"I found that I could make something that was already good better.

I want to make innovations that are useful to the world."

- JONAH OKIKE, SMC STEM STUDENT

s a kid, Jonah Okike always liked taking things apart. "I tried to reassemble them," the Santa Monica College sophomore says. "I always liked technology. It's something that stuck with me."

But by the time Okike enrolled at SMC, his love of gadgets had taken a back seat. He planned to major in either business or computer science. It wasn't until a counselor referred him to the Science, Technology, Engineering, and Math program—better known as the STEM program—that Okike decided to pursue his calling as a mechanical engineer.

"I found that I could make something that was already good better," he says. "I want to make innovations that are useful to the world."

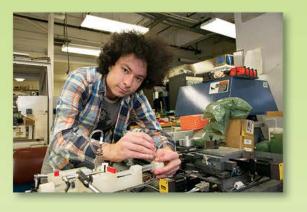

In the summer of 2013, Okike enrolled in SMC's STEM program, which offers resources and research opportunities to 275 students—with more than half under-represented minority students—entering science and math-related fields.

SCIENCE TECHNOLOGY ENGINEERING MATH

Provides Ways to Branch Out into Math and Science

The program is funded with a \$5.8 million grant from the U.S. Department of Education, and helps students complete their studies at SMC, then transfer to a four-year research-oriented program.

Fifty of the STEM program students are chosen to attend the Summer Research Institute (SRI) at UCLA for a "Summer Intensive Transfer Experience," where they spend a week on campus visiting the facilities, attending lectures, and staying in the dorms for a taste of on-campus life.

Ten of the SRI students were chosen this summer to work as paid interns for ten weeks researching at UCLA's labs. Six of the interns will return to SMC as mentors for the new group of interns next year.

"Research is key for students who are interested in science," says Melanie Bocanegra, the STEM program director at SMC. "It's not just about facts. It's about asking questions and developing hypotheses. We're trying to empower students with that experience."

To enter the STEM program, students must complete Math 20 with at least a B average or be eligible for a higher-level math course. They must also have completed fewer than 30 college units with a minimum 2.8 cumulative GPA.

Students accepted to the program take part in special counseling and tutoring sessions, workshops, peer mentoring sessions, and program orientation, and also attend STEM Skills Week.

The program is "extremely challenging," says Marina Gonzalez, who counsels STEM students. "We try to provide different research opportunities for students and help them really think ahead, because they need a lot of motivation and support."

...Continued on page 127

The ten SMC/SRI student researchers provided an oral and powerpoint demonstration of their work at summer's end to 50 other SMC students attending their one-week residency at UCLA.

"Research is key for students who are interested in sciences. It's not just about facts. It's about asking questions and developing hypotheses. We're trying to empower students with that experience."

- MELANIE BOCANEGRA, SMC STEM PROGRAM DIRECTOR

Back at Santa Monica College, about 275 students are now enrolled in the STEM program, which includes specialized classes that emphasize hands on experiments, analysis, and reports. You can find more STEM photos in the online Spring 2015 schedule of classes.

fyou don't currently attend Santa Monica College, fill out an application online at www.smc.edu/admissions for admission. Then sign up for classes online at your appointed date and time. Our campus is filled with dedicated people who want you to succeed, so if you need help, please ask!

Take a shortcut to becoming an SMC student!

Our Welcome Center offers new students a "one-stop shop" for admission, enrollment, orientation, academic counseling, financial aid, and more. No appointment necessary—just walk in the door! The Welcome Center (number 32 on the campus map) is located next to the Health Services Center.

Fast track your General Education needs

Accelerate meeting your General Education requirements by enrolling in special short-term classes. See page 106 for class listings.

STATEMENT OF EQUAL OPPORTUNITY

Santa Monica College is committed to equal opportunity in all of its academic programs and is in compliance with Equal Opportunity standards as required by Federal and State laws and District policy. Unless specifically exempted by statute or regulation, ALL SMC COURSES ARE OPEN TO ENROLLMENT AND PARTICIPATION BY ANY PERSON WHO HAS BEEN ADMITTED TO THE COLLEGE AND MEETS THE COURSE PREREQUISITES.

INSTITUTIONAL LEARNING OUTCOMES

Santa Monica College has identified the following Institutional Learning Outcomes as part of its mission to provide programs and services to assist students in the development of skills needed to succeed in college, prepare students for careers and transfer, and nurture a lifetime commitment to learning.

Santa Monica College students will:

- Acquire the self-confidence and self-discipline to pursue their intellectual curiosities with integrity in both their personal and professional lives;
- Obtain the knowledge and skills necessary to access, evaluate, and interpret ideas, images, and information critically in order to communicate effectively, reach conclusions, and solve problems;
- Respect the inter-relatedness of the global human environment, engage with diverse peoples, acknowledge the significance of their daily actions relative to broader issues and events;
- Assume responsibility for their own impact on the earth by living a sustainable and ethical life style; and
- Demonstrate a level of engagement in the subject matter that enables and motivates the integration of acquired knowledge and skills beyond the classroom.

DATES & DEADLINES

ew and Returning Students (but NOT Continuing Students) must file an application for admission in order to receive an enrollment date and time.

You may enroll in on-campus, online, and hybrid courses on or after your enrollment appointment date and time by web at www.smc.edu.

To learn more about online classes, visit the SMC Online website (www.smconline.org).

If you enroll in any Spring Semester course at SMC, you MUST attend all classes during the first week of the course or risk being dropped by the instructor.

ENROLLMENT BY WEB

Monday - Sunday: 1 a.m. to 10 p.m.

Web: **www.smc.edu** (click on "Current Students" or "New Students" and then on "Corsair Connect.")

WHO MAY ENROLL

You may enroll at Santa Monica College if you:

- Have graduated from high school, or
- Are 18 years of age or older, or
- Are 16 years of age or older and submit your "Student Score Report" for passing the California High School Proficiency Examination,

and you meet the residency requirements (see page 126) and can profit from the program.

PLEASE NOTE:

All official communication from Santa Monica College will be sent to students at their SMC student email address (last name_first name@student.smc.edu). You can check your student email account by logging into Corsair Connect and clicking on the SMC Mail icon. Be sure to check your SMC student email often!

APPLYING FOR ADMISSION

Continuing Students do **NOT** have to reapply for admission. If you have never attended Santa Monica College **(New Student)** or have been away for two or more consecutive semesters **(Returning Student)**, you must first:

- File an application for admission online (go to www.smc.edu/admissions);
- Prepare for and complete the assessment in English (or ESL) and in math; and
- At least four weeks before the start of the session, arrange for transcripts of previous college work (or high school work, if no college work was completed) to be sent directly to the Admissions Office. Copies issued to a student (even if in a sealed envelope) will NOT be accepted.

You will be e-mailed an admission letter. Please review it for information on orientation, assessment, and enrollment.

After your orientation, you will be able to sign up for classes through the "Corsair Connect" link at www.smc. edu on the date and time of your enrollment. There is NO need to come to campus to enroll.

International Students

Santa Monica College defines an "international student" as a student attending the College while in F-1 student

status. The international student application is available online (go to www.smc.edu/iapp). Please visit www.smc. edu/international for additional information about the application process and deadline dates, tuition and fees, and support services for F-1 students. For the Spring 2015 semester, applications for out-of-country applicants must be submitted by November 15, 2014; and applications for in-country applicants who already have an F-1 visa must be submitted by January 5, 2015. For the Summer 2015 session, applications for out-of-country applicants must be submitted by April 15, 2015; and applications for in-country applicants who already have an F-1 visa must be submitted by May 15, 2015. For Fall 2015, applications for out-of-country applicants must be submitted by June 15, 2015; and applications for in-country applicants who already have an F-1 visa must be submitted by July 15,

To maintain F-1 visa status, ALL international students MUST COMPLETE twelve (12) or more units in the Fall and Spring semesters. F-1 students may enroll in no more than one online class during a semester, and are NOT eligible to enroll in online classes during their first SMC semester/session. International students who begin their studies during a Summer or Winter session must complete a minimum of four (4) units during their first session. Summer and Winter sessions are optional for continuing international students.

- Students in F-1 status from other schools may enroll at SMC on a limited basis. Please consult with the International Education Center for more information.
- Students in other statuses (not F-1) may enroll through the Admissions Office. If you are currently in B status, you cannot enroll until you change status to F-1 or another status with education privileges. Please contact the International Education Center for details.

Veterans

Santa Monica College is approved as an institution for higher learning for veterans and veterans' dependents entitled to education assistance from the Veterans Administration (VA). The College cooperates with the VA in helping veterans. SMC offers academic, career, and transfer counseling, as well as priority enrollment, tutoring, and other services to support veterans in achieving their education goals.

Students wishing to attend SMC under one of the veterans' assistance bills must:

- File an application for admission to SMC (go to www.smc.edu/admissions), and follow all the admissions procedures;
- File an application with the VA at www.gibill.va.gov for education benefits;
- Arrange for official transcripts from all colleges and universities you have attended to be sent to the SMC Admissions Office (failure to do so may lead to temporary suspension of benefits); and
- Take a printout of your application for VA education benefits, a copy of your Report of Separation from Active Duty (DD214), and unofficial copies of your transcripts to the Veterans' Resource Center, located in Room 135 of the Liberal Arts building.

The Veterans' Counselors will review your documents and assist you in creating an education plan. Once you have enrolled in classes, you will need to return to the Veterans' Resource Center and complete paperwork for your benefits. Please see the Veterans' Counselors for details

Students with Disabilities

If you wish to use the special counseling services provided through the Center for Students with Disabilities, call (310) 434-4265. The video phone number is (866) 957-1809. See page 118 for more information.

Printed SMC materials are available in alternate media upon request. To request publications in alternate formats for disability accommodation, e-mail DSCcontact@smc.edu or call (310) 434-4265. This Schedule of Classes is also available online (see www.smc.edu/schedules).

Disqualified Students

If you have been disqualified (dismissed) from Santa Monica College for poor academic performance or unsatisfactory progress and you have been away from SMC for one semester or less, you must complete a "Disqualified Student Petition for Reinstatement to Probationary Status" (go to www.smc.edu/DQPetition to download the petition). To request reinstatement, you must bring the completed form with you and meet in person with a counselor. The counselor will determine whether reinstatement is possible and what conditions you must meet to enroll at SMC.

If you are a disqualified student and you have been away from SMC for two consecutive semesters (one year) or longer, you must file both an SMC admission application online (go to www.smc.edu and click on "New Students Apply Online," then follow the instructions). After you submit your online application, a link to the Petition for Readmission will appear. Click on the link, then fill out and submit the petition. You must also arrange for all transcripts (official or unofficial) to be sent directly by the previous college(s) to the Transfer/Counseling Center, ATTN: Readmission Committee, Santa Monica College, 1900 Pico Blvd., Santa Monica, CA 90405. The Readmission Committee will email its decision on your request for readmission—along with any further instructions—to your SMC email account.

If you have been disqualified from SMC *more than once*, you will be asked to take a break from attending SMC for up to a maximum of one year.

For further information, please see an SMC counselor.

Assessment Center

Location and Testing Hours

The Assessment Center, located in Room 109 of the Liberal Arts building, offers testing services on a walk-in, first-arrival basis Monday through Friday. Testing hours are Monday and Thursday from 9 a.m. to 2 p.m., Tuesday and Wednesday from 9 a.m. to 5 p.m., and Friday from 9 a.m. to 11 a.m. Please check our website (www.smc. edu/assessment) or call (310) 434-8040 for up-to-date information on office and testing hours. To receive assessment services, you must present a valid governmentissued photo identification (e.g., driver's license, passport, military ID) and have already applied for SMC admission. The Assessment Center reserves the right to request a secondary form of identification. Note that there may be an extensive wait during heavy testing periods. Students are strongly encouraged to review the practice exams available on the Assessment Center website prior to taking

Mandatory Assessment

Assessment is essential to evaluate your skills and choose the courses that best meet your needs. Assessment is used only to generate placement recommendations, and not to advance students to higher-level courses. If you have questions about the assessment process, please stop by the Assessment Center or consult with a counselor in the Transfer/Counseling Center.

Assessment in English or ESL and in math is **mandatory** if you are:

- A first-time college student enrolling in more than six (6) units during your first semester at SMC; or
- A continuing student who has not completed the assessment process; or
- Enrolling in an English, ESL, or math course for the first time (even if not a first-time college student);
- Enrolling in courses with recommended English or math preparation; or
- A high school concurrent enrollment student taking courses other than designated activity/performance courses.

Based upon your assessment results, you will receive an English, ESL, or math placement recommendation.

All assessment results are valid for a period of one calendar year. Make sure you enroll in the courses your assessment results qualified you for BEFORE those assessment results expire. Once your results have expired, you will be blocked from enrolling in those courses and will need to retest.

Assessment Exemptions & Placement & Prerequisite Waivers

You may be exempt from assessment if you meet certain qualifications. You may also be granted placement and prerequisite waivers—as well as credit—for selected English, ESL, math, and chemistry courses under specific circumstances. Please see our webpage (www.smc.edu/waivers) for an overview, then consult with a counselor at the Transfer/Counseling Center for details.

Please note: Although you may be exempt from assessment, you still must successfully complete—or receive waivers for—any prerequisite courses that are required for classes in English, ESL, math, chemistry, Anatomy 1, Biology 21/22/23, Microbiology 1, Physiology 3, and physics. For further information, please consult with a counselor at the Transfer/Counseling Center.

ABOUT YOUR TRANSFER UNITS

Many students use Santa Monica College as the freshman and sophomore years of a four-year college plan. SMC is a leader in transferring students to their junior year at four-year colleges and universities, including the UC and CSU systems. Each of these institutions has a list of courses that must be completed to:

- satisfy general education requirements,
- satisfy lower division pre-major requirements, and
- satisfy elective requirements.

How credit for an SMC course transfers to your future school depends on how that school will accept the course, and how clearly defined your transfer goal is.

Typically, for admission to the UC or CSU system, you will need to complete 60 UC- or CSU-transferable semester units of study—with the required grade point average—by the end of the Spring semester for Fall admission, or by the end of the Fall semester for Spring admission. However, these institutions also look at how to apply those units to your education goal (e.g., how many of the units meet your general education requirements, your pre-major requirements, and so on).

