APPENDIX A: 2010-2011 Grant Funded Projects

APPENDIX B: Curriculum

IV. SUPERINTENDENT'S REPORT

- Santa Monica Youth Resource Team: Oscar de la Torre introduced the Santa Monica Youth Resource Team and spoke about the work being done in the City of Santa Monica on youth violence prevention.
- Acknowledgements
 - Promising Outcomes Work and Exemplary Research (POWER) Award for Outstanding General Education Assessment: The Board acknowledged Christine Schultz, Chair of the Philosophy and Social Science Department, for her work to implement a new statewide process that addresses course student learning outcomes and core competency assessment. Her work resulted in SMC winning the Promising Outcomes Work and Exemplary Research Award for Outstanding General Education Assessment. A committee of student learning outcome experts and researchers from the Research and Planning Group and the Academic Senate of California Community Colleges judges this statewide competition.
- Management Association Update: Outgoing Management Association President Al Vasquez reported that Al DeSalles, Media and Reprographics Manager, was named 2011 Manager of the Year. He also reported that the 2011-2012 Management Association officers are Judy Neveau, president; Lisa Rose, secretary; Letty Kilian, treasurer; and Roberto Gonzalez, member-at-large, a newly created position. Board Chair Andrew Walzer presented Vasquez with a certificate of commendation for his one year of service as Management Association president.
- Graduation/Celebrate America: The graduation ceremonies in June were “a time of true emotion,” captured in a special video produced for SMC and uploaded on the SMC Alumni Association website (<http://alumni.smc.edu>). “Celebrate America,” SMC’s Independence Day festival held June 25th, was a huge success with attendance of an estimated 7,000 people.
- Updates:
 - State Budget: The 2011-12 state budget passed June 30th and signed by Governor Jerry Brown maintains, for community colleges, the funding cuts that were in Brown’s revised May budget - \$400 million reduction in apportionment, enrollment fee increase of \$10 per unit to \$36, \$129 million in cash deferrals, and a two-year extension of categorical funding flexibility. For SMC, that means a cut of \$6.1 million with an estimated loss of full-time equivalent students (FTES) of 1,358. However, further funding cuts could occur mid-fiscal year if actual state revenues do not meet the anticipated \$4 billion level. In the worst-case scenario, SMC would lose an additional \$1.5 million and 300 FTES.
 - GASB 54 Designated Reserve/GASB 45: There was a presentation on a newly established classification system for the budget’s general fund balance.

IV. SUPERINTENDENT'S REPORT *(continued)*

- Assembly Bill 515: AB 515, a bill that would allow community colleges to establish and maintain a fee-based extension program, has hit a roadblock in the State Senate but will be revived early next year. The legislation by State Assemblymember Julia Brownley of Santa Monica had earlier passed the State Assembly, but after a two-hour hearing in the Senate Higher Education Committee, proposed amendments to the bill were not acceptable to SMC or Brownley. SMC and College of the Canyons had sought the bill to provide a “bridge solution” to the severe budget crisis that is drastically reducing class offerings at community colleges statewide. Under SMC’s tentative 2011-2012 budget, the winter 2012 session is eliminated and replaced with an offering of 300 self-funded courses. But with the bill’s suspension, college officials say they will reconsider plans for the winter session.

BOARD OF TRUSTEES**INFORMATION**

Santa Monica Community College District

July 5, 2011

MAJOR ITEMS OF BUSINESS**INFORMATION ITEM G****SUBJECT: OVERVIEW OF 2010-2011 GRANT-FUNDED PROJECTS****SUBMITTED BY:** Superintendent/President

SUMMARY: In 2010-2011, SMC managed approximately \$6.2 million through 23 grant projects funded by local, state, and federal agencies, all of which are supportive of the college's mission. This included 11 new awards, valued at about \$10.8 million in total additional revenue over the next 3 to 5 years, with nearly \$3.5 million to benefit 2010-2011 directly. This total includes any project that is proposal driven, performance or outcome-based, and competitive. It does not include such categorically-funded programs as EOPS or Disabled Students Programs and Services. It also does not include VTEA, Tech Prep, or the various fee-for-service workforce training contracts awarded to Workforce and Economic Development.

In total, the college submitted 22 proposals to support the 2010-2011 academic year, achieving a success rate of 50 percent. While the majority of these grants were written by the Grants Office in collaboration with the programs and/or departments that would directly manage and implement them, the TRIO/Pico Office and the Office of Workforce and Economic Development were also actively involved in grant development and management. In fact, two of the largest grants awarded, Student Support Services and the Employment Training Panel grants, were written by the TRIO/Pico Program and the Office of Workforce and Economic Development, respectively. By working collaboratively with other departments across campus, the Grants Office is able to increase the overall number of grants submitted to support the college's mission and its students.

RECOMMENDATION NO. 2

SUBJECT: **LONG-TERM CARE INSURANCE PROGRAM**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees allow TransAmerica Service Group to offer a voluntary long-term care insurance option to benefit eligible full-time and part-time employees who work a minimum of 20 hours per week.

SUMMARY: A Voluntary Long Term Care Insurance Program (VLTCIP), vetted by the Collegewide Benefits Committee, will be offered to all full-time and part-time employees who work a minimum of 20 hours/week. Group discount rates will apply for all benefits-eligible employees. The District will not incur any cost for this insurance program; all costs will be borne by the employees who sign up for the insurance coverage. The Broker will meet individually with applicants to discuss their options prior to the end of the 90-day enrollment period. Program announcement and education efforts shall be via email, home mailing and on campus workshops.

It is anticipated that the enrollment period will begin August 25, 2011 and end mid-November 2011. Employees will make arrangements to pay for this coverage out of their own personal accounts. The effective date of insurance will be approximately four weeks after close of enrollment period.

CONSENT AGENDA: ANNUAL RECOMMENDATIONS

RECOMMENDATION NO. 4 2011-2012 ANNUAL CONTRACTS AND CONSULTANTS

Requested Action: Approval/Renewal of the following annual contracts for the period of July 1, 2011 through June 30, 2012, unless otherwise indicated.

