BOARD OF TRUSTEES	REGULAR MEETING
SANTA MONICA COMMUNITY COLLEGE DISTRICT	April 3, 2012

IV. SUPERINTENDENT’S REPORT

- State Budget: In a recent poll conducted by USC and the LA Times, Governor Brown’s revised tax proposal received strong support from voters at nearly a two-thirds approval rating. Sixty-four percent of those surveyed said they supported the Governor’s measure. The measure would hike state sales tax by a quarter-cent per dollar for the next four years and create a graduated surcharge on incomes of more than \$250,000 that would last for seven years. The second tax initiative, which is sponsored by attorney Molly Munger, received support from thirty-two percent of those polled.

If the Governor’s tax initiative does make it to the ballot and pass in the coming November election, there is still a fair amount of concern that education may not benefit beyond what the state law already requires. However, what is certain is that the Governor’s budget proposal for 2012-2013 includes another set of mid-year “trigger” cuts should the tax initiative fail. The net amount of the cuts for the community colleges would be approximately \$300 million. For SMC, it would mean a cut of over \$5 million. Next month, the Governor will submit his May Revise of the budget for 2012-2013.

This current year, SMC has experienced a reduction in state funding of over \$11 million. Because SMC entered the year with a \$22 million reserve, the college has been able to survive the worst funding year for California community colleges in history. In fact, SMC has continued to offer Summer and Winter intersessions, in addition to its regular Fall and Spring semesters, when other community colleges have not. SMC has consistently served more students than it has been funded for by the State. However, the depth and length of the State’s financial crisis, is requiring the college to look seriously at changing the way it operates. In looking to a very uncertain future, the coming year will be probably the last year that the college will be able to mitigate a large portion of the effects of the budget crisis with its reserves. We must plan to eliminate its operating deficit and to maintain, at a minimum, the Chancellor’s Office recommended reserve. Based on current figures, \$9 million needs to be eliminated. To achieve this, everything is on the table, including a strict hiring freeze, elimination of the winter session, reduced funding for services and maintenance, salary reductions and other cost saving measures.

The third quarter budget report, which will provide a good estimate of the ending fund balance for 2011-2012, will be presented at the May Board of Trustees meeting. Also, in the next two months, the District will be reviewing budget assumptions and scenarios in preparation for the June meeting, at which time the tentative budget for 2012-2013 will be presented for Board approval.

MAJOR ITEMS OF BUSINESS

RECOMMENDATION NO. 1

SUBJECT: **CONTRACT FOR PROMOTION-EDITOR CERTIFICATE AND DEGREE (PROMO PATHWAY) PROGRAM**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following contract for the Promotion-Editor Certificate and Degree (Promo Pathway) Program.

Title of Contract: **Promotion Editor Certificate and Degree (Promo Pathway) Contract Education**

Organization: South Bay Center for Counseling

Requested Funding: \$299, 867 (Fiscal years 2011-2012 and 2012-2013)

Performance Period: February 7, 2012 - August 31, 2013

Summary: SMC will provide contract education to the South Bay Center for Counseling to provide the following services on this project: complete the Promotion-Editor (Promo) course curriculum; complete the 27-30 unit Promotion-Editor Certificate of Achievement; develop a new AA degree in Broadcasting to include a pathway for the Promo Certificate; develop contextualized curriculum; provide instruction, internships, books, and materials for a 25 student cohort. All student fees are to be included. The creation of this program is driven primarily by the television industry who has determined a need for merging separate jobs into one career track and offering unique employment opportunities to under-represented students to enter the technical-marketing field of television.

Budget:	Revenue	
	8800 Local Revenue	\$299, 867
	Expenditures:	
	1000 Instructional Salaries	\$140,000

Santa Monica Community College District

Vision, Mission, and Goals

**Santa Monica College: Changing Lives in the Global Community
Through Excellence in Education**

Vision

Santa Monica College will be a leader and innovator in learning and achievement. As a community committed to open dialog and the free exchange of ideas, Santa Monica College will foster its core values: knowledge, intellectual inquiry, research-based planning and evaluation, academic integrity, ethical behavior, democratic processes, communication and collegiality, global awareness, and sustainability.