Santa Monica College has worked out transfer agreements—called articulation agreements—with most local colleges and universities on how your units of credit transfer to meet your graduation requirements. You can look up transfer information yourself (go to *www.assist. org* for details), but you will find it much easier to talk to a counselor at our Transfer/Counseling Center. To schedule an appointment with a counselor, please call (310) 434-4210.

STUDENT-ATHLETES PLEASE NOTE: A separate set of requirements may apply to you if you plan to transfer with an *athletic scholarship*. Please see an athletic counselor for a list of these requirements and to arrange for continuous counseling while enrolled at SMC.

BOOKS & MATERIALS

The Federal Higher Education Opportunity Act (HEOA) requires Santa Monica College to provide students with the International Standard Book Number (ISBN), retail price, and/or other information (subject to change) about the required or recommended textbooks and supplemental materials for each course offered at SMC. Please go to bookstore.smc.edu and click on "Buy Textbooks" for details. For other book-related information—including dates for book buybacks—please visit the SMC Bookstore website (bookstore.smc.edu).

SMC STUDENT EMAIL

Santa Monica College uses Google Gmail to communicate with students and to provide each SMC student with an email account that offers a lifetime email address (as long as Google is the service provider). Gmail accounts are very user friendly, can be reached from any computer with Internet access, include 8GB of online storage, and give students access to Google Docs and Calendar. Before you set up and start to use your Gmail account, be sure to read the Google Privacy Policy (see the link at www.smc.edu/google). To set up your Gmail account, go to www.smc.edu, click on the "New Students" or "Continuing Students" link, then click on "Corsair Connect" and follow the instructions.

ACCESSIBILITY ADVISORY

To the best of our knowledge, no programs at SMC are inaccessible, and SMC does not schedule single offerings in inaccessible locations. However, some locations are not accessible to students with specific disability-related access needs. We will relocate classes to accommodate individual students. To initiate this process, please call the Center for Students with Disabilities at (310) 434-4265 voice, (866) 957-1809 video phone, or (310) 434-4272 FAX

The path of travel from the public bus stops on Centinela to the Bundy and Airport Arts campuses is a steep grade that may be inaccessible for some with mobility limitations. However, the Sunset Ride—an accessible public bus line—which transfers from Big Blue Bus Line #14, stops inside the Bundy Campus.

In addition, the following rooms have access restrictions:

ESL, Art, and Letters & Science buildings: Accessible restrooms require an access key.*

Letters & Science: Rooms 201, 203, 205.

Liberal Arts: Rooms 200, 204, 214, 217, 220, 223, 228, 231, 236, 237, 239, 240, 243.

Access keys are required for elevators when classes are not in session in the Business, Art, and Student Activities buildings, as well as for the Gym basement elevator.

*For restroom access-key copies, go to the Center for Students with Disabilities (Room 101 of the Admissions/ Student Services Complex) or call (310) 434-4265.

VOLUNTARY FIELD TRIPS DISCLAIMER

Santa Monica College may sponsor voluntary field trips or excursions in which you may want to participate. If you do, according to the California Code of Regulations (Title 5, Section 55220), you are deemed to have held harmless the District and its officers, agents, and employees from all liability or claims which may arise out of or in connection with your participation in this activity.

STUDENT TRANSPORTATION DISCLAIMER

Some SMC classes meet at off-campus locations. Santa Monica College does not provide transportation to these sites, and all transportation arrangements are the responsibility of the student. Although College staff may assist in coordinating transportation or may recommend travel times, routes, caravanning, etc., these recommendations are not mandatory. Santa Monica College is in no way responsible and assumes no liability for any injuries or losses resulting from this non-District-sponsored transportation. If you ride with another student, that student is not an agent of, or driving on behalf of, Santa Monica College.

Enrollment

IMPORTANT: All enrollment transactions take place online through the web. You may enroll in any class with space available until the evening **before** the **second** class meeting. Beginning the day of the **second** class meeting, you must have an Instructor Approval Code—which allows you to enroll from any computer—for each class you wish to enroll in, even if the class has space available. NOTE: The enrollment deadline for online, hybrid, or Arranged Hours classes is the Sunday evening prior to the week the course begins. If the class is full, you will need an Instructor Approval Code.

You may enroll by web on or after the enrollment date and time assigned to you. You may view your enrollment date and time through the "Corsair Connect" link at www.

You may enroll through SMC's website (www.smc.edu) using a home computer. You may also enroll by using computer terminals at designated times in the Admissions Office lobby, the library, or the Cayton Center. Please note that the Cayton Center terminals require a valid A.S. sticker and password.

Please note: All enrollment takes place on the web via Corsair Connect. If a class is closed, please keep trying, as it will re-open if space becomes available, or you may be able to opt into a space through the class waitpool (see below for waitpool details). For more information about the enrollment process, please see the "Enrollment Info" link at the SMC Admissions webpage (www.smc.edu/admissions).

ENROLLMENT BY WEB

You may enroll by web on or after the enrollment date and time listed for you by logging onto the "Corsair Connect" link at *www.smc.edu*. Beginning the day of the **second** class meeting, you will need an Instructor Approval Code to enroll. PLEASE NOTE: If you are enrolling in an online, hybrid, or Arranged Hours class WITH SPACE AVAILABLE, your enrollment deadline is the Sunday evening prior to the week the course begins. If the class is full, you will need an Instructor Approval Code. For online courses, you will need to email the instructor a request for an Instructor Approval Code.

You can enroll from any computer in the Admissions Office lobby, the library, or the Cayton Computer Lab (which requires a valid A.S. sticker and password). You may also enroll from home if you have Internet access.

- 1. Go to www.smc.edu
- 2. Click on "Corsair Connect";
- 3. Enter your Student ID number and your password;
- 4. Follow the instructions provided.

To confirm that the classes you selected have been added, click on "Transaction Receipt" in the menu on the left. If the receipt is correct, print out a copy. **You must have this printout to contest any discrepancies.**

You may also **add** or **drop** classes by web. If you decide NOT to attend a course you have enrolled in, it is YOUR responsibility to officially withdraw from it. See withdrawal information on page 122.

For payment information, see the PAYMENT POLICY section.

WAITPOOLS

You may be given the opportunity to join a waitpool for a class section. If you are in a waitpool, you will receive a notice by email if a seat has become available, providing an opportunity for you to enroll in the course on a first-come, first-served basis. Notification of an opening DOES NOT AUTOMATICALLY ENROLL YOU IN THE CLASS. If you are not in a waitpool but find out about an open seat, you are also welcome to enroll on a first-come, first-served basis. Please visit www.smc.edu/enrollinfo for more details about the waitpool process.

SMC PHOTO I.D.

To obtain your SMC Student I.D. card, go to the Photo I.D. Station (behind the Bursar's Office). Your SMC Student I.D. provides a convenient way to speed up checking out books and materials from the Library and the campus tutoring labs and learning resource centers. When combined with AS Activities and swipe-activated, your SMC Student I.D. allows you to ride free on all Big Blue Bus routes, and to purchase discount tickets for (or attend) selected student events or activities.

Fees

IMPORTANT: All efforts have been made to present complete and accurate fee information. **All fees are subject to change without notice.** Fees published in this schedule of classes were current at the time this schedule went to press. Consult the Admissions website for the latest details.

There are no enrollment, student service, or Health Services fees for Adult Education classes (designated by section numbers of 7000 or above).

PLEASE NOTE: You may be eligible for financial aid. To find out, call the Financial Aid Office at (310) 434-4343 as soon as possible. Work Study funds and State Board of Governors (BOG) fee waivers *are* available for the Spring semester. See page 121 for additional information.

Enrollment Fee: \$46 per Unit (subject to change)

All students—resident and nonresident—in graded credit courses must pay an enrollment fee of \$46 per unit. **This fee is subject to change without notice.**

Student I.D. Card, Activities, & Health Services Fee: \$51.50 for Spring Semester 2015

Students in Spring semester credit classes will pay a fee of \$51.50. This fee includes a mandatory \$19 Health Services fee, plus the optional \$13 for the SMC Student

I.D. card, and \$19.50 for Associated Students Activities support, both of which provide special benefits (contact the Admissions Office or Bursar's Office at time of enrollment if you do not wish to pay these fees):

- SMC Student I.D. Card with Picture—Offers enhanced access features and improved campus security. The I.D. card is a convenient way to speed up checking out books and materials from the SMC Library and the campus tutoring and course-related labs and learning resource centers. If you wish to take advantage of the Big Blue Bus "Any Line, Any Time" service, you will need to "activate" the I.D. card AND have a current semester Associated Students sticker. Go to www.smc.edu/transportation for details.
- Associated Students Activities Fee—Supports SMC's many student clubs, scholarships, the "Any Line, Any Time" program, and other activities that foster academic achievement, social interaction, and community involvement. For details, see the A.S. webpage (www.smc.edu/associated_students) or stop by the Student Life Office (Room 202 of the Cayton Associated Students Center). Buy your A.S. Activities sticker at the Bursar's Office today!
- Health Services—Free basic health services, information, and referrals by full-time RN; emergency first aid treatment; and free or reduced-cost immunizations.

Nonresident Tuition Fee

In ADDITION TO the per-unit enrollment fee of \$46 (subject to change), all nonresident students must pay tuition of \$279 per semester unit (for a total of \$325 per semester unit), or \$255 per semester unit (for a total of \$301 per semester unit) if eligible for AB 947 exemption. All fees are subject to change without notice. Please see the "Fees" link at www.smc.edu/admissions for details. For residency information, visit the SMC website (www.smc.edu), or call the residence clerk in the Admissions Office at (310) 434-4461 or (310) 434-4595. Please note: All nonresident tuition fees are subject to change without notice.

Materials and Supplies Fees

Some classes require additional fees for materials and supplies. Consult the class listings in this schedule to determine whether any such fees are required. Please note that these fees are NOT refundable.

On-Campus and Satellite Campus Parking Decals

An on-campus parking decal does NOT guarantee you a parking space. What a parking decal does is entitle you to use on-campus student parking areas on a space-available, first-arrival basis. NOTE: Your parking decal is for ON-CAMPUS PARKING ONLY—it is NOT a residential (street) parking permit.

For parking at **SMC's main campus**, you MUST purchase a parking decal for \$85 for the Spring semester. This decal provides access to parking lots at ALL SMC campuses. You are encouraged to purchase parking decals online through the "Corsair Connect" link at *www.smc. edu.* **You will be able to print a temporary permit to place on your vehicle's dashboard until the actual permit arrives by mail, usually in 3-5 business days.** Students who receive benefits under Temporary Aid for Needy Families (TANF), SSI, or a general assistance program are eligible for a parking fee reduction, provided that they have been awarded a Board of Governors Enrollment Fee Waiver for the academic year.

Parking at SMC satellite campuses (Airport Arts, Bundy, or the Performing Arts Center) is FREE for students attending classes there, but REQUIRES A DECAL. Satellite

campus decals may be picked up in person or—for a small fee to cover mailing costs—requested online through the "Corsair Connect" link at www.smc.edu. See www.smc.edu/transportation for details.

Parking at the **SMC Bundy Lot** is FREE for SMC students, but REQUIRES A DECAL. Please see SMC's transportation webpage (www.smc.edu/transportation) for the latest details.

PLEASE NOTE: Student parking decals are NOT valid for faculty/staff parking areas.

Inter-campus shuttle service is FREE (SMC I.D. required). Please consult SMC's parking webpage (www.smc.edu/transportation) for routes and operating hours.

Handicap Parking: The display of a DMV handicap placard AND an SMC parking decal entitles you to park in any handicap, student, or staff parking space.

"Any Line, Any Time" Big Blue Bus

SMC students with a current SMC Student I.D. can ride ANY Big Blue Bus ANY time—for FREE!—if they have paid the Associated Students Activities fee AND have swipe-activated their SMC Student I.D. Special thanks go to the SMC Associated Students for funding this major expansion of SMC's transportation initiative—launched in 2007 in partnership with the Big Blue Bus—aimed at improving access to SMC and reducing traffic, noise, and air pollution in the community. See www.smc. edu/transportation for details.

Withdrawal Refund Schedule

See "College Policies" on page 122 for information on withdrawal refunds. Withdrawal refund deadlines appear next to each enrolled class listed in your Corsair Connect account.

Payment Policy

PAYMENT

PLEASE NOTE: You may be eligible to receive some form of financial aid. If so, you should call the Financial Aid Office at (310) 434-4343 as soon as possible. Work Study funds and State Board of Governors (BOG) fee waivers are available for the Spring semester (go *to www.smc.edu/financialaid* for details).

You can pay your fees by using a MasterCard or Visa credit card at the same site where you enroll. For other payment options, see the "How to Pay" information.

- Early Enrollment is from early December to January 14, 2015, at 7 p.m. During this period, you may enroll on or after the date and time assigned to you. Payment of enrollment and related fees (e.g., mandatory fees and nonresident tuition) is due on or before 7 p.m. on Wednesday, January 14, 2015. Failure to pay by this date may result in your being dropped from your classes.
- Payment of enrollment and related fees for courses you enroll in on or after Thursday, January 15, 2015, is due immediately. Please remember that it is YOUR responsibility to drop any courses you do not wish to continue. If you do not drop the courses by the refund deadline—even if you never went to class—you will be responsible for paying the fees and a hold will be placed on your records until all fees are paid. A hold on your records prevents you from enrolling in future courses at SMC and restricts access to Admissions Office services such as providing transcripts, enrollment verification, issuing diplomas, etc.

How to Pay

SMC offers students several payment options.

- · You may pay fees in cash, by check, by money order, by cashier's check, or by Visa, MasterCard, Discover, or American Express.
- Nonresident tuition may be paid in cash, or by money order, cashier's check, or a personal check drawn on a California bank, in person, at the Bursar's Office.

- In person at the Bursar's Office (located north of the Counseling Complex);
- By web using a Visa or MasterCard ONLY (web enrollment takes place on a certified secured site, and all data transactions are encrypted; to pay fees online, log on through the "Corsair Connect" link at www.smc.edu, make sure the correct "school semester" is selected, and select "Pay Fees Online" from the menu on the left);
- · By mailing your check, money order, or cashier's check (no cash) to Santa Monica College, Bursar's Office, 1900 Pico Boulevard, Santa Monica, CA 90405; or
- By depositing a check, money order, or cashier's check (no cash) in the collection chute at the Bursar's Office.

If you have any credit for any prior transaction(s), the amount will be applied to any owed balance.