For fiscal year 2011-2012, the District has budgeted a 15% reduction, which will bring the expenditures for annual contracts and consultants down to fiscal year 2007-2008 levels. During the past two years, the District has been successful in achieving projected savings in this category. Despite rising costs, expenditures for contracts and consultants have remained the same in 2009-2010 and 2010-2011.

These are primarily renewals of existing contracts. Several large contracts have been significantly reduced (eCollege) or suspended (KROQ, KPWR). A few new contracts are replacements of the provider for the same service in 2010-2011.

RECOMMENDATION NO. 6 RESOLUTION ADOPTING TRAFFIC AND PARKING REGULATIONS AND ESTABLISHING PENALTIES FOR VIOLATION

Requested Action: Approval/Ratification
Reviewed by: Campus Police
Approved by: Mike Tuitasi, Vice President, Student Affairs

WHEREAS , California Vehicle Code Section 21113 authorizes the governing board of a community college district to adopt regulations for driving, stopping, parking, or leaving standing any vehicle upon the driveways, paths, parking facilities, or grounds of any public school; and

WHEREAS, California Vehicle Code Section 40203.5 authorizes the governing board of a community college district to establish penalties for violations of its parking regulations;

Now, therefore, the Board of Trustees of the Santa Monica Community College District does resolve as follows:

1. The Traffic and Parking Regulations set forth in Exhibit 1 attached hereto are hereby adopted.
2. The Schedule of Parking Penalties set forth in Exhibit 2 attached hereto is hereby adopted.

COMMENT: The Santa Monica College Police Department requests, not only the parking fines to be increased reflecting the state imposed surcharges but also an additional \$2.50 dollars to cover the added expense associated with operating a newly created administrative review process conversion in a web based format.

Since 1993 the California State Legislature has increased the legislative surcharge three separate times totaling \$12.50. There is speculation that the State Assembly will approve yet another \$4.00 dollar increase before the end of the 2011 calendar year. During this time, the Santa Monica College Police Department has not increased District parking fines, absorbing the additional imposed surcharges resulting in less than cost effective citation management practices up to and including loss of revenue.

The new proposed fee schedule will allow for the Santa Monica College Police Department to support a needed structural operating mechanism in order to preserve a standard level of police and safety services to the college community.

Traffic and Parking Rules

It is important to understand that parking enforcement within the Santa Monica Community College District is a necessary part of the overall parking management system. Enforcement of parking rules at Santa Monica College is the responsibility of the SMC Police and Safety Services Department. Parking enforcement ensures that students and employees will have a reasonable opportunity for parking and that individuals without appropriate authority or who have parked in an inappropriate area will be cited.

The Santa Monica Community College District Police and Safety Department receives its authority to enforce traffic and parking regulations from the California Penal Code, the California Vehicle Code, and provisions established by the Santa Monica Community College District Board of Trustees.

Traffic rules and regulations were adopted by the Santa Monica Community College District Board of Trustees to facilitate vehicular movement and parking, while providing for the safety of all persons using the campuses.

The following regulations are enforced on all Santa Monica College campuses pursuant to Section 21113 of the California Vehicle Code.

Article I—General Traffic Regulations

SECTION 1:

No person shall fail to obey any sign or signal erected or maintained to carry out these regulations or the California Vehicle Code.

SECTION 2:

The driver of a vehicle shall yield the right of way to a pedestrian crossing the roadway.

SECTION 3:

No driver approaching from the rear of a vehicle which is yielding the right of way to a pedestrian shall overtake or pass that vehicle.

SECTION 4:

No person shall drive any vehicle in willful, wanton or reckless disregard for the safety of persons or property.

SECTION 5:

No person shall drive or ride a motor driven scooter, motorcycle, skateboard, roller skates, rollerblades or bicycle on any campus sidewalk.

SECTION 6:

No person shall walk on a campus road which is paralleled by a sidewalk.

SECTION 7:

No person shall drive or park a motor vehicle on any sidewalk, unpaved pathway, or on any lawn or landscaped area except emergency or maintenance vehicles.

SECTION 8:

No person shall drive his vehicle into campus parking areas except by using roadways and drive lanes, and all vehicles must travel in the direction of directional arrows in the parking lot drive lanes.

Article II—Speed Regulations

SECTION 1:

No person shall drive a vehicle at a speed greater than 15 miles per hour.

SECTION 2:

No person shall drive a vehicle at a speed greater than is reasonable or prudent.

Article III–Parking Regulations

SECTION 1:

All vehicles parked on the District property must display a valid SMC parking permit or have license plate registered with SMCPD unless they are parked in metered parking stalls or time controlled zones.

SECTION 2:

All vehicles must park with all wheels resting within the boundaries of the parking spaces as indicated by the painted lines or other markers.

SECTION 3:

All vehicles shall be parked facing into parking stalls. Vehicles backed into or facing out of parking stalls are illegally parked.

SECTION 4:

A vehicle parked at an expired pay-by-space stall or exceeding posted time zone restriction is subject to a citation.

SECTION 5:

Any alarm device or horn activated within the vehicle, whether continuously, intermittently or repeatedly activated for a period of twenty (20) minutes is subject to a citation. If no owner is located within twenty (20) minutes from the time of arrival of SMC Police personnel, and the horn or alarm device has not been completely silenced, the vehicle is subject to removal.

SECTION 6:

No person shall stop, park, or leave standing any vehicle, whether attended or unattended, except when necessary to avoid conflict with other traffic or in compliance with the directions of a peace officer or official traffic control device along the edge of any highway, at any curb, or in any location in a publicly or privately owned or operated off-street parking facility, designated as a fire lane by the fire department or fire district with jurisdiction over the area in which the place is located.

SECTION 7:

Painted curbs are an indication of restricted parking. Red Zone indicates no stopping, standing or parking, whether the vehicle is attended or not.

SECTION 8:

- a. The use, display or possession of any permit that has been marked upon in an improper manner or altered in any way is prohibited. The SMC Police may open the vehicle to secure the altered permit.
- b. The use, display or possession of a lost permit is prohibited. The SMC Police may open the vehicle to secure the lost permit.
- c. The use, display or possession of a stolen permit is prohibited. The SMC Police may open the vehicle to secure the stolen permit.

