual security. The portfolio will include an appropriate component of international holdings.
1. Short-Term Investments:  
The Foundation shall maintain a minimum of three months of projected operating expenses in short-term investments; i.e., cash, cash equivalents, or debt instruments with a maturity of not more than one year.
  2. Long-Term Investments:  
The investment objectives for the management of the Foundation's investments are to achieve growth of both principal and income over time sufficient to preserve or increase the purchasing power of the assets, thus protecting the assets against inflation according to the following priorities.
    - a) Consistency: Growth achieved in a reasonably predictable manner where fluctuations in market value are minimized.
    - b) Capital Protection: The achievement of a level of safety necessary to not only protect the principal but offset inflationary erosion.

- c) Capital Appreciation: The achievement of growth primarily through a portfolio of companies that have the potential to produce a rising stream of earnings and dividends, and through compounding of dividends and interest over time.
    - d) Liquidity: The ability to convert funds to cash.
  - B. The investment manager(s) appointed by the Foundation shall be given full investment discretion consistent with the objectives and annual spending policies outlined in the Investment Plan.
  - C. Asset Allocation: The general policy shall be to invest in both equity and fixed-income securities so as to provide a balance that will enhance total return while avoiding undue risk concentration in any single asset class or investment category. The Finance Committee may also authorize investments in additional asset classes as it deems appropriate to achieve diversification and meet the goals and objectives set out in the Investment Policy Statement. Such allocations shall be controlled by the percentage guidelines set forth in the Investment Plan.

## **V. Unauthorized Investments**

- A. Unless authorized by the Finance Committee, direct investments in the following asset classes are prohibited:
  1. Real estate (other than publicly traded REITS) and other tangible assets
  2. Commodities and futures contracts
  3. Private investments
  4. Options
  5. Hedge funds and other limited partnerships
- B. Derivatives: Since it is anticipated that new derivative products will be created each year, it is not the intention of this document to list specific derivatives that are prohibited from investment; rather it sets out a general policy on derivatives. Unless a specific type of derivative security is allowed in this document, the investment manager(s) must receive approval from the Finance Committee to include derivative investments in the investment portfolio. The investment manager(s) must present detailed information as to the expected return and risk characteristics of each such derivative investment.

## **VI. Investment Plan**

The Investment Plan ("Plan") is designed to achieve the goals and objectives of the KCRW Foundation's Investment Policy. The purpose of the Plan is to reflect both the intent and the practical application of the concepts set out in the Investment Policy Statement. The Plan shall address:

- A. Asset allocation of the Foundation's investment account:  
The Investment Plan is intended to serve as the structure for an investment program in accordance with the objectives of the Foundation. The Plan is

intended to offer the greatest opportunity for appreciation of assets while focusing on the preservation of principal. Accordingly, the asset allocation guidelines will be approximately as follows:

1. A range of 45 to 65% in Equities, including international equities.
2. A range of 35 to 50% in Fixed Income securities; primarily of investment grade..
3. A range of 0 to 10% in other asset classes that have been authorized by the Finance Committee.

As stated above, these are general guidelines, which the Finance Committee may modify from time to time. The Finance Committee will look to the appointed investment managers(s) for specific allocations within these general guidelines. The investment managers(s) shall have discretion to do what they feel appropriate consistent with the Investment Policy Statement and Investment Plan.

B. Spending and distribution policy:

The Investment Plan will include a spending projection based on the budget of the Foundation and the expected needs for distributions from invested funds. Unless approved by the Foundation's Board of Directors, total annual distributions may not exceed 5% of the total investment account.

C. Reporting and monitoring:

The investment manager(s) will prepare reports on at least a quarterly basis and submit them to the Finance Committee for review. Each quarterly report will include a summary of asset classes, material changes among asset classes or in the securities within an asset class, performance of each asset class relative to agreed-upon benchmarks, major factors underlying outperformance or underperformance, and any recommendations for portfolio rebalancing or other changes going forward. The investment manager(s) will assist the Finance Committee in its review and interpretation of quarterly reports, including the conformity of results with the Investment Plan. The investment manager(s) will also submit a report of all portfolio holdings at least once annually.

D. Rebalancing among asset classes and allocation of new contributions:

Because different asset classes will perform at different rates, the investment manager(s) will keep close scrutiny on the asset allocation shifts caused by performance. Accordingly:

1. The investment manager(s) will review the relative market values of the asset classes, whenever there is to be a contribution to the fund, net of spending and expenses, and will generally place new money under investment in the category(ies) which are the furthest below their target allocations.
2. To the extent that adequate re-balancing among asset categories cannot be effected via the allocation of new contributions, the investment manager(s) may re-direct monies from one asset class to another, if

necessary to maintain the asset allocations within the guidelines established by this Plan.

3. Re-balancing will be done at least annually, if the allocations are out of target ranges, or at other times by mutual agreement between the investment manager(s) and the Finance Committee.

E. Benchmarks:

For each asset class or relevant component of the Foundation's account, the investment manager(s) will propose, for the Finance Committee's approval, appropriate market indices or other quantitative benchmarks for measuring investment performance. Each quarterly report will then compare investment performance for each asset class or component managed by the investment manager, with the agreed-upon benchmark(s). Reports will also compare the performance of total Foundation assets under management with a composite benchmark that reflects the percentage holdings in each asset class or component.

## **VII. Periodic Evaluations and Reviews**

A. Investment Policy Review:

The Finance Committee shall review the Investment Policy Statement at least annually and, as appropriate, make reports and/or recommendations to the Foundation Board of Directors.

B. Investment Plan Review:

The Finance Committee shall receive quarterly investment performance reports and shall review the progress of the Investment Plan quarterly. If and as needed (e.g., to make material changes in the asset allocation or spending targets), the Finance Committee shall submit an updated Investment Plan to the Board of Directors.