Financial <u>Assistance</u>

The California community college system is funded by the State of California. Students who meet certain state residency requirements pay an enrollment fee and may qualify for a BOG Fee Waiver to cover certain costs associated the enrollment fees. The BOG Fee Waiver, however, will NOT cover the Health Services fee or the Associated Students Activities fee. In addition to the BOG Fee Waiver, Santa Monica College offers students a variety of financial assistance, which includes both federal and state financial aid to help pay for some of the basic costs of living while attending college. Many of these financial aid programs have early deadline dates and require time to process the application forms. Be sure to start the financial aid process as soon as possible.

Under certain circumstances, students who meet specific California residency requirements may be exempt from paying enrollment fees if they file a BOG Fee Waiver application with the Financial Aid Office. For example, if you can document that you are a recipient of Temporary Aid to Needy Families (TANF), Social Security Income (SSI), or General Relief (GR), or that your income meets specific criteria, you may be exempt. Before starting **enrollment procedures,** please contact the Financial Aid Office (or review the information available at www.smc. edu/financialaid) to determine your eligibility for a BOG Fee Waiver

If you feel that you need financial aid to assist you with achieving your education goals, visit the Financial Aid Office. The Financial Aid Office is open Monday through Thursday from 8:30 a.m. to 4:30 p.m., and Friday from 8 a.m. to 12 noon. Hours are subject to change without notice. For additional information, please visit the Financial Aid Office's website at www.smc.edu/ financialaid or call the office at (310) 434-4343.

ANTHRO 21, PEOPLES AND POWER IN LATIN AMERICA

3 UNITS Transfer: UC, CSU

IGETC AREA 4A (Social and Behavioral Sciences)

• Prerequisite: None.

This course satisfies the Santa Monica College Global Citizenship requirement.

This course will introduce students to the historical and cultural use of power by peoples and cultures in Latin America. We will investigate the use of power of Latin American peoples and cultures who lived prior to contact with Europeans, in colonial and post-colonial culture in Latin America, as well as in contemporary Latin American society. The investigation of the power of the US/Mexican border and of globalization within Latin America will also be covered in this course. A cross-cultural perspective will be employed drawing from examples in Mexico and Central America, the Caribbean, South America, and from the influence of countries outside of Latin America including the United States, England, France, Portugal, Spain, China, and Japan. Power relations included in the notions of race, class, gender and sexuality, immigration and migration, and indigenism (amongst others), as they are practiced in Latin America, are explored throughout the semester.

Biological Sciences

Students must be present for the first session of biological science classes to be assured of admission to limited laboratory spaces.

Students who wish to enroll in a Life Sciences course must demonstrate that they have met the prerequisites for the course prior to enrollment. Continuing students must complete prerequisite courses with a C or better. If currently enrolled in a prerequisite course at SMC at the time of enrollment, students will be admitted to subsequent courses based upon midterm placement results, but will be dropped if the prerequisite course is not completed with a C or better. Students who have successfully completed one or more prerequisite courses (earning a grade of C- or better in both the lecture and lab courses and an average of C (2.0) or better overall) at another institution may be able to verify having met the prerequisites by submitting a transcript and course description and course syllabus for the prerequisite courses.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. For more information, please see the SI website at www.smc.edulsi.

This survey course explores the principles of biology using humans as examples. It includes introductions to the scientific method, cell biology, heredity, evolution, human ecology, behavior, and the major concepts of structure, function and pathology of most organ systems. The course may serve as an introduction to the future study of biology, including anatomy and physiology, or stand by itself as a non-lab life science course for general education students.

BIOL 3, FUNDAMENTALS OF BIOLOGY

4 UNITS Transfer: UC, CSU

IGETC AREA 5B (Biological Sciences, + LAB)

• Prerequisite: None.

• Skills Advisory: Eligibility for English 1.

This general biology course is for transfer students who are not biology majors. Topics include basic molecular and cellular biology, genetics, the anatomy and physiology of plants, animals and humans, the diversity of life, evolution, and ecology. Current environmental issues and new developments in biological science are discussed. Laboratory experiences are integrated and stress scientific methodology and thinking. *Credit is allowed for one course from either Biology 3, 4, Botany 1. No UC credit given for Biology 3 if taken after Biology 21, 22 or 23.

BIOL 15, MARINE BIOLOGY WITH LABORATORY 4 UNITS

Transfer: *UC, CSU

IGETC AREA 5B (Biological Sciences, + LAB)

- Prerequisite: None.
- Skills Advisory: Eligibility for English 1.

This survey course of marine organisms and their relationships to their environment emphasizes intertidal and offshore life forms. Included is an investigation of behavior, ecology, morphological and physiological adaptations and environmental relationship to humans. This course is three hours each of lecture and laboratory work.

BIOL 21, CELL BIOLOGY AND EVOLUTION 4 UNITS

SCI 134

Transfer: UC, CSU

IGETC AREA 5B (Biological Science, + Lab)

• Prerequisite: Chemistry 11.

This is the first course of a three-course lecture and laboratory sequence for Biology majors, including Biology 21, 22, and 23. It describes how scientists approach the scientific method to generate scientific knowledge; studies the history, evidence, and mechanisms of evolution; identifies the chemistry of four classes of macromolecules; elucidates the cell principle including cell structure, function, and physiology; describes general energy metabolism; and illustrates the processes of growth and reproduction through mitosis, meiosis, development, and life cycles. Students are required to perform at least two experiments that require data collection, computer-based data management and graphing, and scientific analysis and interpretation of data. The course is designed to meet the needs of students transferring to upper division biology studv.

IGETC AREA 5B (Biological Science, + Lab)

• Prerequisite: Biology 21 and Chemistry 11.

Coreauisite: Chemistry 21.

It is strongly recommended that students also enroll in Chemistry 21 which is required for transfer.

This is the second course of a three-course lecture and laboratory sequence for Biology Majors, Biology 21, 22 and 23. It focuses on the structure, function and transmission of genes from the perspectives of genetics and molecular biology. A strong foundation in genetics and its relationship to molecular biology is developed through problem solving. Students perform experiments that require data analyses and demonstrate interpretations in laboratory reports. Application of Internet databases for bioinformatics is used to show relationships between DNA and protein sequences. The course is designed to meet the needs of students transferring to upper division biology study. *No UC credit for Biology 3, 4, Botany 1 or Zoology 5 if taken after Biology 21, 22 or 23.

• Prerequisite: Biology 22.

• Skills Advisory: Eligibility for English 1.

This is the third of a three-course lecture and laboratory sequence for biology majors. Organisms at and above the cellular level of organization are examined, with plants, invertebrates, and vertebrates receiving equal attention. Topics emphasized include morphology, physiology, systematics, ecology, evolution, and behavior. Additionally, each student must complete a term project which includes lab or fieldwork and library research. Transfer credit is limited if students enroll in other overlapping Biology courses or Zoology 5. *No UC credit for Biology 3, 4, Botany 1 or Zoology 5 if taken after Biology 21, 22 or 23.

This course involves study of several types of microorganisms with emphasis on bacteria. Principles of microbiology, metabolism, genetics, immunology, and medical and nonmedical applications are considered. The laboratory includes aseptic transfer techniques, cultural characteristics, methods of microscopy, and analytical techniques for identifying microbial organisms. The course content is related to both general and clinical applications including recent molecular biological and serological techniques.

• Prerequisite: Nutrition 1.

This course satisfies the Santa Monica College Global Citizenship

The evolution of American food culture is examined from a historical, contemporary, economic, political and scientific survey of ethnic groups in America, including Native Americans, European Americans, African Americans, Asian Americans, and Latinos. Immigration, enculturation, acculturation, religion, food availability, food preference, food behavior, food preparation, food beliefs and food-related gender roles are considered. These factors are compared and contrasted across the ethnic groups and regions in America. The impact of "Americanization" on ethnic cuisines and impact of ethnic cuisines on the American economy are explored. Current research on the health- and nutrition-related implications of ethnic groups' food choices/practices is reviewed. Engendering cultural sensitivity and competency is at the core of this course.

BUS 220D 1324 Arrange-2 Hours Tucker J L

Chemistry

Students must be present at the first lab session of a chemistry course to be assured of admission to limited lab spaces.

Students who wish to enroll in a chemistry course must demonstrate that they have met the prerequisites for the course prior to enrollment. Continuing students must complete prerequisite courses with a C or better. If currently enrolled in a prerequisite course at SMC at the time of enrollment, students will be admitted to subsequent courses based upon midterm placement results, but will be dropped if the prerequisite course is not completed with a C or better. Students who have successfully completed one or more prerequisite courses (earning a grade of C- or better in both the lecture and lab courses and an average of C (2.0) or better overall) at another institution may be able to verify having met the prerequisites by submitting a transcript and course description and course syllabus for the prerequisite courses.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. For more information, please see the SI website at www.smc.edu/si

CHEM 9, EVERYDAY CHEMISTRY

5 HNITS

Transfer: UC, CSU

IGETC AREA 5A (Physical Sciences + LAR)

This course satisfies the Santa Monica College Global Citizenship

This course fulfills the general education requirements for a laboratory science course. Students who successfully complete this course will understand basic chemical principles and how these principles relate to the Earth's natural systems and cycles, with emphasis on humanity's impact on Earth's natural environments. Students will gain a scientific understanding of the impact of human activity on natural systems and sustainability. Students will also learn common laboratory techniques, including the safe handling of chemicals and the proper use of laboratory equipment, as they analyze environmental problems and solutions.

CHEM 10, INTRODUCTORY GENERAL CHEMISTRY 5 UNITS

Transfer: UC, CSU

IGETC AREA 5A (Physical Sciences, + LAB)

• Prerequisite: Math 31.

UC gives no credit for Chemistry 10 if taken after Chemistry 11.

Chemistry 10 is an introductory laboratory course. It introduces principles, laws, and nomenclature of inorganic chemistry and organic chemistry. Chemistry 10 prepares students to take the General Chemistry sequence (Chemistry 11 and Chemistry 12). It additionally serves as a basic chemistry course for the allied health majors (such as nursing and nutrition). It also serves to fulfill general education requirements. Students who successfully complete this course will understand basic chemical principles and will have practiced quantitative reasoning and problem solving skills. Students will also have learned various lab techniques, including the safe and competent handling of chemicals and laboratory equipment.

CHEM 21, ORGANIC CHEMISTRY I

5 UNITS

Transfer: UC, CSU IGETC AREA 5A (Physical Sciences, + LAB)

• Prerequisite: Chemistry 12.

This course is a systematic introduction to the chemistry of carbon compounds. It encompasses theory and reactions of hydrocarbons and functional group derivatives. Included are bonding and structure, nomenclature, stereochemistry, synthesis, mechanism, and spectroscopic analysis. The laboratory work focuses on techniques of synthesis, isolation, purification, and analysis.

CHEM 31, BIOCHEMISTRY I

5 UNITS

Transfer: UC, CSU

IGETC AREA 5A (Physical Sciences, + LAB)

- Prerequisite: Chemistry 21.
- Skills Advisory: Chemistry 22

This course is a survey of biochemistry, introducing the student to the structures and functions of important classes of biochemical compounds as well as to the central reactions of metabolism. The main topics include the structure and function of proteins, carbohydrates and lipids; the catalysis, kinetics and regulation of enzymes; and the reactions of glycolysis, the citric acid cycle, electron transport/oxidative phosphorylation, and gluconeogenesis. The laboratory section of the course provides an introduction to biochemistry lab procedures including titration, peptide analysis, spectroscopy, spectrophotometry, column chromatography, gel-electrophoresis, the kinetic analysis of enzyme-catalyzed reactions, and internet based informatics tools.

• Prerequisite: Chinese 3 or equivalent.

This course builds on language skills developed in Chinese 3. The course will review and expand on elementary Chinese grammar, provide practice in the appropriate use of set phrases and idioms, and further develop skills in reading and writing. It will enrich vocabulary, further develop reading comprehension, improve conversation and basic writing skills; and it will encompass aspects of Chinese culture and history. This course is taught in Chinese except in cases of linguistic difficulty as determined by the professor.

3 UNITS Transfer: CSU

- Advisory: Communication Studies 11.
- C-ID: COMM 170.

Formerly Speech 4. This course satisfies the Santa Monica College Global Citizenship requirement.

This course focuses on the oral interpretation of poetry and prose, with a special emphasis on literature by and about United States' cultural groups including African Americas, Asian- Americans, European-Americans, Jewish Americans, Latino/a- Americans, Arab Americans, Indigenous peoples of the United States and others. Through the process of oral interpretation, students will analyze works of literature, discover a personal connection to the material, and share their emotional and intellectual creation-using voice and body-with an audience. By studying and performing multi-cultural literature, students will learn to appreciate the similarities and

FOCUS ON: COMMUNICATION STUDIES

A Win-Win

"How much more successful will you be in any job you choose if you take communication studies?"

- Nate Brown, Communication Studies Professor at SMC

f you choose this as your major, you will not only be able to succeed in any career you pick — it will help you be a better husband, wife, boyfriend, girlfriend, friend, whatever," says SMC communications professor Darryl-Keith Ogata.

It may sound like a tall claim, but try taking any communication studies course at SMC, and you will be likely to agree. Seong Shin, 21, thought she was a "pretty good" communicator, until she took interpersonal communication with Professor Ogata.

"Before taking this class, I thought communication was the act of talking or exchanging ideas," says Shin, who recently transferred to UCLA from SMC. "But I learned there are all these noises and barriers to overcome to connect with others in an honest way. I wish that Professor Ogata's class were double, so more students could learn!"

David Javidzad says that the connection that he and other students had with Professor Ogata was "just unbeatable," and that regardless of their backgrounds, they were all captivated by the study of communication. It goes without saying that Javidzad went on to major in communication studies.

SMC's communication studies program has a wide spectrum of offerings in interpersonal, group, intercultural, and public communication that meets many transfer requirements and offers service learning and study abroad opportunities, not to mention classrooms with the latest, coolest technology.

And by coming to SMC, you get a universitylevel education in a community college setting (not to mention a bargain price). New classes have been added to the program, including a research methods class, a class in communication theory, and a gender and communication class, which makes SMC's communication studies program one of the most rigorous in California.

Professor Nate Brown, who teaches several of the communication courses, says the question shouldn't be: What kind of job will I get if I take communication studies as a major?

"The question — and it's a rhetorical one — should be: How much more successful will I be in any job I choose if I take communication studies?" says Brown.