SECTION 9:

The use, display or possession of a counterfeit permit is prohibited. The SMC Police may open the vehicle to secure the counterfeit permit.

SECTION 10:

The zone in which a vehicle parks must be consistent with the parking privileges authorized by the parking permit displayed.

SECTION 11:

Current registration tags must be displayed or vehicle will receive a citation.

SECTION 12:

- a. Only those individuals who possess a valid disabled parking placard are authorized to park in disabled parking spaces.
- b. No person shall impede the access in or out of a designated disabled space or area.
- c. It is prohibited to park in the blue crosshatch at any time.

SECTION 13:

A person using a distinguishing placard issued or a special license plate issued shall, upon request of a peace officer or person authorized to enforce parking laws, ordinances, or regulations, present identification and evidence of the issuance of that placard or plate to that person, or that vehicle for which that plate was issued.

SECTION 14:

No person shall leave any vehicle on District property overnight for personal use or college business without proper authorization from SMC Police. Vehicles parked overnight must display a permit. For areas that utilize a permit less system, vehicles must have license plate registered with SMC Police.

SECTION 15:

No person shall abandon, or leave standing, any vehicle on the campus or college property for 72 or more consecutive hours. Vehicles left on campus over a prolonged period of time will be cited and will be towed.

SECTION 16:

Two license plates must be displayed at all times. Non-compliance will result in citation.

SECTION 17:

No person shall stop, park or leave standing any vehicle, whether attended or unattended, except in compliance with the directive of an officer or official traffic control device.

SECTION 18:

- a. No object may obstruct a license that may prevent clear visibility of license plate. Non-compliance will result in citation.
- b. A vehicle parked on campus that has the VIN number covered will result in citation.
- c. A vehicle that does not have a license plate, temporary operating permit, or temporary registration displayed will result in citation.

SECTION 19:

No person shall stop, park or leave standing any vehicle, whether attended or unattended, except when necessary to avoid conflict with other traffic or in compliance with the directive of an officer or official traffic control device.

SECTION 20:

Handbrake must be set at all times when leaving vehicle in parked position.

SECTION 21:

No person shall leave a bicycle lying on its side on any sidewalk, or shall park a bicycle on a sidewalk in any other position, so that there is not an adequate path for pedestrian traffic.

Article IV– Enforcement**SECTION 1:**

The Santa Monica College Police and Safety Department provides security, law and traffic enforcement for the Santa Monica Community College District.

Article VI–Fines

SECTION 1:

It is important that individuals who receive parking citations take appropriate action to either pay the fine or file an appeal through the SMC Police Office. Individuals who receive parking citations and neglect to pay appropriate fines may not be able to register their vehicles.

SECTION 2:

All complaints regarding parking enforcement should be directed to the SMC Police Headquarters for appropriate review and response through the appeals process.

Article VII– Appeals

SECTION 1:

Within 21 calendar days of issuance of a citation, pick up an Administrative Review Form in person at the Santa Monica College Police and Safety Services Department located at 1718 Pearl Street, and mail completed form to Parking Citation Service Center. After the appeal form is received, an Administrative Review Officer will review the appeal and decide whether to uphold or dismiss the citation.

Article VIII–Parking Permit Refunds

SECTION 1:

Parking fees can only be refunded in full for the first three weeks of the Fall and Spring semesters and for the first two weeks of the Winter and Summer sessions. The permit and receipt must be presented at the Auxiliary Services Office. Refunds will not be made for lost or stolen permits.

SMC Parking Violation Definitions

EFFECTIVE AUGUST 2011

On January 1, 2009, the California legislature passed Senate Bill 1407 that increases the Courthouse Construction Fund. The tax paid to the county from \$4.50 per citation to \$9.50 per citation for all citations issued in California.

On October 8, 2010, the California legislature passed Senate Bill 867 (Sen. Bill 857; Stats. 2010, ch.720.) that imposes a \$3 penalty on every fine for a parking infraction violation committed on or after January 1, 2011 (Government Code section 76000.3). Effective August 1, 2011, citation penalties will reflect this increase.

Section 21113a of the California Vehicle Code authorizes the College to issue parking citations and to establish penalty amounts.

Approved by: Jeff Shimizu, Vice-President, Academic Affairs
Mike Tuitasi, Vice President, Student Affairs

Provider: UCLA’s Center for Community College Partnerships (CCCP)

Term: June 1, 2010 – September, 30, 2011 (original contract expired September 30, 2010)

Amount: Not to exceed \$250,000

Funding Source: U.S. Department of Education/Asian American and Native American Pacific Islander-Serving Institutions (AANAPISI) Grant

Summary: This is an extension of the contract for the AAPIA project originally approved on May 4, 2010. One of the goals of the AAPIA Project, is to retain, graduate, and/or transfer program participants within three years. Major components of the project include: empowering learning through the development of smart classroom technology; support services and academic skills development for students; the development of an alumni association; and Asian American library resources.

The purpose is to plan and organize a two-year collaborative focusing on persistence, retention, and transfer of participants in the Asian American and Pacific Islander Achievement (AAPIA) Project. Activities include a six-day summer residential program as well as activities and events throughout the year. These activities are related to the following program objectives:

Provide advising activities for academic and career development to assist the participants in making successful and timely academic progress toward their education and career goals.

Provide cultural and diversity development activities to assist the AAPI and other low-income students in their personal growth and to increase college community understanding of cultural diversity.

The goal is to achieve transfer compatibility with the rate of the general college population for AAPI students who identify transfer as their specific educational goal.

Comment: The reorganizational recommendations above reflect broad reassignments of academic administrative duties and responsibilities to streamline administrative functions. The District's organizational hierarchy of academic administrator positions was reviewed and restructured to remove excessive layers of supervision, generate appropriate spans of control for supervisors; and to ensure internal equity. This is being accomplished by abolishing one position vacated through a retirement, leaving several other unfilled positions vacant, and reassigning essential duties of these positions to existing managers who are reclassified to handle additional duties. The estimated cost savings is equal to approximately 6.71% of the 2010-2011 projected unrestricted general fund expenditures for academic managers.