C. Investment Manager Review:

The Finance Committee shall periodically evaluate the investment performance of each appointed investment manager relative to appropriate benchmarks, the performance of peer group managers, and the objectives set forth in the Foundation's Investment Policy Statement and Investment Plan. Investment performance should be evaluated from a long-term perspective, ordinarily defined as two-to-three years. Qualitative factors such as the manager's adherence to the guidelines established in the Investment Policy Statement and Plan, material changes in the manager's organization or personnel, and any legal or regulatory proceedings that may affect the manager, should also be considered.

GROWTH OF THE ARTS INSIGHTS EDUCATION AND OUTREACH PROGRAM

## **Growth of The ARTS INSIGHTS education and outreach program**

*ARTS INSIGHTS*, the Broad Stage education and outreach program, promotes the value and transformative power of the arts through five key initiatives. Most events are free, and when there is a charge, the ticket generally does not exceed a third of our average mainstage ticket cost.

- **Student Matinees** involve underserved K-12 school children, offering them access to professional performances in a context that reinforces classroom learning goals.
- **Master Classes** spotlight emerging artists who learn one-on-one from professional artists.
- **Open Rehearsals** offer a chance to behind-the-scenes with artists to see their creative process unfold before the curtain goes up.
- **Lifelong Learning Lectures** feature in-depth dialogue among artists, scholars, and cultural luminaries who offer deeper perspectives on performances at The Broad Stage.
- And, **Family and Community Events** promote shared cultural enrichment for all ages through high quality performances.

Since launching programming in 2008, *ARTS INSIGHTS* has served 17,000 participants. In 2008-09, 5,000 audience members were reached. This included 2,000 attendees to a free, pre-season series entitled *American Voices* that gave the venue its trial run. In 2009-10 this number leapt to 8,000 at 24 events. To date this season, 4,000 students of all ages have participated, and we expect to reach 10,000 by the end of the season. *ARTS INSIGHTS* program participants comprise nearly a quarter of the Broad Stage overall annual audience attendance.

Santa Monica College has been a major catalyst for program success. The resources and professional guidance offered by SMC personnel are invaluable. Faculty and administrators have participated in programs, appeared as panelists, and helped promote events. In return, SMC students have had the opportunity to participate and perform in *ARTS INSIGHTS* programs. Relationships with Theatre, Dance, Music, Film, and Earth Science Department personnel have been established and are strengthening.

To ensure that we reach the diverse residents of our neighboring communities, staff and board members formed an Outreach Committee. Two members of the SMC Trustees, Susan Aminoff and Nancy Greenstein, serve on this committee. We have defined a target area within a five-mile radius of The Broad Stage, and are deepening relations with community service institutions in the area.

This target area includes Santa Monica, Venice, Mar Vista, Culver City, Palms, Baldwin Hills, Ladera Heights, Inglewood, Westchester, and Lennox. Based on U.S. Census data gathered in 2000 and 2005, this area, had a population of 480,000, with 37% of residents speaking a language other than English at home. The median household income was \$51,406, with 16% earning less than poverty level wages. Ethnically, the region was 53% White, 30% Latino (of any race), 19% Black, 15% other, 8% Asian or Pacific Islander, 5% two or more races, and 1% American Indian. Through strategic partnerships, target marketing, and a range of programming with wide appeal, we are increasingly reaching the broad spectrum of residents who reflect the rich diversity of these communities. In addition, we are creating access for underserved communities in this area by covering transportation costs for groups that demonstrate need.

The pedagogical value of *ARTS INSIGHTS* programming is deepening by tailoring lesson-based study guides that accompany our Student Matinees to classroom goals. Each suggested lesson in the guide has easy-to-follow instructions and is designed to achieve objectives outlined in the California State Board of Education's standards for Visual and Performing Arts, and where applicable the English Language Arts, and History and Social Science standards.

We have also begun In-School Workshops in preparation for Student Matinees with the Mash Ups series. Mash Ups feature Conductor Rachael Worby, the Angeli Ensemble, and spoken word poets Steve Connell and Sekou Andrews reinventing *Carnival of the Animals*, *Peter and the Wolf*, and *Young Persons Guide to the Orchestra*. Prior to Student Matinees, students experience 20 minute presentations in their classrooms by Rachael Worby and professional musician accompanists (e.g. Lynn Harrell, Helen Nightengale, Eric Byers, and Christopher Ahn). These orientations prepare students and leave a lasting impression about the classroom as a creative learning environment.

The creation of the *ARTS INSIGHTS* program was helped by a seminal \$250,000 grant from The Ahmanson Foundation for 3-years of support. Now that this period of support is over, we are drawing on support from other foundation and government funding sources who share a vision for quality, learner-centered arts education and inclusive cultural programming. Grants supporting education and outreach programming at The Broad Stage in the last 12 months include:

<u>Donor</u>	<u>Amount of Award</u>
Eisner Foundation	\$100,000
Los Angeles County Arts Commission	\$49,100 (2-year grant)
Mathewson Charitable Trusts	\$25,000
Rosalinde & Arthur Gilbert Foundation	\$20,000
Roth Family Foundation	\$5,000
Santa Monica Cultural Affairs Division	\$4,000

### **Looking Ahead**

We plan to continue growing the number annual *ARTS INSIGHTS* participants. We will continue developing the infrastructure that supports project activity and deepening the pedagogical impact of the program. In the coming year, we will formally evaluate the specific demographic reach of our outreach efforts and measure the educational impact of activities for K-12 students. The results of this evaluation will help program management and be presented in funder reports.

## Community Partners

*Since October 2009, groups affiliated with each of these schools or organizations attended free education and outreach performances at The Broad Stage or Edye Second Space. Many also received transportation assistance.*