What if you just don't know what you want to do, and definitely don't feel ready for college, but you're sure that you want to be a "success"?

"Communication studies is very unique because it's a good choice of major for anyone," says Brown. "SMC is number one in transfers for a reason. We understand that you may come here not ready for transfer or highlevel college coursework — but we will nurture you, hold you to high academic standards, and bring you to that point."

So, someday you may decide on a career in public or labor relations, journalism, broadcasting, teaching, advertising, what-have-you, but in the meantime, you can prepare to be a cut above everyone else. And while you're at it, you'll find that you'll grow personally in more ways than you — or we — can count.

Students will work with the various components of an accounting system in an ongoing business, as well as set up an accounting system for a new company. Topics include the creation of a QuickBooks company, and the analysis of financial state-

ments, reports and graphs. Students will gain experience in the creation and use of invoices, purchase orders, inventory, bank accounts, and payroll. In addition, students will be able to complete the entire accounting cycle including recording adjusting entries and making corrections on the transactions as needed. Hands-on experience is provided in a microcomputer lab.

CIS 35 is the same class as Accounting 35. Student may earn credit for one, but not for both. This course uses Quickbooks Accountant 2014.

CIS 51, HTML5, CSS3, AND ACCESSIBILITY

3 UNITS Transfer: CSU

• Prerequisite: CIS 50.

 Skills Advisory: Students should have a working knowledge of Windows.

HTML5 is the next generation HTML. This hands-on course will explore the differences between HTML5 and XHTML, validating pages to current Web standards and using Cascading Style Sheets (CSS) exclusively to control the look and feel of a site. Students will create and enhance Web pages with links, graphics, tables, and forms. Proper use of HTML5 and CSS3 can provide true separation of content, structure, and presentation in Web pages, making them structurally sound, easier to maintain, and more consistent with legal requirements for accessibility.

3 UNITS

• Prerequisite: CIS 51 or CIS 59A.

This course provides the knowledge, skills, and handson experience needed to deliver successful commercial websites. Students will learn the many pitfalls of website planning and production and how to overcome them. This includes understanding what is wanted, and learning how to create the website in a speedy and efficient manner. Students will learn how to manage the project and the client, and perfect techniques in design. Learning how to design for the intended audience, obtain content, select a proper navigation, incorporate various media (graphics, database, animations, etc.), deploy and maintain the website are the key elements covered. This is a hands-on course and the students will utilize newly learned skills to build a website for a client which can be added to their portfolio.

Welcome to a World of Experiences

f you see some fellow students practicing ballroom dance or foxtrot moves by the clock tower during activity hour, don't be surprised. And maybe just around the corner, you'll see a group of students meditating on spiritual text. Then, you may run into a group very passionately taking readings of the sun's position in the sky, and then some students fixing other students' bikes for free.

At Santa Monica College, there are more than 70 student clubs, and the number keeps climbing. So whether you're into astronomy, jazz, chemistry, organic agriculture, math, robotics, Japanese, Desi, or Chicano culture (the list really goes on and on), you are bound to find people you will connect with.

And you can always start your own club. All you have to do is be a member of the Associated Students, and find six others to form a club with you. That's what Trae Smith did — he started the Generation of the Future club. On the club's Instagram page, you will see tons of pictures of SMC students doing things for and with schoolkids, like teaching them how to rock climb, feeding the homeless, helping with homework, playing sports, cleaning up the beach, or going on hikes.

"I just want kids to know that it's cool to do well in school, and to help get them ready for the real world," says Smith, who never forgot how his life was influenced by mentors he met at after-school programs.

"We talk about our mistakes, our dreams and goals," says Steve Maldonado, 19, a member of the club. "We stress innovation and consistency, and want them to become great citizens."

"I am passionate because I want kids who don't see themselves as doing much in life to know that they can do so much more," says Antonio Cardenas, 21, a kinesiology major at SMC and another member of Generation of the Future. "I always tell them, 'You can always do better because you can.' Because it's true."

Maya Kaitel, 18, is a senior at SMC and also Chair of the Associated Students Inter-Club Council, which oversees all the student clubs. She tackles it all with calm confidence, but things weren't always this way.

"When I came to SMC, I had the worst timemanagement skills in the universe," says Kaitel. Taking on the responsibilities of being a student leader quickly taught her how to manage her time well, prioritize, and squeeze a social life into the mix.

Then, there is the STEM Club — which is what happens when a group of science, technology, engineering, and math students from SMC end up living in a dorm at UCLA for a summer internship. Military

"We want to help kids get ready for the real world."

- Trae Smith, President, Generation of the Future Club

veteran Jonathan Eady, 26, is an active member of the club. He started out as a music major and, although he wanted to, he never thought he could "do science" until he came to SMC. Now, he tells other students who are interested about what it's like to be a STEM major, and passes along all kinds of useful information about transfer, internships, and scholarships.

Being part of a student club is more than just about hanging out with people who are into the same things you are.

"It will change your entire college experience," says Sonali Bridges, Dean of Student Life. "You will become a well-rounded person and have a great time!"

Perhaps there is no better person to confirm the fact than Kaitel. When asked what her experience as a student at SMC has been like, she pulls out her iPhone and says she needs to find a quote from Oscar Wilde.

"The world is wide and has many marvelous people in it," reads Kaitel.

That, she says, sums up exactly what Santa Monica College means to her.

To find out more about how you can take part in student clubs and other Associated Students activities, visit www.smc.edu/associated_students or stop by the Student Life Office, located in Room 202 of Cayton Center (above the cafeteria).

Education

Students taking Early Childhood Education and Education courses that include field work may be required to pay for Live Scan fingerprint processing andlor a TB test.

There is a limitation of 6 units in Education that are transferable to the CSU. Please note, EDUC 1 and EDUC 2 are the courses recommended to students who wish to become teachers.

EDUC 1, CAREER CHOICES IN EDUCATION 3 UNITS

Transfer: UC. CSU

The course provides an introductory overview of the Early Childhood through 12th grade teaching profession. It will explore the philosophy, history and sociology of the American educational system with an emphasis on elements unique to the state of California. In addition, qualities of effective educators, elements and purposes of a professional portfolio, and critical issues in diverse contemporary classrooms will be addressed. Students will record school site observations that will be archived to a professional e-portfolio. Portfolio training will be provided within the course.

Students will perform up to 20 hours of field work in a school classroom.

EDUC 2, THE EARLY CHILDHOOD THROUGH 12TH GRADE TEACHING EXPERIENCE 3 UNITS

Transfer IIC CSII

This course builds upon the foundation of Education 1. Students will gain actual tutoring experience with K through 12th graders and document observations of their experiences. Special attention to teaching strategies, observation techniques, and engaging children with diverse learning styles and needs will be emphasized. Examination of personal suitability for the teaching profession, preparation for state teacher exams and transfer to four year institutions to complete teaching credentialing will be discussed. The professional E-portfolio training will be continued from Education 1.

T.B. Test and fingerprint clearance required for class participation (fingerprint fee TBA).

Energy Efficiency

Energy 1, Energy 2, and Energy 3 are part of a Certificate program within the Sustainable Technologies Program. Students interested in a degree or certificate in Energy Efficiency must attend the mandatory orientation on Wednesday, February 4, 2015, 4-6 p.m. in HSS 251.

ENERGY 1, INTRODUCTION TO ENERGY EFFICIENCY 3 UNITS

• Prerequisite: None.

This course will present basic energy concepts, lighting fundamentals and identification of opportunities for efficiency changes in buildings. Topics include scientific principles of energy, light and heat, energy codes and standards, metering and monitoring. Students will examine the economic, regulatory, and infrastructure issues affecting implementation of energy efficiency measures as well as their potential for solving energy and environmental problems.

ENERGY 2, RESIDENTIAL BUILDING SCIENCE 3

TIMIT

• Prerequisite: None.

This course will develop an intermediate level of understanding of energy efficiency concepts especially as they apply to reductions in residential energy consumption and the practice of Building Performance Analysis. This course will cover energy and power concepts, rate options, load profile understanding, an introduction to smart grid technology, deeper understanding of the principles of heat, air, and moisture movement in residential homes. Students will be introduced to the operation of energy audit equipment such as the blower door test, the duct blaster, and the combustion analyzer. Student will learn to identify CAZ zones (combustion air zones) and to structure the placement of the blower door and duct blaster and develop the procedure for measuring air leakage rates of a typical residential home.

ENERGY 3, COMMERCIAL BUILDING SCIENCE

• Skills Advisory: Energy Efficiency 1 and 2.

This course examines energy efficiency concepts as they apply to reductions in energy consumption for commercial buildings. Assessment of building performance related to design, construction, and operation will be analyzed. Students will examine various gas and electric rate options, HVAC systems and types of high-intensity lighting. Load profiles, calculating return on investment, and life-cycle cost of commercial building energy retrofit measures are explored.

ENGL 20. READING AND WRITING 2

5 UNITS

• Prerequisite: English 85 OR English 81A and 83A.

This course is designed to help students improve intermediate reading and writing skills necessary for college success. Students will increase their reading comprehension and vocabulary; they will build their understanding of patterns of organization used in academic writing, as well as their inferential reading techniques. Through the integrated study of reading and writing, students will develop an efficient writing process appropriate to audience and purpose. The course requires classroom work, weekly reading /writing lab work, and homework. In English 20, students will also review grammar and usage and develop skill in writing in-class, timed essays.

ENGL 85, READING AND WRITING 1

5 UNITS

Prerequisite: None.

This course is designed to improve basic reading and writing skills necessary for college success. Students will develop reading comprehension, vocabulary, patterns of organization, and inferential techniques, and employ these skills in the prewriting and writing process. The integration of reading and writing enables students to apply what they have read to the writing process, starting with the paragraph and expanding to the basic essay. The course requires classroom work, lab work and homework. English 85 is offered as a credit/ no credit class.

ENGL 57, LATIN-AMERICAN LITERATURE

3 UNITS

Transfer: UC, CSU IGETC AREA 3A (Humanities)

• Prerequisite: English 1.

This course surveys 20th Century Latin-American literature. The poetry section begins with Dario and modernismo (1888-1910), postmodernismo (1910-1918) and vanguardismo (1918-1938): Neruda, Vallejo, Huidobro, Mistral, and Paz, among others, and concludes with postvanguardismo: Afro-Caribbean and other post-war poetic currents. Prose fiction will begin with realismo or criollismo (1880s-1930s), but will focus on the post-1940s, when Latin-American prose begins to enjoy international renown: Borges, Carpentier and Asturias, precursors to the "boom," then Fuentes, Sabato, Vargas Llosa, Donoso, Cortazar, and Garcia Marguez, whose works popularized "magic realism." The course will conclude with contemporary writers, such as Cabrera Infante, Allende, and Puig. 4185 6:45p-9:50p W DRSCHR 213 Staff

Please call (310) 434-3700 or visit the Academy website at http://lacademy.smc.edu for information on admission to the Entertainment Technology program which offers courses in Animation, Game Development, Post Production, Visual Effects and Web Design. Internships are also available.

ET 2, STORYTELLING

3 UNITS

• Prerequisite: None.

This introductory critical thinking class covers the fundamentals of storytelling and story structure. Students will explore a general history of storytelling, from its pictorial roots of cave paintings to its modern forms in entertainment media. This class includes an overview of different cultures and how these cultures use story to entertain and disseminate social values. Emphasis will be on how story is used in modern Western society and how storytelling impacts moral issues. Guest lectures from the entertainment industry will come to share with the class their ideas on storytelling in modern media. Students will learn to prepare and tell effective stories.

ET 11, COMPUTER SKILLS FOR DIGITAL MEDIA

3 UNITS
Transfer: CSU

• Prerequisite: None.

This introductory course covers the computer skills, concepts, and essential software needed to work successfully in the fields of computer animation and interactive media. Students will learn the use of general computer skills such as file organization for projects, keyboard shortcuts, using local area networks, and using proper file suffixes. Digital image concepts such as vector and rastor images, color bit depth, and pixel dimensions will be introduced. Key software applications will be covered for rastor image editing, vector image editing, audio, web browsing, and spreadsheets.

ET 13. 2D GAME PROTOTYPING

3 UNITS Transfer: CSU

• Prerequisite: None.

• Advisory: Entertainment Technology 42.

This computer-based course is focused on the design and implementation of successful prototypes for console, mobile and casual gaming platforms, and the Internet. Students will learn the fundamentals of software authoring for these platforms including interactive story telling, navigation metaphors, technical constraints, gaming basics, and usability. Students will gain experience working with media (text, graphics, animation, video, and audio), using authoring environments, and writing scripts to control interactivity. Students will design and implement game and software titles that can be included in their portfolios.

This course uses the Gamemaker gaming engine.

3 UNITS

Transfer: CSU

Prerequisite: Entertainment Technology 24
Skills Advisory: Entertainment Technology 13

This course covers the fundamentals of game design and prototyping using 3D software authoring tools to incorporate various pre-existing static and dynamic game assets into original game levels. The focus of this class is on intelligent level design and creating script driven play mechanics to introduce interactivity and various game play elements. Students will plan and design levels effectively on paper before developing working 3D prototypes that can be play tested. Basic knowledge of 3D graphics is required.

This course uses the Unreal Engine 3.

3 UNITS Transfer: CSU

• Prerequisite: Entertainment Technology 24.

This course provides an overview of the production process used to construct digital characters and environments. Using industry-standard tools and methods, students will learn to create production-ready 3D models. Organic and inorganic modeling with polygons, NURBS and subdivision surfaces will be covered. Students will also learn the basic principles of digital sculpting software as well as methods for optimizing models for 3D game engines.

This course uses Autodesk Maya and Pixologic ZBrush. 6:30p-9:35p M AIR 135 4201 Williams V J Above section 4201 meets at the Airport Arts Campus, 2800 Airport Avenue, Santa Monica Airport.

ET 25B, 3D CHARACTER CREATION

3 UNITS Transfer: CSU

• Prerequisite: Entertainment Technology 25.

This course covers digital character creation techniques from basic design principles to advanced digital sculpting techniques. The first part of the course explores the aesthetic and psychological aspects of design that will enable students to create compelling and original character and creature concepts. The second part of the course focuses on the technical aspects of creating characters in Maya. Students will advance from creating basic cartoon characters to high-end, film-ready creatures using fluids, hair, cloth, dynamics and digital sculpting tools to achieve the highest level of realism and energy in their digital sculptures.