**RECOMMENDATION NO. 15 CREATION OF NEW BANK ACCOUNT –
STAFF PARKING FEE COLLECTIONS**

Requested Action: *Approval/Ratification*
Requested by: *Chris Bonvenuto, Director of Fiscal Services*
Approved by: *Robert G. Isomoto, Vice-President, Business/Administration*

Ratification of the creation of a new bank account with Union Bank for the purpose of receiving cash receipts from Staff Parking Fees. Signers on the account are Dr. Chui L. Tsang, Randal Lawson, Robert Isomoto and Christopher Bonvenuto.

Comment: Prior to the creation of this account, receipts related to staff parking were maintained in the General Auxiliary bank account with a variety of other receipts and transferred to the District. The creation of this account allows for more accurate and efficient processing of Staff Parking Fee receipts by maintaining the receipts in a District banking account separate from other revenues.

**RECOMMENDATION NO. 16 AMENDMENT TO AGREEMENT FOR CREDIT
CARD PROCESSING**

Requested Action: *Approval/Ratification*
Requested by: *Chris Bonvenuto, Director of Fiscal Services*

Provider: *Official Payment Corporation (OPS)*
Amount: *2.25% of charged or debited transactions*
Term of Contract: *Amendment: Contract extended until a new Request for Proposal RFP is developed and awarded in October, 2011.*
Summary: *Official Payments Corporation (OPS) is the District’s provider of credit card processing services. The contract with OPS expired December 31, 2010 and remains in effect until termination is issued by SMC. A Request for Proposal RFP is developed with an anticipated award date in July and fully integrated by October 2011. OPS has worked closely with District staff over the years to ensure smooth processing of online and telephone payments for both students and District. The evaluation process will include the vendor’s capability to provide PL/SQL based integration tools/API to ensure the seamless integration with our online enrollment transaction. Assessment will also include their security readiness, uptime and back office online tools.*

MAJOR ITEMS OF BUSINESS

INFORMATION ITEM G

SUBJECT: OVERVIEW OF 2010-2011 GRANT-FUNDED PROJECTS

In 2010-2011, SMC managed approximately \$6.2 million through 23 grant projects funded by local, state, and federal agencies, all of which are supportive of the college’s mission. This included 11 new awards, valued at about \$10.8 million in total additional revenue over the next 3 to 5 years, with nearly \$3.5 million to benefit 2010-2011 directly. This total includes any project that is proposal driven, performance or outcome-based, and competitive. It does not include such categorically-funded programs as EOPS or Disabled Students Programs and Services. It also does not include VTEA, Tech Prep, or the various fee-for-service workforce training contracts awarded to Workforce and Economic Development.

In total, the college submitted 22 proposals to support the 2010-2011 academic year, achieving a success rate of 50 percent. While the majority of these grants were written by the Grants Office in collaboration with the programs and/or departments that would directly manage and implement them, the TRIO/Pico Office and the Office of Workforce and Economic Development were also actively involved in grant development and management. In fact, two of the largest grants awarded, Student Support Services and the Employment Training Panel grants, were written by the TRIO/Pico Program and the Office of Workforce and Economic Development, respectively. By working collaboratively with other departments across campus, the Grants Office is able to increase the overall number of grants submitted to support the college’s mission and its students.

While the Grants Office strives for a success rate of 60 percent or greater, a success rate of 50 percent is disappointing. While there are many factors that one might attribute to this outcome, one of the greatest disappointments this grant cycle was the loss of funding from the Chancellor’s Office to support career/technical education and workforce development. In the Spring of 2010, SMC submitted four grants to the Chancellor’s Office as part of the annual distribution of career/technical dollars. Unlike years past, the Chancellor’s Office changed the distribution process of these funds and lumped all of these grants together, increasing competition while decreasing the total number of awards. Unfortunately, none of these grants was funded, which was not expected and a setback for the college. In years past, the college would normally have received at least one, if not more, of these grants, and this had an impact on the overall success.

However, while the college did not fare so well at the state level, it did achieve significant success at both the private and federal level as compared to years past. The following table identifies the success rate of the various funding sources pursued by the college to support the 2010-2011 academic year.

Source of Funds	Grants Submitted	Grants Awarded	Success Rate
Federal Govt.	11	6	54.5%
State Govt.	7	3	42.9%
Local Govt.	0	0	0.0%
Private	4	2	50.0%
Total	22	11	50.0%

One of the primary goals of the Grants Office is to assure that each grant submitted for consideration by a local, state, or national entity is aligned to one or more of the college's Institutional Learning Outcomes, Supporting Goals, and/or Strategic Initiatives. The following table provides a general overview of grants submitted and awarded to support 2010-2011 and their relation to institutional goals and objectives. Many of the grants submitted support more than one outcome, and thus the total adds to more than the number of awards.

TOTAL (duplicated)	6	3	16	7	28	15	50	25

In addition to supporting the Institutional Learning Outcomes, Supporting Goals, and Strategic Initiatives, all of the 2010-2011 grant funded projects address the Board of Trustee's Goal I: Educational Advancement and Quality. The following list provides a summary of 2010-2011 grant-funded projects and how they relate to Goal I: Educational Advancement and Quality. Corresponding Institutional Learning Outcomes, Supporting Goals, and/or Strategic Initiatives, as well as the annual award total, the funding source, and the principal investigator/project director, are also listed. It should be noted that many of these grants support more than one of these outcomes; for the purposes of this report, projects are listed under their primary area of emphasis.

Improve Student Achievement, with particular emphasis on Basic Skills and Student Retention

Basic Skills (these grants also support ILO #1 and #2 and the Basic Skills Strategic Initiative)

- Title V Math/English Cooperative Grant with El Camino College (\$700,000—shared with ECC, U.S. Dept. of ED): The purpose of this grant is to increase student success in pre-college math and English classes by improving instructional quality, student support resources, and faculty collaboration. (This grant ends September 30, 2011. The Project Team includes Fran Manion and John Quevedo from Math, Susan Sterr and Gary Todd from English, and Cynthia Lopez from Supplemental Instruction.)