Mission

Santa Monica College provides a safe and inclusive learning environment that encourages personal and intellectual exploration, and challenges and supports students in achieving their educational goals. Students learn to contribute to the global community as they develop an understanding of their relationship to diverse social, cultural, political, economic, technological, and natural environments. The College recognizes the critical importance of each individual's contribution to the achievement of this mission.

Santa Monica College provides open and affordable access to high quality associate degree and certificate of achievement programs and participates in partnerships with other colleges and universities to facilitate access to baccalaureate and higher degrees. The College's programs and services assist students in the development of skills needed to succeed in college, prepare students for careers and transfer, and nurture a lifetime commitment to learning.

Goals

To fulfill this mission, Santa Monica College has identified the following Institutional Learning Outcomes and supporting goals.

Institutional Learning Outcomes:

Santa Monica College students will:

- Acquire the self-confidence and self-discipline to pursue their intellectual curiosities with integrity in both their personal and professional lives
- Obtain the knowledge and skills necessary to access, evaluate, and interpret ideas, images, and information critically in order to communicate effectively, reach conclusions, and solve problems.
- Respect the inter-relatedness of the global human environment, engage with diverse peoples, acknowledge the significance of their daily actions relative to broader issues and events.
- Assume responsibility for their own impact on the earth by living a sustainable and ethical life style.

Supporting Goals

Innovative and Responsive Academic Environment

- Continuously develop curricular programs, learning strategies, and services to meet the evolving needs of students and the community

Supportive Learning Environment

- Provide access to comprehensive student learning resources such as library, tutoring, and technology
- Provide access to comprehensive and innovative student support services such as admissions and records, counseling, assessment, outreach, and financial aid

Stable Fiscal Environment

- Respond to dynamic fiscal conditions through ongoing evaluation and reallocation of existing resources and the development of new resources

Sustainable Physical Environment

- Apply sustainable practices to maintain and enhance the college's facilities and infrastructure including grounds, buildings, and technology

Supportive Collegial Environment

- Employ decision making and communication processes that respect the diverse needs of the entire college community

INFORMATION ITEM G

SUBJECT: SANTA MONICA COLLEGE SUMMER 2012 PROGRAMS

SUBMITTED BY: Superintendent/President

Staff will report on the different classes that Santa Monica College will be offering in Summer 2012: State Funded classes, self-funded classes through the Advance Your Dreams Program, and other collaborations.

State-Funded Classes

Many local colleges are reducing or eliminating their summer sessions. Santa Monica College is adding to its summer session in order to keep students on track towards their goals. Over 700 regular class sections are being offered.

Self-Funded Classes (Advance Your Dreams Program) – NEW

Across California, even as demand has dramatically increased, the State has reduced the number of seats available at both the four-year universities and the community colleges. As a result, many students are unable to make progress towards their goals or even in some cases unable to start their higher education pathway. To assist these students, Santa Monica College has contracted with the Santa Monica Career and Transfer Alliance, a nonprofit corporation, to provide additional courses at cost for continuing and new Santa Monica College students and students from other colleges and universities.

- Grades appear on the SMC transcript; courses are taught by SMC Faculty; classes are held on SMC campuses or through SMC Online
- Apply through the regular SMC website; enroll through a special Santa Monica Alliance website
- California residents typically pay \$540 per class. Some classes require higher fees due to additional hours of instruction. Financial aid and scholarships are available.
- Nonresidents typically pay \$840 per class. Some classes require higher fees due to additional hours of instruction.
- Enrollment begins in May 2012
- Additional classes will be added if needed, depending on availability of instructors and classrooms

Other Collaborations

- Cal Arts
- Otis College of Art and Design
- Santa Monica-Malibu Unified School District
- UCLA Extension Classes at Santa Monica College

The VRC hosted campus tours to UCLA, USC, and Loyola Marymount for veterans that are soon to transfer. The VRC has also increased the free psychological counseling available at the center from 1 to 3 days a week. In addition to assisting veterans who are making the transition from military to academia, the VRC has conducted 5 VET NET ALLY workshops bringing awareness about unique veteran issues at the community college level to over 210 staff and faculty members. The VRC with the help of the Veterans Club raised over \$1,200 at the SMC Foundation Bowl-a-Thon on March 24, 2012. To bring more resources to the VRC, the VA has agreed to have a representative available on Mondays so students can drop in to ask questions about their VA benefits.