This course uses Autodesk Maya and Pixologic ZBrush. 2210 9:30a-12:35p Sat **AIR 135** Above section 2210 meets at the Airport Arts Campus, 2800 Airport Avenue, Santa Monica Airport.

ET 26, 3D RENDERING

3 UNITS Transfer: CSU

• Prerequisite: Entertainment Technology 25.

This course provides an overview of the production process used to render digital characters and environments. Using industry-standard tools and methods, students will learn to create photo-realistic and stylized renderings. Advanced shading, lighting, rendering and compositing techniques will be covered

This course uses Autodesk Maya.

ET 44, GAME DESIGN/PLAY MECHANICS

3 UNITS

• Advisory: Entertainment Technology 42.

This course covers the fundamentals of game design. The focus is on building a solid understanding of play mechanics: the formal elements of play, the dramatic elements that make a game meaningful to its players, and the system dynamics that shape the overall experience. Lectures will use historical and current games and genres to illustrate key concepts. Topics include strategy and tactics, resource management, emergent complexity, puzzles and puzzle development, and the business of games. Students will learn the process of design through prototyping, playtesting and revising their own original game concepts.

ET 61, HISTORY OF ANIMATION

3 UNITS

• Prerequisite: None.

This course will explore the history of animation through its earliest beginnings to the present. In addition to the chronological order of events, this course will look at the multi-faceted aspects of this relatively modern art form. The influences of economics and social/political pressures on the art form will be examined. Included will be the study of individual animators and studios, big and small; different art techniques, materials 2D and 3D. The class will also examine the principles of movement and how they apply to the zoetrope as well as the computer.

Entertainment Technology 61 is the same as Graphic Design 74. Students may receive credit for one but not both.

This course satisfies the Santa Monica College Global Citizenship requirement.

This course introduces the field of environmental ethics with an emphasis on global environmental problems and global citizenship. The conceptual foundations of environmental attitudes and values are examined through an historical survey of philosophies of nature and human/ nature relations. Ethical theories are presented and used to analyze contemporary environmental problems, e.g. mistreatment of animals, pollution, climate change, species extinction, natural resource depletion, environmental racism etc. The ethical assumptions underlying various national and international responses to environmental problems will be analyzed and evaluated.

IGETC AREA 4 (Social and Behavioral Sciences)

• Prerequisite: None.

• Skills Advisory: Eligibility for English 1.

This course satisfies the Santa Monica College Global Citizenship requirement.

This course examines environmental politics, including, but not limited to the issues of population, natural resource use, habitat loss, global climate change and pollution. The political, economic, and social origins of environmental change and degradation are examined, as well as democratic, bureaucratic and market-based solutions to environmental problems advocated by environmental movements, interest groups and political parties. Arguments for best public policy responses to a range of environmental problems will be assessed and debated. The course offers a practical problem-solving approach which includes local, state, national and global environmental politics. Course content focuses primarily on political concepts, such as sustainable development and ecological democracy, and on the relations between a range of contemporary political values and the environmental policy recommendations of each. The course explores various perspectives on what it means to take political responsibility for reducing the human impact on the earth.

ENVRN 40, ENVIRONMENTAL PSYCHOLOGY

3 UNITS Transfer: UC, CSU

IGETC AREA 4 (Social & Behavioral Sciences)

• Prerequisite: None.

This course satisfies the Santa Monica College Global Citizenship

This course will focus on the theory and application of psychological principles as they relate to the causes of, and potential solutions to, current global environmental problems. Modern ecological issues (such as global climate change, habitat-loss, etc.) have their historical origin in human behavior; this class will focus both on relevant causal behaviors, and on the mental mechanisms that give rise to such behavior. An evolutionary perspective will be employed to identify the pathways by which the clash of a "universal human nature" and the modern environment results in an "evolutionary mismatch." Evolutionary models such as the "tragedy of the commons" will be elucidated with relevant and real world examples. In addition, the course will explore potential avenues to effectively reshape human kind's social, technological and economic relationship with its environment. As such, a systems approach will be taken that considers the human as a part of, as well as an influence on, ecosystems. Cutting edge research will be integrated from different domains of psychology (cognitive, social, developmental and evolutionary, etc.) as well as related fields (genetics, behavioral economics, game-theory, anthropology, etc.) to comprehensively study the human-environment interaction.

ENVRN 40 is the same course as PSYCH 40. Students may earn credit for one but not both.

FOCUS ON: GEOGRAPHIC INFORMATION SYSTEMS

Geo, Whiz!

G = Geographic: Pretend you are a firefighter and reports of a wildfire in Malibu come in. You and your comrades are throwing on your gear and getting ready to respond, but before you head out, and on your way there, you are able to look at these digital maps, which...

I = Information: ...show you exactly where you're going, how rough the terrain is, where there are trees and homes, how quickly the fire is progressing — and you can see it all right there on a screen. So you can decide what to do, how you are going to do it, and what risks stand in your way.

S = Systems: "Super cool!" "Empowering!" That's what students say about the software systems that allow you to capture, study, and then display all this geographic data through maps, making them come alive with information — collectively, they're called GIS. They bring you the "live" map on TV showing you how large an oil spill is, where it's spreading, and how animal or marine life is being affected by it. Or, at election time, those maps that show you how many counties in California are showing up blue or red, depending on their voting preferences — that's all done by GIS.

This should be a no-brainer.

"If you're not quite sure what you want to do — or even if you're sure what you want to do — take GIS," says Patrick Kahn, who teaches GIS at Santa Monica College and California State University, Northridge. The reason is simple: GIS consistently ranks among the top ten "fastest growing industries," and GIS jobs are now available in about every field you can think of: government, commerce, education, environmental and urban planning, to name a few. And even if you end up choosing a different career, being familiar with GIS will give you a huge advantage.

Antonio Solorio, now a park ranger in the City of Santa Monica, took an introductory GIS class with Professor Vicki Drake at SMC. Here, he learned the basics of the most widely used GIS software — ArcGIS — and all the other skills needed: map reading, remote sensing, and basic cartography.

"The professors at SMC are super understanding and, at the same time, encouraging and demanding," says Solorio. "This allowed us to step up to the plate and not get away with easy tasks." He went on from SMC to graduate from CSUN's geography program.

So what do you do when you're a navigation leader for the Sierra Club and don't like the new digital maps the United States Geological Service puts out? Why, take a GIS class at SMC and learn how to make your own maps! That's what happened to Robert Myers, who also serves as SMC's campus counsel. A study on SMC's

international student population Myers did for his final project revealed a couple of interesting finds: While it is common knowledge that SMC ranks #2 in international student population among community colleges nationwide, and #1 in California — SMC also shows up in the top-50 list of ALL colleges and universities. China, with the world's largest population, unsurprisingly ranks #1 with the largest number of international students at SMC, yet Sweden, with a significantly smaller population, ranks third in number of students attending SMC.

"I learned more in Vicki Drake's class at SMC than I did at UCLA," says Alexandra Conner, 23, who came back to SMC to study GIS after she had transferred to

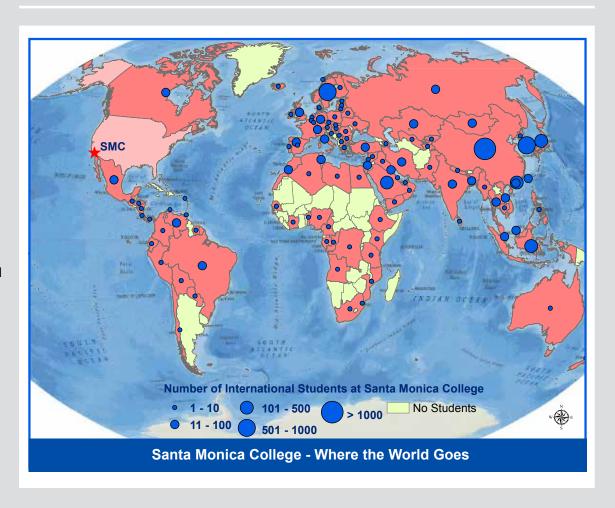

UCLA's geography program. Conner is currently interning as an independent researcher at NASA's Jet Propulsion Laboratory (JPL), and also with the Los Angeles Department of Transportation, doing all things GIS.

Conner plans on coming back to SMC to take the Intermediate GIS class.

While SMC currently does not offer a certificate or degree in GIS or geography, you can transfer — like Myers, Conner, or Solorio — to pursue geography and related GIS programs at top universities in California and across the nation. Please visit the Earth Science webpage at www.smc.edu/academicprograms/earthscience to find out more about the GIS courses offered at SMC.

This course introduces students to the multi-disciplinary study of urban society and space. Cities are examined both as complex social-economic groupings of people, and as material landscapes of buildings, pathways, and public and private spaces. Attention is paid to what cities are and have been (the evolving urban experience of the past and present) as well as to ever-changing ideas about what cities should be (urban planning and design for the future). While the overall perspective of the course is global, its primary focus is on the cities of North America and, in particular, the Los Angeles metropolitan area. This emphasis is evident both in the classroom and in field trips or other assignments that ask students to apply classroom ideas to our local urban setting.

GLOBAL STUDIES 95. GLOBAL LOS ANGELES -**EXPERIENTIAL LEARNING**

2 UNITS Transfer: CSU

• Prerequisite: None.

This course is a practicum in global studies in a local setting. As a hands-on course, students will engage in experiential learning outside the classroom through various agencies which have significant ties to international/ global issues. Each student will develop a reading list, customized to their particular agency's focus and complete a minimum of 30 hours of volunteer work with that agency. Students are required to complete a faculty-led orientation and submit academically-sound reflection journals to the SMC instructor. By applying theoretical ideas and empirical data to their experiences, students develop a deeper understanding of international and global relations and issues, particularly as they impact the target population(s) of the organization with which students are working.

This course is offered on a credit-no credit basis only. 2319 D Del Piccolo G L Arrange-2 Hours

Independent Studies

Independent study is intended for advanced students interested in doing independent research on special study topics. To be eligible, a student must demonstrate to the department chairperson the competence to do independent study. To apply for Independent Studies, the student is required, in a petition that may be obtained from the department chair, to state objectives to be achieved, activities and procedures to accomplish the study project, and the means by which the supervising instructor may assess accomplishment. Please see department listing for details. A maximum of six units of independent studies is allowed. Granting of UC transfer credit for an Independent Studies course is contingent upon an evaluation of the course outline by a UC campus.

Go that extra mile, or two

Bright posters on the wall spell out "Rules of Speech" and "The Writing Process," and there's a cheerful yellow clock that tells you what time it is with a chubby, pink hand. "We're ready to roll!" calls out an instructional assistant, and the buzz of conversation — what you did last night, what you had for breakfast, and how you just ran up three flights of stairs — dies down.

Welcome to a tutoring lab at Santa Monica College, where you can get all the help you need in the most welcoming kind of environment you could imagine. If you're shy about asking questions in class, no worries. Whether you need help with English, business, computer science, ESL, math, reading, science, or another language — all you have to do is drop by one of the labs, or even, if you're taking an English class, sign up for online assistance.

Lessons and activities in class are great, but everyone knows what a difference it makes when an instructor gives you even just a few minutes of time, dedicated just to you.

"When I was in college, it was the tutors who helped me to go from thinking like a high school student to thinking like a college student," recalls English professor Eleni Hioureas, who will ensure that she spends at least a few minutes with you, and who has tutors or instructional assistants help her give you one-on-one attention.

What can you expect when you show up for tutoring? "Expect to do a lot of work," says English instructional assistant Katarina Meza. Don't think that a tutor will "fix" your work for you — wait, don't run away yet — but you can expect guidance along the way, as you figure out what it is that you will need to work on. It's almost like when you first learned to ride a bicycle, with someone running alongside, holding you steady, while you pedaled furiously and learned to stay on balance.

While several classes have tutoring labs that are mandatory, there are many hours available for one-on-one tutoring every week.

"If you're pulling a B, trust me, you can get an A," says Tony Prestby, Director of Supplemental Instruction and Tutoring Programs. "You have all the resources here. You just need to use them."

"I really like the tutors here," says Magaly Gonzalez, 18. "They help me understand content better." Her friend, Yvette Diaz, 22, adds, "They separate you into small groups, and that way if you need help, it's easier to get."

Tutoring at SMC is free for all currently registered students, and it is available for most courses. Most campus tutoring centers offer drop-in tutoring service, and a few centers offer tutoring by appointment.

"You get out what you put in, but tutoring will definitely make your life easier in the long run."

- Katarina Meza, English Instructional Assistant

Judith Mosher, coordinator for the math tutoring lab, also can't say enough about the importance of coming prepared for tutoring, and giving yourself enough time to make the most of it. In other words, if you show up a half hour before a test, that really isn't the way to take advantage of tutoring.

"To a certain degree, you have to stay on top of your studies," says Mosher. "We're not here to replace teachers.... Try not to fall too far behind in the subject."

"Tutoring works only if YOU want it to work," says Meza. "Be open and receptive — it's a learning process. You get out what you put in, but it will definitely make your life easier in the long run."

To find out what sorts of tutoring services SMC offers and how you can take advantage of them, see the listing for Tutoring Services in the Information & Policies section of this schedule of classes, or visit the tutoring website (library.smc.edu/tutoring).

Linguistics

LING 1, INTRODUCTION TO LINGUISTICS

3 UNITS

• Prerequisite: None.

Transfer: UC. CSU

This course satisfies the Santa Monica College Global Citizenship

This course is an introduction to the study of language. It provides an overview of the field of linguistics, its three dimensions of language structure: the sound system (phonetics and phonology), vocabulary (morphology), and grammar (syntax), and the way linguistic structure and context give rise to meaning (semantics and pragmatics). In addition the course considers how social practices are shaped by and shape language use, as well as how language is acquired and learned. The course provides a grounding in linguistics as a field of study, basic analytic skills for viewing and discussing language from a variety of perspectives, and greater awareness of the relevance of language across and within cultures.

Mathematics

Students new to the Santa Monica College mathematics program who wish to enroll in a course must take the Math Assessment test before enrolling. A student who has successfully completed college level math courses (earned a grade of C or better) at another institution may be able to verify having the prerequisites by submitting an official transcript. Continuing students must complete prerequisite courses with a grade of "C" or better.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. Which Pre-Collegiate Pathway? 49, 18, 20?