Student Retention –U.S. Veterans

- **NEW for 2010-2011** – FIPSE Center of Excellence for Veteran Student Success (\$113,643, funded by the U.S. Department of Education): Through this grant, SMC will expand the capacity of SMC's emerging Veterans Resource Center to include tutoring, mentoring, on-site Financial Aid and Career Services workshops, transfer advising and collocated DSPS services. (This three year grant, which will continue through 2013, also supports ILO #1 and Supporting Goal 2. Linda Sinclair and John Scott comprise the Project Team.)
- **NEW for 2010-2011** – Veterans Resource Center Project (California Community Colleges Chancellor's Office/High Tech Center Training Unit): While this grant does not have a cash award, SMC will receive technical assistance and support from the High Tech Center Training Unit, including assistive technology and hardware, to support SMC's student veterans. (This grant also supports Supporting Goal 2. Linda Sinclair and John Scott oversee this initiative.)

Student Retention/Special Populations—Asian/Pacific Islander Students

- Asian American and Native American Pacific Islander Serving Institutions Program (\$1,027,702, funded by the U.S. Department of Education): This 2 year grant will work to increase the retention, graduation, and transfer of underrepresented Asian/Pacific Islander students through additional supplementary instructional support, increased use of technology in the classroom, and faculty and staff professional development. In addition the goal of this program is to increase institutional capacity in general so that the college is better able to more efficiently and effectively serve all students for many years to come. To that end, this project will help develop and Alumni Association under the leadership of the Santa Monica College Foundation. (This project also supports ILO #1 and 2. This grant ends September 30, 2011. Regina Jennings is the Project Director for the AAPIA Project.)

Student Retention/Special Populations—Low Income, First Generation Students

- **NEW for 2010-2011** – Student Support Services (\$290,515—U.S. Dept. of ED): This TRIO grant targets low income, first generation college students and provides them with the skills and resources that they need to successfully complete their SMC studies and transfer to a baccalaureate program. (This project supports ILO #1 and Supporting Goal 2. Roberto Gonzalez is currently serving as the Project Director for this program, which will continue through 2015.)
- **NEW for 2010-2011** – Child Care Access Means Parents in School (\$108,132—U.S. Dept. of ED): This grant provides child care assistance for low-income, Pell-eligible students enrolled at SMC so that low-income parents may continue to attend classes without worry over the care of their children. (This 4-year project also supports Supporting Goal 2. Jenny Trickey is the Project Director.)

- **NEW for 2010-2011** – CDC Works! (\$16,700, funded by the Foundation for California Community Colleges): The purpose of this grant was to provide supportive services and financial resources to assist Cal Works recipients as they pursue education and careers in Early Childhood Education. Unfortunately, this program was cancelled mid-year due to the state's financial woes; however, it is included here as a success and to recognize the efforts of Laura Manson, former chair of the Education/ECE, and Jenny Trickey from Student Affairs, in supporting the needs of their students. (This project also supported Supporting Goal 2.)
- Pico Partnership on the Move (\$153,750, funded by the City of Santa Monica): This continuing project provides instructional and student support assistance to low-income students from the Santa Monica-Malibu School District, specifically the Pico Neighborhood. (This project also supports ILO #1 and 2. SMC was recently awarded a new contract with the City of Santa Monica for the 2011-2012 academic year, expanding and enhancing the existing Pico Program. Roberto Gonzalez is the Project Director for the Pico Program.)

Student Retention/Special Populations—High School Outreach/College Prep and Access

- Upward Bound (\$250,000—U.S. Dept. of ED): This TRIO grant targets low-income, potential first generation college students from Venice and Crenshaw high schools, providing academic assistance, college planning and assistance, and counseling/mentoring support. (This project supports ILO #1 and 2. This grant will continue in 2011-2012, and the college is preparing to re-submit for a new 5-year contract in Fall 2011. The Project Director for Upward Bound is Bonita Cooper.)

Strengthen and Expand Workforce/Career Technical Education Programs (all of these grants support the CTE Strategic Initiative)

Multidisciplinary CTE Initiatives

- SB70 Career Technical Education Community Collaborative Project #1 (Chancellor's Office): This grant will increase awareness of new, emerging, and viable career pathways, enhance understanding of industry trends among counselors and educators, create a pipeline of future workers, and initiate actions that will result in higher perceived values toward career technical education, focusing on Green Technology, New Energy/Environmental Technology, Logistics, Allied Health, Entertainment Technology, and Information Technology. (This grant also addresses ILO #4. Tricia Ramos is the Project Director for this Collaborative.)
- SB70 Career Technical Education Community Collaborative Project #2 (\$399,890—Chancellor's Office): This grant will increase the effectiveness of CTE pathways from secondary to postsecondary systems, focusing on four key priorities: Increasing awareness of future career pathways, enhancing the understanding of industry trends, creating a pipeline of future workers, and initiating actions that result in higher perceived values toward CTE. This project will unite the region's educational and workforce development resources by focusing on six industry sectors, as well as Green initiatives and entrepreneurship, while enhancing student, teacher, and counselor knowledge of career technical education. (This grant also addresses ILO #4. Tricia Ramos also serves as the Project Director for this project.)

Green Technology

- **NEW for 2010-2011** – Community Based Job Training Grant (\$1,476,130, funded by the U.S. Department of Labor): Through this grant, SMC will partner with Irvine Valley College, Golden West College, and the California Resource and Recycling Association to develop an education and career path for individuals interested in recycling and resource management. This project will yield a nationally recognized curriculum that includes industry-approved certificates, state-granted educational certificates, and associate degrees. (This project also supports ILO #4, Supporting Goal 1, and Strategic Initiative 3. The project team includes Genevieve Bertone, Laina Long, and Tricia Ramos. This project will continue through 2013.)

- **NEW for 2010-2011** – Employment Training Panel (\$353,638, funded by the California Office of Economic and Workforce Development): The purpose of this grant is to provide training in green/clean technology as part of the Clean Energy Workforce Training Program in partnership with the California Energy Commission. (This one year grant also supports ILO #4, Supporting Goal 1, and Strategic Initiative #4. Tricia Ramos is the Project Director.)
- SB70 Workforce Innovations Project Grant (California Chancellor's Office): This project will expand and enhance SMC's CTE curriculum for the next generation of environmental and energy technologies in advanced transportation that will be used to build hybrid, plug-in hybrid, and electric vehicles. (This project also addresses ILO #4. This grant was set to end in 2010, but was carried over into 2010-2011. Tricia Ramos is the Project Director.)