VA Representative: Daniel Anderson, United States Army, OIF/ OEF Veteran, Lorena Brothers United States Air Force OEF/ OIF veteran.

President's Ambassador Program

The Presidents' Ambassadors Program was established in fall 2009 to provide additional opportunities for Santa Monica College students to get involved in college life at SMC. It is a component of the Student Life Department. It is financially supported by the Associated Students (uniforms and service scholarships) and the SMC Foundation (service scholarships and annual pinning ceremony). The annual budget is approximately \$4,000.

A diverse team of ten exemplary and experienced students serve as service ambassadors to the college. These student agents of the college represent the Associated Students and the college president. Students are required to participate in a day-long training program before performing service. They are also required to attend mandatory trainings and meetings throughout the year.

The students are selected through an application and interview process. The application packet includes two letters of recommendations from college staff and an essay. The selection committee is composed of the current and incoming Associated Students presidents and a variety of college staff members who frequently request their services. Each ambassador is eligible to receive a service scholarship at the end of each semester. They earn \$12 per hour.

Following are examples of service activities:

- Campus tours
- Outreach to students such as, telephone conversations with potential and new students
- Assist outreach counselors
- Meet and greet staff and guest during college events
- Assist staff during a variety of campus activities such as Flex Day, VIP Welcome, SMC Foundation and Public Relations VIP events
- Assist the International Education Center staff with activities related to international students.
- Assist A.S. with events such as outreach activities, Homecoming and Club Row
- Interact with community representative such as the General Advisory Board
- Promote College life and academic excellence

12-B AGREEMENT FOR ARCHITECTURAL SERVICES – MODULAR OFFICES AND CLASSROOMS

Agreement with MORRIS ARCHITECTS not to exceed \$92,000 plus reimbursable expenses for architectural and engineering services for the Modular Offices and Classrooms project.

Funding Source: Measure AA

Comment: During 2012 and 2013, the District will begin several major construction projects funded by the bond program and will also gain the use of 919 Santa Monica Boulevard. The projects that result in the need for relocations are the Information Technology project on the main campus and the reconstruction of the Academy of Entertainment and Technology site (AET). There is little or no existing space available either at the main campus or the AET site to relocate staff or classes.

The Information Technology project will be constructed on the site of the Library Village, which is a temporary structure. All tenants of the Library Village, which is located just south of the Library/Media Center, will need to move before the end of the calendar year. There are about 30 faculty and staff members who need to be relocated from the Library Village, including the Career Center and the Scholars Program. Without available permanent office space on the main campus, the plan is to bring in at least two portable office buildings to provide housing for the people and programs displaced.

As part of the reconstruction of the AET campus, there will be a new academic building and a new building for radio station KCRW. Once the new buildings are completed, the existing building will go under an extensive renovation. During the renovation some classes, along with faculty and staff, will move into the new building. However, the new building is not large enough to handle all the relocations so additional temporary facilities are required.

The original plan was to place temporary facilities at the east end of the Olympic Shuttle Lot on Stewart Street, but the cooperative arrangement with the City and the MTA asked the college to turn over the lot for construction of a light rail maintenance facility. In turn, the college will obtain land at the Airport, but that site will not be available in time. Because of this, the District will be requesting permission from the City to place some portable classroom buildings on the site of the Airport Arts Campus.

Morris Architects is currently working on the Information Technology project and is already familiar with the facilities to be relocated. (Morris submitted the lowest cost proposal for this service of the three proposals received.)