- Math 18 and Math 49 cannot be used as a prerequisite course in place of a listed Math 20 Prerequisite. Students who plan to take a noncourse which lists Math 20 as a prerequisite should take Math 20 unless otherwise advised by the department offering the non-math course.
- Students who know they will need only Math 21 or Math 54 for transfer, usually Liberal Arts and Social Science majors, may take either Math 49, OR Math 31 & 18, OR Math 31 & 20.
- Students who need to complete precalculus or calculus series for their intended major (Ex. Science majors, Engineering majors, Computer Science majors, STEM majors, most business majors etc.) or plan to take Math 41 or are undecided about their major should not take Math 18 or 49. They should instead take Math 20.
- For specific questions about the math required for your specific major. please consult the SMC Math department website, www.smc.edu/math, or see an SMC Counselor.

MATH 41, MATHEMATICS FOR ELEMENTARY SCHOOL **TEACHERS 3 UNITS**

Prerequisite: Math 20.

Transfer: UC, CSU

This course is designed for preservice elementary school teachers. The course will examine five content areas: Numeration (historical development of numeration system); Set Theory (descriptions of sets, operations of sets. Venn Diagrams); Number Theory (divisibility, primes and composites, greatest common divisor, least common multiple); Properties of Numbers (whole numbers, integers, rational numbers and models for teaching binary operations); and Problem Solving (strategies, models to solve problems, inductive and deductive reasoning).

Math 41 fulfills the mathematics requirement for the Liberal Arts major at CSU campuses but does not meet the mathematics admission requirement at any of the CSU campuses. Please contact a counselor if you have questions.

We've Got Your Back

flu strikes. Or, you have a big test and have such a splitting headache that you can barely see straight. To say that staying healthy is important for your success in college is like saying ice cream needs to be served cold. Here at SMC, the Health Services Center sits right next to the cafeteria. You can drop in for first aid, a flu shot, or some aspirin, or to get your blood pressure checked, or to get information on everything from safe sex to quitting drugs, alcohol or tobacco, and more!

"Our goal is your success," says Health Services
Center coordinator Gloria Lopez, who will not hesitate to
display a big, colorful foldout presentation with sexually
transmitted diseases shown larger than life. But before
you lose your appetite, you will realize that Lopez cares
deeply about you and keeping you healthy, in every way
possible.

So if your heart is beating fast and you're having trouble breathing, go to Health Services, where Nurse Lopez will take your blood pressure and very likely ask you how many energy drinks or cups of coffee you've had.

"Very often, students will come in with high blood pressure, and they'll say they've pulled an all-nighter," says Lopez. "If you need to pull an all-nighter, take a nap! You can't do it exhausted and on all the stuff in those energy drinks."

And you definitely do not need to wait till you're sick or your heart's beating like a fast train to visit the Health Services Center. If you're worried about your health in αny way — including your mental health — there is help available.

For example, let's say that there are deeper issues that are really affecting your ability to do well in school, not to mention life in general. If what you're concerned about has to do with your emotions or mental state, you can find help at SMC's Psychological Services, located in Room 110 of the Liberal Arts Building.

"If you're stressed about school, feeling depressed, or have thoughts about hurting yourself, don't hesitate to drop by and see us," says Alison Brown, staff psychologist at Psychological Services. There are counselors there you can talk to, and if it's something that absolutely cannot wait, there are "walk-in" hours when you can just pop in.

And then there's the figurative "pain in the neck" you might find yourself facing — the process of filling out paperwork to go a clinic or hospital, or to figure out if and how you can qualify for insurance. But the people at the Health Services Center and at Psychological Services can help you figure out all that stuff, too.

And what will all these services cost you?

Pretty much nothing! Except for immunizations and vaccinations typically provided at cost, the services provided through the Health Services Center and Psychological Services are all covered by the Health Services fee you pay at registration — a mere \$19 for the Fall or Spring semester, and \$16 for the Summer or Winter session.

What is the difference between going to Health Services on campus and going to a clinic or hospital elsewhere, other than the obvious fact that it will cost you next to nothing?

"The speed of service," says Lopez. "We want to get you feeling better and back into class. Don't worry. We'll tell you if you can't go back to class, and if we have to refer you somewhere else, we will notify your instructor. So just come in and get treated!" Visit www.smc.edu/healthcenter for information on everything that you can get help for through SMC's Health Services Center, and visit www.smc.edu/psychologicalservices for details about help offered through SMC's Psychological Services.

"We want to get you feeling better and back into class."

NURSING 25, PSYCHIATRIC – MENTAL HEALTH NURSING

1.5 UNITS

Transfer: CSU

• Prerequisite: Nursing 20 and 20L (or Nursing 19 and Advanced Placement).

This course must be taken concurrently with Nursing 25L.

The focus of this specialty course is to introduce the nursing student to the principles of psychiatric-mental health nursing as applied to patients across the life span. Emphasis will be placed on meeting self-care deficits of patients exhibiting symptoms of common psychiatric disorders and patients experiencing emotional responses to stress and illness. This course will cover concepts of mental health, mental illness, stress, and coping, assessment of common psychiatric disorders, biological and psychosocial modes of intervention, and therapeutic nursing responses.

2.5 UNITS

 Prerequisite: Nursing 16, Nursing 17, Nursing 25, Nursing 25L, Nursing 28.

Nursing 30 and 30L must be taken concurrently.

This course presents increasingly complex concepts involving adults with both medical and surgical health deviations and the required nursing assistance. It utilizes Orem's Self-Care Model in meeting health deviation needs of the patient experiencing gastrointestinal, renal, oncological, hematological, female reproductive, and immune system disorders. The universal self-care requisites are assessed and evaluated. Emphasis is placed on the development of a broad, scientific knowledge base including reasoning, judgment, communication, critical thinking, and professional role development. The nursing process and professional role development are used as an organization and practice framework. Gerontology concepts are presented along with health promotion and health maintenance strategies.

• Prerequisite: Nursing 16, Nursing 17, Nursing 25, Nursing 25L, Nursing 28.

Nursing 30 and 30L must be taken concurrently.

The focus of this nursing laboratory course is to provide the continuing student with the opportunity to apply increasingly complex medical-surgical concepts of care for adults with health deviations. Students will assess, plan, provide, and evaluate the provision of nursing assistance in the clinical laboratory. The Orem's Self-Care Model will be used as a framework to safely meet nursing needs of the patient with gastrointestinal, renal, oncological, hematological, female reproductive, and immune system disorders. Students will assess the adult and older adult's self-care requisites, determine the therapeutic self-care demand, and apply the nursing process. Professional role development is integrated throughout, along with application of critical thinking, communication theory, clinical judgment, and sound reasoning. Laboratory experiences will be held in the acute care or community setting.

• Prerequisite: Phototography 2.

This course explores the genre of documentary photography while focusing on various communities in the Los Angeles area. Students will create an in-depth project and present a portfolio of photographs documenting the unique characteristics of individual communities in Los Angeles. Each semester will offer a unifying, rotating topic that may focus on specific neighborhoods, subcultures, or other appropriate themes. Lectures focus on historical photographic references and contemporary social issues. The importance and power of documentary photography are discussed and historical examples that have inspired change or shaped our perception of communities are explored. Students utilize large format cameras and film (in addition to their own digital cameras) as a way of better understanding historical processes in photography and nurturing a respect for the medium's alternative, non-commercial side.

Photovoltaic Systems

PV 1. PV 2, and PV 3, are part of a Certificate program within the Sustainable Technologies Program. Students interested in a degree or certificate in Solar Photovoltaic Systems must attend the mandatory orientation on Wednesday, February 4, 2015, 4-6 p.m. in HSS 251.

PV 1, INTRODUCTION TO SOLAR ENERGY SYSTEMS 3 UNITS

Students will gain a basic understanding of the introductory principles of solar photovoltaic systems and renewable energy alternatives. Basic electrical theory, the variables of PV system design, and capacity requirements for photovoltaic systems will be reviewed. Topics will include the scientific principles, materials and manufacturing, system components, codes, energy efficiency, and safe installation procedures for each technology. Students will examine the economic, regulatory, and infrastructure issues affecting the adoption of solar technologies, as well as their potential in solving energy and environmental problems.

PV 2, INTERMEDIATE SOLAR PHOTOVOLTAIC SYSTEM **3 UNITS** INSTALLATION

• Prerequisite: Photovoltaic Systems 1.

This course will prepare students for entry-level employment in the solar photovoltaic (PV) industry and for potential follow-on training in system design. Combining theory and hands-on application, this course will include basic electricity, electricity fundamentals in solar PV systems and PV safety. Introduction to site analysis, PV system sizing and design, components and equipment, product installation, net metering laws, local codes, and National Electrical Code (NEC) PV requirements will be discussed.

PV 3, ADVANCED SOLAR PHOTOVOLTAIC SYSTEMS 4 UNITS

• Prerequisite: Photovoltaic Systems 2.

This course will examine the theoretical and technical dimensions of solar photovoltaic systems in detail. It will provide the hands-on instruction necessary for entry to mid-level employment in the industry. Students will learn advanced principles of electricity and how they apply to solar PV systems. They will review PV safety, site analysis, PV system sizing and design, components and equipment. Detailed discussions on product installation, troubleshooting, net metering laws, local codes, and National Electrical Code (NEC) PV requirements will be covered. Successful participants will be qualified to take the North America Board of Certified Energy Practitioners (NABCEP) Entry Level exam.

• Prerequisite: None.

• Skills Advisory: Photovoltaic Systems 1.

This course is designed for students interested in a career in the photovoltaics (PV) industry. The fundamental principles of selling PV systems will be covered as well as the activities that support sales such as PV system design and engineering. The course will cover marketing, customer relations, technical and cost proposal development, and working with authorities having jurisdiction over the installation and interconnection of PV systems.

PSYCH 40, ENVIRONMENTAL PSYCHOLOGY

3 UNITS

Transfer: UC, CSU IGETC AREA 4 (Social & Behavioral Sciences)

Prerequisite: None.

This course satisfies the Santa Monica College Global Citizenship

This course will focus on the theory and application of psychological principles as they relate to the causes of, and potential solutions to, current global environmental problems. Modern ecological issues (such as global climate change, habitat-loss, etc.) have their historical origin in human behavior; this class will focus both on relevant causal behaviors, and on the mental mechanisms that give rise to such behavior. An evolutionary perspective will be employed to identify the pathways by which the clash of a "universal human nature" and the modern environment results in an "evolutionary mismatch." Evolutionary models such as the "tragedy of the commons" will be elucidated with relevant and real world examples. In addition, the course will explore potential avenues to effectively reshape human kind's social, technological and economic relationship with its environment. As such, a systems approach will be taken that considers the human as a part of, as well as an influence on, ecosystems. Cutting edge research will be integrated from different domains of psychology (cognitive, social, developmental and evolutionary, etc.) as well as related fields (genetics, behavioral economics, game-theory, anthropology, etc.) to comprehensively study the human-environment interaction.

PSYCH 40 is the same course as ENVRN 40. Students may earn credit for one but not both.

You're Here, You're Family

nce you come to Santa Monica College, whether you take just one class or leave with a degree or certificate under your belt, we consider you part of the SMC family. That means we want to keep you connected with us, and with other students who have moved on from SMC. Chances are, these connections will turn out to be very helpful.

Take Scott Pine, for example.

In 2013, Pine, 22, won a Jack Kent Cooke (JKC) Scholarship, which is the largest private-funded scholarship of its kind in the country. But Pine's journey to the scholarship — \$30,000 every year for four years at UCLA — wasn't an easy one.

"In high school, I was hanging out with the wrong crowd and I was a bad student," says Pine, who grew up in a home where he did not have parental guidance. He aspired to be a football star, but those dreams went out the door when he suffered a severe concussion to the head.

"I was laid up in bed like a mummy for months, and I thought about my future," says Pine. "That was a turning point." He came to SMC committed to getting a college education, knowing that he was not ready academically, but that he had a goal.

It didn't take Pine long to get up to speed. He became a psychology major, a President's Ambassador (one of a select group of students who represent SMC's President at community events), and when the time came to apply for the JKC scholarship, Pine turned to his SMC family — our Alumni Association — for help.

Deirdre Weaver, the project manager for campus and alumni relations who oversees the SMC Alumni Association, put Pine in touch with Stephen Olsen, who had been the first SMC student to win the JKC scholarship, just two years earlier.

"Stephen mentored me to make my application competitive," says Pine, who made news as the second SMC student to win the scholarship. "The Alumni Association helped me achieve my dream."

Aicha Conde, 19, went to an Alumni Association reception in a Manhattan penthouse, where she had the chance to hang out with SMC President Dr. Chui Tsang, SMC alumni, and current SMC students. And on that rainy evening, she made up her mind on where she was going to college. Today, Conde is part of SMC's Scholars Program, has a part-time job on campus, and is also a President's Ambassador.

"I had so many fears about coming to a place where I didn't know anybody," says Conde. "But I met all these people from SMC, and people who had transferred into

"One of the greatest things I had at SMC was a community of mentors, a shoulder to cry on, people to share my hopes and dreams with."

- Scott Pine, Jack Kent Cooke Scholarship Winner

other universities, and I got a taste of the kind of legacy I was going to be a part of."

Her experience has come "full circle," says Conde, because those same people who helped her make up her mind to choose SMC are helping her live out her dreams here

"Your presence matters," says Weaver. "We are activating a network which is all about building relationships between hundreds of thousands of alums who have gone on to the University of Southern California, all the University of California campuses, California State Universities, Harvard, Princeton... and to connect them to current students." The vision, adds Weaver, is that every time SMC students set foot on another campus, an SMC alum will be there to greet them.

Weaver, an SMC alumna herself, recalls what it was like to be at UCLA and run into someone from SMC.

"It was like, ooohhh, SMC.... You romanticize everything: It never rained, the food was always good, every class was amazing," says Weaver. "And all of a

sudden, the person you may never have connected with at SMC becomes part of your identity in this new place."

It costs you nothing to be a part of the Alumni Association. And you'll enjoy such benefits as an informative newsletter, exclusive invitations to receptions and other activities, and the opportunity to reach out to people who have been where you are headed.

"One of the greatest things I had at SMC was a community of mentors: people who gave me a shoulder to cry on, and people to share my hopes and dreams with," adds Pine, who says he misses having that sense of community at UCLA. "And that's why I'm here today — I'm not saying it to be cliché."