Early Childhood Education/Education

- **NEW for 2010-2011** – Early Start Pathway (\$328,834, funded by Los Angeles Universal Preschool): The purpose of this project is to develop a 2+2+2 program in Early Childhood Education in partnership with SMMUSD and CSU Dominguez Hills with the intent to increase the number of qualified early childhood education professionals with a baccalaureate degree. (This grant is an expansion of a grant previously funded by LAUP, but reduced due to budget cuts. This new award is a five year award that will bring approximately \$1.6 million to SMC's ECE Program. This project also supports ILO #2 and Supporting Goal 1. Laura Manson is the principal on this project.)

Health Sciences (including Nursing and Allied Health)

- **NEW for 2010-2011** – Enrollment Growth for ADN to RN Programs (\$160,937—Chancellor's Office): The purpose of this grant is to increase student enrollment in SMC's Nursing Program by 15 students, including 10 students in the traditional program and 5 in the LVN advanced standing program, and improve student retention rates through an array of instructional and student support services. (This grant also supports Student Retention, ILOs #1 & 2 and Supporting Goal 2 and will continue through June 2012. Ida Danzey is the Project Director.)
- Funds for Allied Health Training Programs (\$100,000 – Governor's 15% Discretionary WIA Funds passed through the Chancellor's Office): This grant will expand the Respiratory Therapy Program by increasing enrollment capacity and providing targeted support to ensure student success. The grant will also help establish the Medical Lab Technician Program. (This grant ends in June 2011. Ida Danzey and Dawn Murphy lead project activities.)
- Specialty Nursing Program (\$111,008 – Chancellor's Office): SMC will work in conjunction with local health care providers and other institutions of higher education to offer a series of post-licensure courses for new, returning, and experienced nurses, as well as to recent graduates and second year nursing students, to provide skills in areas of specialty nursing, such as emergency room management, pediatrics, and geriatrics. (This grant ends June 2011. Ida Danzey and Dawn Murphy comprise the project team.)
- ADN to MSN Collaborative (Chancellor's Office): This partnership effort with CSU Dominguez Hills will establish an ADN to MSN educational pathway that will assist recent graduates, as well as already employed nurses, to pursue a Master's Degree in Nursing with an emphasis on Nurse Education, thus addressing the a need for additional Nursing faculty throughout the country. (This grant was supposed to end June 2010, but a no cost extension was granted to complete project activities. Ida Danzey is the Project Director.)

Entrepreneurship

- Small Business Development Center (\$300,000—Chancellor's Office/Small Business Administration): This project provides small business development services, such as business planning development, financial planning, workshops, and other individual assistance to new and emerging small business owners in west Los Angeles County. (This grant will continue in 2011-2012. Michelle King is the Project Director.)

STEM/Computer Science

- **NEW for 2010-2011** – Curriculum Improvement Partnership Award for the Integration of Research (\$147,362, funded by NASA): This project will strengthen STEM curricula, both at the career technical and transfer level, through a two-pronged interdisciplinary approach designed to raise faculty and student awareness of NASA's mission, programs, and career opportunities, while supporting the development of skills needed by the NASA workforce. Funds will support faculty externships and student internships at JPL and the development of new courses that will support NASA workforce needs. (This multi-year grant also supports ILO #1 & 2 and Supporting Goals 1 & 2. Jinan Darwiche is the Principal Investigator on this project.)
- **NEW for 2010-2011** – Community College Consortium to Educate Information Technology Professionals in Health Care (\$341,122, funded by the U.S. Department of Health and Human Services): Through this subaward with Los Rios Community College District, SMC will adopt nationally developed, modularized curriculum in support of the emerging Health Information Technology career sector and recruit and train more than 200 individuals for careers in Health Information Technology. (This grant, which will continue in 2011-2012, also supports Supporting Goal 1. Jinan Darwiche is the Project Director.)

Infuse Global Citizenship into Student Learning (these grants support ILO #3 and the Global Citizenship Strategic Initiative)

- Undergraduate International Studies and Foreign Language (\$88,500 – U.S. Department of Education): Through this project, SMC will further the efforts of the Global Citizenship Initiative, including the development of a Global Studies degree, creation of study abroad trips to Turkey and China, and increased campus involvement in activities that highlight the world's cultures and languages. (This grant is set to end August 2011, although SMC will request a no cost extension from the federal government to complete grant activities, specifically the evaluation of grant activities. Kelley Brayton and Georgia Lorenz are the Project Directors.)

Expand Performing Arts Center Program Offerings

SMC did not receive any grants through the Grants Office in support of the Performing Arts Center, although the Grants Office did assist the Theater Arts Department in successfully writing and submitting a Margin of Excellence grant to the SMC Foundation. This \$5,000 grant supported the purchase of new lighting equipment that mirrors what students will utilize in the workplace.

Use Data to Measure Institutional Effectiveness

SMC did not receive any grants to support Institutional Research directly. However, the Grants Office continues to allocate grant funds as appropriate to support grant-related research needs. Currently the majority of funded grants include a research component, and funds are set-aside to support that research either through the use of external consultants (including adjunct faculty) or internally through the Office of Institutional Research. One of the grants currently pending for the 2011-2012 academic year will fund a part-time research position.

STUDENT TRANSFER ACHIEVEMENT REFORM ACT (SB 1440)

What SB 1440 means for Santa Monica College

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) was signed by Gov. Schwarzenegger on September 29, 2010. The Curriculum Committee spent much time on the issues surrounding the meaning, potential impact, and implementation of this in regards to the SMC curriculum and our students.

The Curriculum Committee's interpretation of SBI440 is to facilitate transfer for students by creating Associate Degrees for Transfer (AA-T and AS-T) which indicate a completion of the lower division requirements for a major/area of emphasis. We do not see these degrees as "terminal" or "stand alone" Associate Degrees, as SMC's other degrees should be seen.

In constructing SMC's Associate for Transfer degrees, we looked at the lower division major requirements of all CSU campuses, in particular those of CSUN, CSULA, and CSUDH (which are the SBI440 relevant "local CSU" and the destinations of over 85% of our CSU transfers).

The Curriculum Committee's position is that our Associate for Transfer Degrees should not require more lower division coursework in the major/area of emphasis than is required by the CSU.

Several SMC faculty members provided feedback in the construction phase of the Transfer Model Curriculums (TMC) for various disciplines. Additional participation and advocacy on statewide and local committees has been done by Dan Nannini (Statewide Implementation Committee), Eric Oifer (Academic Senate Area meetings and statewide plenary), Estela Narrie (Region 7 Articulation Officers) and Guido Davis Del Piccolo (Faculty Discipline Review Group, Sociology) to name a few.

Mathematics AS-T

The discipline faculty and the Curriculum Committee approved a Mathematics AS-T based on the TMC. This degree has been approved by the CCCCCO.

Sociology AA-T in (Region 7 Alternatives to the TMC)

The discipline faculty and the Curriculum Committee were disappointed with the finalized TMCs in Psychology and Sociology as they each required lower division coursework in the discipline that is not required by the CSU. Therefore, in conjunction with the our Region 7 transfer destinations (CSUN, CSULA, and CSUDH) and other Region 7 Community Colleges (LACCD, Glendale, Pasadena, El Camino), we developed a "Region 7 Sociology AA-T" and "Region 7 Psychology AA-T" which require only the lower division courses in the discipline required by the CSU. The Region 7 CSUs agreed, in writing, to accept our Region 7 Sociology AA-T and our Region 7 Psychology AA-T (forthcoming) as they have agreed to accept the AA-Ts based on the TMCs. The Sociology AA-T has been submitted for approval to the CCCCO.

AS-T in Chemistry and AA-T in Political Science

The discipline faculty and the Curriculum Committee have also approved a Chemistry AS-T (based on the TMC) and a Political Science AA-T (not based on the TMC).

Local Requirements (Global Citizenship) and SB 1440

Associate Degrees for Transfer must be free of any "Local Graduation Requirements". Therefore, SMC's Global Citizenship Degree Requirement does not apply to any Associate Degree for Transfer. However, the Global Citizenship requirement continues to apply to all other Associate Degrees.

CAREER TECHNICAL EDUCATION

Bridging the Disciplines: Transfer and CTE

In the area of Career Technical Education (CTE), the Curriculum Committee did a significant amount of work developing and revising curriculum as well as helping to create a bridge between our traditionally "transfer-focused" areas and our "vocationally-focused" areas. This bridging is most apparent in the development of our Medical Laboratory Technician (MLT) curriculum and our Recycling and Resource Management program (RRM).

Medical Laboratory Technician (Life Science)

Acting as the lead faculty member from SMC, Valarie Narey worked in conjunction with local area hospitals to develop 4 courses (16 units) for a forthcoming Medical Laboratory Technician degree and certificate. This program represents a valuable bridge between our traditionally transfer-oriented Life Science faculty and curriculum and a new CTE opportunity. The four courses include:

- MLT 1: "Introduction to Clinical Laboratory Profession" (1 unit, CSU)
- MLT 2: "Hematology, Coagulation, Urine and Body Fluid Analysis" (5 units, CSU)
- MLT 3: "Blood Banking and Immunology" (5 units, CSU)
- MLT 4: "Clinical Chemistry" (5 units, CSU)

Recycling and Resource Management (Earth Science)

Another bridging was accomplished through the work of our Earth Science department, led by Vicki Drake, and our Sustainability Coordinator, Genevieve Bertone. In collaborating with faculty at Irvine Valley College and Golden West College, as well as industry partners, we designed an Associate Degree and Certificate of Achievement in Recycling and Resource Management. This is part of a major Community-Based Job Training Grant by the Department of Labor involving emerging "green occupations" and it is meant to become a national model for a credit-based certification program. The program also reflects our general commitment to environmental and ecological responsibility. The new core courses in this program are:

- RRM 1: "Introduction to Resource Management" (CSU; Global Citizenship)
- RRM 2: "Culture and Zero Waste" (CSU)
- RRM 3: "Resource Management and Zero Waste for Communities" (CSU)
- RRM 4: "Resource Management and Zero Waste in Business" (CSU)

Also noteworthy in this regard is a change the Curriculum Committee made to our Ecological Literacy category of the Global Citizenship Degree Requirement. We have added a 4th option (practical application of environmental technologies) through which a course may qualify for the Global Citizenship designation. As a result of this change, RRM I was approved as a course which can satisfy the Global Citizenship requirement.

Keeping up with Technological Changes

The Curriculum Committee approved some significant revisions in our Animation Certificate of Achievement and Degree as well as new Department Certificates in the area of Entertainment Technology. New courses developed in this area include:

- ET 17: “Advanced 3D Level Design” (CSU)
- ET 25C: “3D Rigging” (CSU)
- ET 26: “3D Rendering” (CSU)

Course revisions include:

- ET 13: “2D Game Prototyping” (formerly “Game Prototyping”)
- ET 15: “Beginning 3D Level Design” (formerly 3D Game Prototyping”)
- ET 18: “Advanced 2D Animation” (formerly “2D Animation II”)
- ET 19A: “Beginning 2D Animation” (formerly “2D Animation I”)
- ET 19B: “Beginning 2D Animation” (formerly “2D Animation II”)
- ET 23: “2D Character Animation” (formerly “Character Animation”)
- ET 25: “3D Modeling” (formerly “3D Modeling and Rigging”)
- ET 72: “Career Development” (formerly “Career Exploration”)

New/Revised Department Certificates:

- 2D Animation (new)
- 3D Animation (new)
- 3D Modeling (new)
- 3D Rendering (new)
- Game Design (revised)
-

In addition the CSIS department developed two new courses which will give students important skills related to development for mobile devices.