The SMC Alumni Association has a club at UCLA called "SMC to UCLA," and there are plans to start "SMC to USC" and "SMC to CSUN" clubs this spring. To find out how you can participate in Alumni Association activities on campus, and to become a part of the rapidly growing online Alumni Association network, visit our website at alumni.smc.edu or call the Alumni Office at (310) 434-8400.

Urban Studies

URBAN 8, INTRODUCTION TO URBAN STUDIES

3 UNITS

Transfer: UC, CSU

IGETC AREA 4 (Social and Behavioral Sciences)

Prerequisite: None.

This course introduces students to the multi-disciplinary study of urban society and space. Cities are examined both as complex social-economic groupings of people, and as material landscapes of buildings, pathways, and public and private spaces. Attention is paid to what cities are and have been (the evolving urban experience of the past and present) as well as to ever-changing ideas about what cities should be (urban planning and design for the future). While the overall perspective of the course is global, its primary focus is on the cities of North America and, in particular, the Los Angeles metropolitan area. This emphasis is evident both in the classroom and in field trips or other assignments that ask students to apply classroom ideas to our local urban setting.

Urban Studies 8 is the same course as Geography 8. Students may earn credit for one, but not both.

3 UNITS Transfer: CSU

Morris P S

• Prerequisite: None.

This course is an application of feminist theories and women's studies pedagogy to leadership development. Utilizing the methods and tools found in the interdisciplinary field of women's studies, the course is rooted in theoretically-based and thoughtfully-organized individual and collective action through leadership training, group activities, service-learning, and networking opportunities both on and off campus. While emphasizing the importance of praxis-connecting theory and practice students will develop an understanding of a broad range of women's experiences across class, racial/ethnic, and international lines. Students will initiate, design, and implement a "field project" of their choosing that incorporates and demonstrates an application of what is being learned in the classroom. Specific course content fluctuates based on individual and group interests, available resources, and community needs.

IGETC AREA 4D (Social & Behavioral Sciences)

• Prerequisite: None.

This course introduces and utilizes feminist theories to examine salient issues that women confront around the world and the variant movements of resistance and social change spurred by these issues. The course includes an examination of both historical and contemporary women's activism around the globe, including feminist movements that focus on political, economic, cultural, and environmental change, as well as an assessment of the impact of globalization on women's lives. Particular attention may be given to Third World women, poor women, women of color, immigrant women, incarcerated women, women and war, women with disabilities, and queer people.

WOM ST 30, WOMEN AND POPULAR CULTURE 3 UNITS

Transfer: UC, CSU

Prerequisite: None.

Utilizing feminist theories and feminist analysis, this course examines the relationship between women and popular culture. Students will examine historical and contemporary images and roles of women in popular culture (including print, film, television, music, advertising, and consumerism) and situate these images and roles within changing socio-historical, political, and economic contexts. This course utilizes the lens of feminist theories to critically analyze how popular culture constructs gender and how these constructions become cultural norms and values. The intersection of gender, race, class, and sexual orientation is examined throughout the course and the relationship between popular culture and feminist movements is emphasized.

General Education Classes

You can build your schedule through the variety of formats we offer such as weekend and short-term classes and classes held at our satellite campuses (Airport Arts Campus, Bundy Campus, and Performing Arts Center).

Weekend College

You can satisfy some of your Associate degree and transfer requirements by attending SMC on the weekend! We offer General Education, transferable courses to help you progress toward your personal educational goals. We also offer classes related to our career technical certificates. There are sections offered in a short-term, accelerated format; in a "hybrid" format using both online instruction and in class instruction; as well as traditional, full semester length courses. We also have sections which meet one weeknight plus Saturday morning. Below is a listing of these sections. Please see the full schedule for section details including IGETC credit and course start date

SPECIAL Programs

First Year Experience Program

The First Year Experience (FYE) program, offered through SMC's Welcome Center, helps you make a smooth transition from high school to college, sort out your career and education goals, and create a plan of action to reach those goals.

FYE will familiarize you with the SMC campus and its wide variety of student resources and programs (including Summer Bridge), and introduce you to a support network of students, faculty, and staff.

Other FYE benefits during your first year at SMC include:

- Academic advising and options for a faster path to transfer;
- Enrollment assistance;
- Guaranteed enrollment in English and math classes;
- Early registration for other classes;
- Free tutoring and other support to help you improve your math, reading, writing, and study skills: and
- Meeting with counselors on a regular basis to follow up with college and career plans.

To find out more about the First Year Experience program, stop by the Welcome Center or visit the FYE website (www.smc.edu/FYE). Please note that space is limited and students will be accepted into the FYE program on a first-come, first-served basis.

^{* (}meets UC Berkeley American Cultures graduation

Global Citizenship Degree Requirement

A student meeting the Global Citizenship degree requirement will develop an awareness of the diversity of cultures within the United States and/or an appreciation for the interconnectedness of cultural, ecological, economic, political, social and technological systems of the contemporary world. This prepares the student to make a responsible contribution to a rapidly changing global society. The student must take a minimum of three units in one of the following areas: American Cultures, Ecological Literacy, Global Studies, Service Learning, or a Santa Monica College Study Abroad Experience.

Scholars Program

The Scholars Program at Santa Monica College is a highly demanding, enriched educational program that prepares students with outstanding scholastic achievements for transfer to a four-year college or university. Students completing the Scholars Program are recognized as well-prepared and are **guaranteed priority consideration** at the junior level in most majors at:

- University of California, Los Angeles,
- University of California, Santa Cruz,
- University of California, Irvine,
- California State University, Northridge,
- Loyola-Marymount University,
- · Occidental College,
- Pomona College, and
- Chapman College.

Scholars Program students receive a number of benefits including:

- Priority registration at Santa Monica College;
- A special Scholars counselor and Scholars tutor to help during their semesters at Santa Monica College;
- Special Scholars Classes limited to 25 students;
- Workshops and other assistance in registration, financial aid, and housing at their transfer institutions; and
- Special invitations to a variety of programs at Santa Monica College and the participating universities.

To be eligible for the Scholars Program, students must first apply through the Scholars Program Office and meet the following requirements:

Freshmen:

- Must have a minimum 3.0 GPA in high school,
- Must be eligible to take English 1, and
- Must write an essay to be evaluated by the Scholars Program Coordinator and the Scholars Counselor.

Continuing Students:

- Must have a minimum 3.0 GPA in at least 12 units of UC/CSU transferable courses and
- Must have an A or B in English 21 or English 1 at SMC.

Once accepted into the program, students are required to:

- Maintain a minimum overall grade point average (GPA) of 3.0,
- Complete special Scholars Program courses, and
- Complete all pre-major and general education requirements set by their transfer institution.

The special Scholars Program courses are rigorous, university-level sections that satisfy general education requirements in the following areas:

- English Composition and Critical Thinking
- Life Science
- Mathematics
- Physical Science
- Social Science

For further information, please call Teresa Garcia in the Scholars Program Office at (310) 434-4371.

Note: Scholars students will receive Scholars credit for any section of Biology 21 or 23 as well as any Modern Language Intermediate I or II course (with prior approval of the Scholars Coordinator).

SRI/STEM Program

The Science Research Initiative (SRI) is an academic support program designed to assist students interested in pursuing Science, Technology, Engineering, or Mathematics majors/careers. The SRI program will help program participants successfully complete their studies at SMC, transfer to ANY baccalaureate program, and/or enter the STEM workforce.

SRI/STEM designated classes are intended to assist SRI participants identify sections that will fulfill program requirements (i.e. Supplemental Instruction) and connect them with SRI/STEM program faculty.

SRI/STEM sections do not require any additional course work or special add codes. They are open to ALL SMC students who meet the existing course prerequisites.

Section Enrollment temporarily limited to program participants:

Black Collegians Program

The Santa Monica College Black Collegians is an academic-transfer program that promotes academic excellence and guides students through the transfer process. Students are assisted in examining their options for transfer and in completing an educational plan which will lead to transferring to the institution of their choice.

Since 1990, nearly four hundred SMC Black Collegians have transferred to four-year colleges and universities. They are currently attending or have graduated from institutions such as Spelman College, Howard University, CSU Long Beach, USC, Stanford, UCLA, and the University of California, Berkeley.

Some of the special benefits that students receive from the Black Collegians Program include: a personal counselor who will support and guide students throughout their stay at SMC; a special "College Success" course that will help students strengthen skills to enhance academic success; innovative academic and personal growth forums; a mentor who will advise and direct; access to a network of supportive peers, teachers and staff members; scholastic recognition and monetary awards.

Students who feel they can benefit from the opportunities offered by the Black Collegians Program are encouraged to apply in the Transfer/Counseling or the African American Collegian Centers. For additional information, contact Counselor Sherri Bradford, (310) 434-3635.

Latino Center/ Adelante Program

The Latino Center Adelante Program is a success-oriented program focusing on academic achievement, transfer, cultural awareness, and personal growth. Adelante classes are offered each semester and emphasize verbal, written, and critical thinking skills essential to college success. The classes accentuate the Latino experience within the context of a course's subject, and most classes offer credits that are transferable to the UC and CSU systems.

Students who join Adelante:

- Receive priority for enrolling in Adelante classes;
- Participate in classes with a large Latino enrollment;
- Join a network of Latino students and faculty;
- Become eligible for specially designated Latino Center scholarships; and
- Take classes with professors who have a special interest in promoting Latino student success.

The Adelante Program helps participants stay on track as they work toward meeting their educational goals. The support network offered by Adelante includes one-on-one bilingual counseling, peer mentoring, and the opportunity to develop supportive relationships with students, faculty, and staff.

For more information about the Adelante Program, please contact counselor Maria Martinez, or visit the Latino Center located in Counseling Complex next to Counseling. You may also visit the Latino Center webpage <www.smc.edullatino>. The following courses are recommended for students in the Adelante Program:

Santa Monica College provides access to its services, classes, and programs without regard to race, religious creed, color, national origin, ancestry, handicap, or gender. All students are eligible to apply for special programs. Please see program coordinator or attend orientation for additional information.

Study Abroad

Studying abroad is an enriching, life-changing experience! There is no substitute for the experience of living in another culture and learning—first-hand—how others think, live, and work.

Santa Monica College offers faculty-led Study Abroad programs designed to take students to another country and immerse them in an exciting and engaging learning program. Each program gives students the opportunity to earn SMC credit as they expand their own intercultural awareness and foster a more global experience. Students who successfully complete a minimum of three semester units while attending a Study Abroad program will fulfill SMC's Global Citizenship graduation requirement for the Associate degree.

Spring 2015 Costa Rica

The Spring 2015 study abroad program in Costa Rica (April 10-18) explores a wonderland of lush tropical forests, beaches, mountains, volcanoes, and an abundance of species unmatched anywhere. Course is Biology 45V (1 unit). Information sessions are December 6, 2014 and February 7, 2015, 9am to 11am, Science 134. See www.smc.edu/studyabroad for details.

Mentor Program in the Arts

Santa Monica College's Mentor Program in the Arts provides extremely gifted students in the fine and applied arts with one-on-one support training by professionals in their special fields. Designed for individuals whose talents exceed the scope of the traditional curriculum at the College, the Mentor Program is tailored to students whose continuing education or professional careers depend on juried performances or compiled portfolios of work.

Students in the program embark on a course of study in an intense learning environment with individual or small-group instruction in two areas: art and music. The program usually includes a public exhibition or performance. Upon completing the program, students are individually guided through the process of transferring to a university, art school, music conservatory, or other appropriate institution to continue their studies. In some cases, students are helped to launch their professional careers directly through placement in apprenticeship programs or employment with professionals in the field.

To participate, students must demonstrate exceptional ability and commitment. Each department has its own policies for admission, prerequisites, and corequisites in the program. The selection process is determined by a faculty committee and includes a portfolio review or an audition. This review usually takes place at the end of a semester for participation in the program the following semester. Students selected may participate for up to four semesters under the direct supervision and guidance of a designated Mentor.

Through the SMC Associates support group, scholarships, materials, and other resources are often made available to help these students. Students interested in participating in the Mentor Program should contact the chair of the department in which they would like to study as soon as possible. For other information, contact the appropriate Department Chair.

Internship Program

An internship is an off-campus or on-campus work experience that is designed to enhance student learning in the classroom. Through internships, students achieve "Learning Objectives" designed to help expand career options, learn about the 'work culture,' and develop new job skills.

Students interested in becoming interns can go to www.smc.edu/internship to find out how to get involved in SMC's Internship Program, and to www.smc.edu/jobs4u to find out about the many kinds of internships that are available.

To be eligible for an internship class, a student must be a 'continuing student' at Santa Monica College. A continuing student is one who attended SMC the previous Fall or Spring semester and completed at least 6 units. For example, a Fall semester or Summer session intern is required to have attended SMC the previous Spring semester and completed at least 6 units. A Spring semester intern is required to have attended SMC the previous Fall semester and completed at least 6 units.

To enroll in an internship, students are required to attend a one-hour **Internship Orientation** meeting at the beginning of the semester. Visit our website (www.smc.edulinternship) or call the Career Services Center for the orientation meeting schedule.

Students earn college credit based on the number of internship hours worked. Each unit of college credit requires 60 hours of unpaid (volunteer), or 75 hours of paid work per semester. The General Internship classes are listed in this schedule of classes are under Counseling and Testing. The classes are Counseling 90A, B, C, and D, and range from 1 to 4 units of credit. General Internships need not be related to the student's educational or career goals.

F-1 students must see the immigration coordinator at the International Educational Center before enrolling in an internship.

Several departments at SMC also offer **Specific Internships** that are related to a student's major or career goal. These internships combine on-the-job learning experiences with college curriculum, and are for students who are beginning, changing, or advancing in a career, or who are moving ahead in a major. Students can call the Career Services Center at (310) 434-4337 to find out which departments offer internships.

SMC's Career Services Center hosts an Internship Fair each Spring semester, offering students the opportunity to meet potential employers and ask questions about the internships being offered. Visit our website (www.smc.edulinternship) to find out when the next Internship Fair will be held.

For further information or for help in finding an internship, call the Career Services Center at (310) 434-4337, or visit our website (www.smc.edu/internship)

Academy of Entertainment & Technology

The Academy of Entertainment & Technology (AET)—an SMC satellite campus specially designed for media education and located in the heart of the Westside's entertainment production district—was launched in 1997 in collaboration with entertainment industry employers to provide students with a comprehensive, well-rounded education that prepares them to be flexible professionals in rapidly evolving media fields.