- CIS 65: “Flash Catalyst” (CSU)
- CS 86: “Android Development” (CSU)

Revised Business Certificates

The discipline faculty of Business brought forward revisions to many of the Business Degrees and Certificates of Achievement. The revisions involved making the “core” of each more relevant to the area of study. The following Certificates and/or Degrees were revised:

- Business Administration (Associate Degree)
- Entrepreneurship (Certificate of Achievement)
- International Business (Certificate of Achievement)
- Logistics (Certificate of Achievement & Associate Degree)
- Management/Leadership (Certificate of Achievement & Associate Degree)
- Marketing (Certificate of Achievement)
- Merchandising (Certificate of Achievement & Associate Degree)

Coaching Certificate

The Kinesiology/Physical Education faculty took proactive measures to reshape the field's curriculum in the face of potential apportionment reductions from the state for "activity courses" and created a new Athletic Coaching Certificate. This Certificate will be presented to the Los Angeles/Orange County Workforce Development Leaders (LOWDL) in the next cycle. As part of this certificate, three new courses were also created:

- Kinesiology Professional Course 7: "Coaching of Soccer" (UC-pending/CSU)
- Kinesiology Professional Course 8: "Coaching of Basketball" (UC-pending/CSU)
- Kinesiology Professional Course 9: "Coaching of Volleyball" (UC-pending/CSU)

Broadcasting: Promo Pathways

The Promo Pathway program (not yet approved) developed out of a partnership between SMC's Communication Department, led by Frank Dawson, and the South Bay Center for Counseling. The program is the first of its kind in the nation. It has sparked innovation and course development in Broadcasting leading to two new courses:

- Broadcasting 20: "Introduction to Writing and Producing Short-Form Media" (CSU)
- Broadcasting 21: "Short-Form Visual Media Production" (CSU)

Revised Journalism Associate Degree and Certificate

The discipline faculty of Communications brought forward revisions to the Journalism Degree and Certificate of Achievement. The revisions involved "modernizing" the area of emphasis given the expansion of online experiences.

- Journalism (Certificate of Achievement & Associate Degree) (revised)

NEW PROGRAMS, IDEAS, APPROACHES, AND COURSES

Public Policy: New Program

Through the efforts of an interdisciplinary team of faculty led by Richard Tahvildaran-Jesswein, SMC's Public Policy AA and Certificate of Achievement were developed. This academic outcome of the Public Policy Institute represents a local interest and need, while simultaneously preparing students well for transfer into fields related to Public Policy. Central to this new program are two new courses:

- Political Science 31: "Introduction to Public Policy" (UC & IGETC-pending/CSU)
- Political Science 95: "Public Policy—Experiential Learning" (UC-pending/CSU)
-

English Basic Skills: New Idea

As a result of unrelenting research and efforts by both the Basic Skills Committee and the English Department faculty, a new approach will be launched in the hopes of streamlining the pathway from "C-level English" to "transfer level English". English 85 (C-level) is a new 5-unit course combining both reading and writing. English 20 (B-level) is also 5-units and has a similar joining of reading and writing. It is hoped that as a result of these two new courses, students will move from the C-level to English I in a more speedy and successful manner. The success of combining reading and writing has been demonstrated through the experimental efforts of faculty member Ed Markarian. The new courses are:

- English 85: "Reading and Writing 1" (intended to replace ENGL 81A & 83A)
- English 20: "Reading and Writing 2" (intended to replace ENGL 21A & 22)

Emeritus: New Approach

The Curriculum Committee approved 10 New Noncredit Courses for the Emeritus College. Being proactive in a climate of potential reduced apportionment for “activity courses”, the Emeritus College (through the work of Ron Furuyama and Erica LeBlanc) revised the curriculum of several of our more popular Emeritus courses to demonstrate their academic basis and importance in the area of health and safety. All of the courses submitted have been approved by the CCCCCO. One additional course will be submitted for approval this summer.

- Health E30: “Fall Prevention for Older Adults” (CCCCO approved)
- Health E34: “Stress Reduction for Older Adults” (CCCCO approved)
- Health E38: “Joint Health and Mobility for Older Adults” (CCCCO approved)
- Health E63: “Stroke Recovery for Older Adults” (CCCCO approved)
- Health E21: “Yoga Health and Safety Principles and Practices for Older Adults” (CCCCO approved)
- Health E22: “Chi Gong Health and Safety Principles and Practices for Older Adults” (CCCCO approved)
- Health E23: “T’ai Chi Health and Safety Principles and Practices for Older Adults” (CCCCO approved)
- Health E24: “Physical Fitness Principles and Practices for Older Adults” (CCCCO approved)
- Health E25: “Strength and Stamina Training Principles and Practices for Older Adults” (CCCCO approved)
- Human Development E26: “Healthy Aging for Older Adults” (to be submitted to the CCCCCO after Board approval)

New Courses

In addition to those previously mentioned, the Curriculum Committee approved the following new courses:

- Dance 75 / ECE 75: “Dance for Children: Creative Dance in the Pre-K and Elementary Classroom” (CSU)
- Energy 02: “Residential Building Science” (CSU)
- Film 33: “Directing the Short Film” (UC-pending/CSU)
- Philosophy 20 / Environmental Studies 20: “Environmental Ethics” (UC & IGETC-pending/CSU; Global Citizenship)
- Psychology 40 / Environmental Studies 40: “Environmental Psychology” (UC/CSU; IGETC/CSUGE-pending; Global Citizenship)
- Turkish I: “Elementary Turkish” (UC/CSU; IGETC/CSUGE)

PROGRAM REVIEW

The Curriculum Committee reviewed the revisions/updates submitted by the Departments who went through the Program Review process. Most of our departments did an outstanding job in updating their curriculum. These departments include:

- Earth Science
- English
- Mathematics

The ESL and CSIS Departments should also be recognized for their diligence in maintaining up-to-date curriculums.

A LOOK AHEAD

- We have submitted the following degrees and certificates to the CCCCCO and are awaiting final approval:
 - Global Studies (Certificate of Achievement and Associate Degree)
 - Public Policy (Certificate of Achievement and Associate Degree)
- We have been working with CurricUNET to prepare for full implementation of the online program sometime in the Fall of 2011.
- We expect more developments surrounding SB 1440.
- We will be exploring the ramifications of relying solely on “content review” as an option in the justification of prerequisites.
- We expect to continue our work with the Emeritus College in the hopes of preserving this valuable service to our community.
- We hope to continue our “pro-active” approach toward curriculum as well as promoting and facilitating a collaborative and interdisciplinary approach to our work.