AET is home to the Entertainment Technology program, designed to meet the industry's need for creative professionals who excel in developing ideas and have the technical proficiency to execute them. Our instructors are experienced media professionals who bring first-hand knowledge of industry practices to the classroom and work in close collaboration with industry advisors to keep up with trends and changing requirements. In addition, participating companies often provide guest speakers and student internships.

The Entertainment Technology program offers comprehensive certificates of achievement in the following areas:

- Animation The Animation certificate combines a strong foundation in story and traditional animation with hands-on experience in animation pre-production and production processes. Technical areas of 2D and 3D production are covered in detail using industry-standard software and hardware.
- Digital Media The multilevel Digital Media certificate emphasizes the design and implementation of digital audio and video media for the entertainment industry. Areas of study also include storytelling, visual design, motion graphics, and project management.
 In addition to the certificates of achievement, the Entertainment Technology program also offers department certificates in the following areas:
- Game Design The Game Design curriculum offers a comprehensive study of the design and implementation of interactive media for the game industry.
- Digital Effects The Digital Effects curriculum provides a detailed analysis of the production process used in creating digital effects for the entertainment industry.

entertainment industry.
Selected Entertainment Technology courses are offered online through SMC's Distance Education program (see www.smconline.org for details).

AET is also home to the Design Technology department, providing a creative environment for students in its Graphic Design and Interior Architectural Design programs.

To find out more about SMC's Academy of Entertainment & Technology and our programs, please visit our website (academy.smc.edu), email a request to academy_program@smc.edu for our brochure, or give us a call at (310) 434-3700.

WELCOME CENTER

www.smc.edu/welcomecenter Cayton Center 110 (next to Cafeteria) 434-8101

The Welcome Center is a convenient "one-stop shop" where new students can find the information, services, and support you need to make a smooth transition to SMC. During enrollment periods, the Welcome Center has academic counselors and trained student ambassadors on hand to answer questions and assist you with admission and enrollment processes. At the Welcome Center, you can:

- Get help to resolve any admission or enrollment issues:
- Get information about financial aid and help with filling out financial aid applications;
- Take part in one-on-one and small-group counseling sessions;
- Seek personalized academic counseling and develop a customized educational plan; and
- Use computers to apply to SMC, enroll in classes, and/or complete their online orientation.

After enrollment ends, the Welcome Center continues to stay in touch with new students. Student ambassadors call new students during their first semester at SMC to find out how they are doing, whether they have any questions, and—if it seems necessary—to invite them to the Welcome Center for an individual counseling appointment.

The Welcome Center also offers the First Year Experience (FYE) program to help you make a smooth transition from high school to college, sort out your career and education goals, and create a plan of action to reach those goals. The program introduces you to a support network at SMC, helps you find your way around the SMC campus and its wide variety of student resources and programs (including Summer Bridge), and includes guaranteed enrollment in English and math classes, early registration in other classes, and free tutoring. See www.smc.edu/FYE for program details.

For more information about the Welcome Center, please see our webpage, call us, or stop by for a visit.

LIBRARY

. 434-4044

.434-4200

library.smc.edu Information Reference Service

434-4334 434-4254

The facilities of the Santa Monica College Library are available to:

- Students enrolled in at least one SMC class,
- Staff and faculty of the College, and
- Residents of the Santa Monica Community College District.

If you are a currently enrolled SMC student, your student ID card is your library card. If you are not an SMC student, but wish to have borrowing privileges, you may purchase a library card for \$20/year at the Circulation Desk. High school students, SMC volunteers, and faculty members at a school or university in the Santa Monica area may apply for a free Courtesy Card.

With more than 95,000 volumes and access to over 18,000 full-text periodicals, the SMC Library has one of the largest collections of materials in the California Community College system. Highly trained professional librarians are available in person or by e-mail to assist you with your research needs. The library provides more than 200 computers for student use to access a variety of information resources, including the library online catalog, full-text article databases, and Internet resources. These resources are available to SMC students and staff from off-campus locations through the library's webpage, using any computer with Internet access. Wireless access and network connections are available throughout the building to support users with laptop computers.

The library offers several courses designed to introduce students to the research process and available information resources: Library Research Methods (LIBR 1), Advanced Library Research Methods (LIBR 3), and Information Resources (LIB 10). All of these courses are strongly recommended for every SMC student, and are especially important for students planning to transfer to a four-year college or to a university. For descriptions of these courses, check the listings under "Library Studies" in this Schedule of Classes

Library hours during the Spring semester are:

Monday-Thursday 8 a.m.-9:45 p.m.

Friday 8 a.m.-4 p.m.

Saturday 11 a.m.-3:45 p.m.

During the Spring semester, the SMC Library is closed on Sundays, College holidays, and when classes are not in session.

Airport Arts 123A 434-4637 Bundy (next to main entrance) 434-3480 Performing Arts Center 105 434-3482

The SMC Bookstore sells new and used textbooks, school and office supplies, campus sweat- and T-shirts, and art and drafting materials. The bookstore also stocks class schedules and the SMC Catalog (which is updated annually).

The bookstore provides the International Standard Book Number (ISBN), retail price, and/or other information (subject to change) about the required or recommended textbooks and supplemental materials for each course offered at SMC. Please go to bookstore.smc.edu and click on "BUY TEXTBOOKS" for details.

Students with disabilities may find some areas of the bookstore inaccessible—please request assistance. A current booklist for classes is available through the Center for Students with Disabilities.

The online bookstore (go to bookstore.smc.edu and click on "BUY TEXTBOOKS") offers some especially convenient features: Students may browse through a catalog of items or search for a specific title, make purchases on the spot, and have their order shipped directly to their home.

Please see the bookstore's webpage for information on booklist postings and deadlines for a full refund on returned books. Note that all refunds for books—even those purchased at satellite branches will be given at the bookstore's main campus branch ONLY.

At specified times, the bookstore hosts buyback sessions for many of the textbooks purchased for classes at the College. The agency conducting the buy determines ALL prices offered for buybacks, and estimates will NOT be given over the phone. For specific

dates and times that buybacks will be held, please check with the bookstore's main campus branch.

Hours for the bookstore's main campus branch are:

Monday-Thursday 8 a.m.-7 p.m.

Friday 8 a.m.-3 p.m.

Hours for the bookstore branches at the SMC satellite campuses vary. Please call the branch directly to check hours.

For further information, please call the bookstore or visit our webpage.

TRANSFER/COUNSELING CENTER

www.smc.edu/counseling

Counseling Complex 434-4210

The Transfer/Counseling Center offers academic and transfer counseling, as well as a variety of other invaluable services to students. (Please call (310) 434-4380 for admission and registration information,.)

The academic counseling staff at Santa Monica College assists and advises ALL students on developing their educational plans, and facilitates the successful transfer of students to four-year institutions. Our counselors:

- Provide in-depth course-planning and other orientation services for new students who have completed coursework at other institutions;
- Help smooth the enrollment process;
- Provide information on Associate degrees and professional and career certificates;
- Provide information and counseling on transferring to colleges and universities;
- Evaluate prior college-level work at other schools to determine how it transfers to SMC and fouryear institutions;
- Help with probation and disqualification problems:
- Coordinate visits by campus representatives to SMC from more than 100 colleges and universities;
- Offer workshops each semester on transfer planning, filing a UC/CSU application, and completing the financial aid process;
- Arrange tours of California colleges and universities;
- Resolve transfer admission problems;
- Identify the general education classes needed to transfer; and
- Help students select classes that meet requirements for a particular major.

The Transfer/Counseling Center also provides counseling services online at www.smc.edu/online-counseling for students enrolled in on-campus courses (students enrolled in online courses should consult the information available at www.smconline.org).

Students with special academic counseling needs may also seek counseling services through EOPS/ CARE Office, the Center for Students with Disabilities, the International Education Center, Student Support Services (SSS), and Pico Promise Transfer Academy (PPTA), among others.

First-time freshmen can find services tailored to meet the needs of new students at our "one-stop" Welcome Center, located adjacent to the Health Services Center.

For information on the counseling services these various programs provide, please see their individual descriptions in this section of the schedule of classes.

AFRICAN AMERICAN COLLEGIAN CENTER

www.smc.edu/blackcollegians Counseling Complex

434-4232

The African American Collegian Center offers comprehensive support services to help meet the special needs of SMC students and enhance their educational experience by providing:

- Academic, vocational, career, and personal counseling;
- Access to computers; and
- Tutoring in English and in math.

The African American Collegian Center also coordinates the Black Collegians Program (see description in the "Planning Guides & Special Programs" section of this Schedule of Classes, or visit www.smc. edu/blackcollegians for details). The Black Collegians Program offers a variety of mentoring and support services that promote academic excellence and guide students through the transfer process. The Black Collegians Program also offers courses that have a multicultural focus and are taught by outstanding faculty.

VETERANS' RESOURCE CENTER

www.smc.edu/vet Liberal Arts 135

434-8205

SMC's Veterans' Resource Center provides a variety of support services to veterans to assist them in matters pertaining to their transition from the military to college. The Center offers a place where students who are veterans of military service can feel comfortable, decompress, and take a break from the campus hubbub. A free textbook-lending library, a study space, and a computer-tutoring room are available.

Veterans are urged to take full advantage of the counseling services and educational programs offered by Santa Monica College. Through the Veterans' Resource Center, veterans can find or make arrangements for academic, career, and transfer counseling, as well as financial aid, tutoring, and other services that aim to help students achieve their educational goals. VA paperwork for veterans' dependents receiving benefits under Chapters 33 and 35 of the GI Bill is also processed through the Veterans' Resource Center. While the Center does NOT provide answers to veterans' problems that are not related to the College's programs, efforts will be made whenever possible to direct students to resources where answers may be found.

PLEASE NOTE: Veterans Administration (VA) regulations not only require students to meet the same academic standards as all other students at SMC, but also place certain restrictions on students receiving VA educational benefits. For example, students who fail to achieve a semester grade point average of 2.0 (C) will be placed on academic probation, and after two semesters on academic probation, they may lose their VA educational benefits.

For more information about the Veterans' Resource Center, please see our webpage, call us, or stop by for a visit.

EXTENDED OPPORTUNITY PROGRAM AND SERVICES (EOPS) AND COOPERATIVE AGENCIES RESOURCES FOR EDUCATION (CARE)

www.smc.edu/eops Admissions/Student Services Complex 104G-P

434-4268

Extended Opportunity Program and Services (EOPS) and Cooperative Agencies Resources for Education (CARE) offer special support services to help students start and move forward successfully toward their personal, educational, and career goals.

EOPS is a state-funded program for educationally disadvantaged residents of California who meet low-income qualifications, are enrolled as full-time students, and wish to pursue a degree or certification program.

CARE offers support services for meal assistance, school supplies, and transportation to parents who are EOPS-eligible, head of a household, have at least one child under age 14, and enrolled in 12 units.

EOPS/CARE staff members believe that obtaining an education is the best way you can improve your future. Our support services for eligible students include:

· Academic and career counseling;

- Personal counseling;
- · Priority enrollment;
- Book bonuses and book loans;
- · Free tutoring;
- Student success workshops;
- Outreach programs to provide support to educationally disadvantaged students; and
- CARE assistance for meal assistance, school supplies, and transportation for qualified students.

Applications for EOPS and CARE can be obtained in the EOPS/CARE office. For more information, call or drop by the EOPS/CARE office (located behind the Financial Aid Office), or visit the EOPS website.

Santa Monica College makes every effort to make its campus fully accessible to students with disabilities. The Center for Students with Disabilities offers a number of specialized programs to help students with their academic, vocational, and career planning

with their academic, vocational, and career planning goals. In addition, the Center has counselors available to answer questions, help solve problems, and authorize accommodation services such as specialized equipment.

Through the Center for Students with Disabilities, students have access to:

- Classes in personal and social awareness, independent living skills, study skills, and adaptive computer technology, which are listed under "Counseling—Disabled Student Services" in this Schedule of Classes;
- The Learning Disabilities Program, which provides educational assessment, study strategies training, and appropriate accommodations for students with learning disabilities (for details, please call or visit our office to request an appointment with one of our learning specialists);
- The High Tech Training Center, designed to train students with disabilities in the use of adapted computer technology;
- The Acquired Brain Injury Program, which promotes re-entry into academic and vocational programs; and
- Pathfinders, post-stroke exercise and communication classes offered at Emeritus College, SMC's program serving the older adult community.

Academic adjustments may be made for qualified students with disabilities. The procedure for requesting such an adjustment is outlined in the "College Policies" section of this Schedule of Classes, under the heading "Academic Adjustments & Information Technology for Students with Disabilities."

INTERNATIONAL EDUCATION CENTER

www.smc.edu/international Next to Liberal Arts/

Counseling Complex E-mail: intled@smc.edu

The International Education Center offers student services for more than 3,300 students who come from over 105 nations around the world to attend Santa Monica College. The Center provides a number of services, including:

434-4217

- Assistance with nonimmigration F-1 student visa issues:
- Academic counseling and orientation;
- Assistance in applying to, enrolling in, and selecting appropriate courses at Santa Monica College;
- Preparation for transfer from Santa Monica College to a four-year college or university;

- Not-for-credit Intensive English Program;
- Assistance in housing; and
- Social events on the SMC campus.

The mailing address for the International Education Center is 1900 Pico Blvd., Santa Monica, CA 90405.

International students may apply for SMC's Fall semester, Winter session, Spring semester, or Summer session. Application deadlines are listed under "International Students" in the "Admission" section of this schedule of classes.

The International Education Center is also home to SMC's study abroad programs. The faculty-led programs—offered at various times of year—are designed to immerse students in an exciting and engaging academic program abroad while they earn SMC credit, further their own intercultural awareness, and foster a more global perspective. Please email <code>studyabroad@smc.edu</code> or visit <code>www.smc.edu/studyabroad</code> for information about these exciting programs.

LATINO CENTER

www.smc.edu/LatinoCenter Counseling Complex

434-4459

The Latino Center offers students a support network of comprehensive bilingual services that include:

- Academic, career, and personal counseling;
- · Educational planning;
- Free tutoring in math and English;
- Financial aid and scholarship information; and
- Transfer planning.

The Latino Center also offers the Adelante Program, a success-oriented program focusing on academic achievement, transfer, cultural awareness, and personal growth. The program offers courses each semester in various subjects-including English, math, and the social sciences—and courses are structured to include Latino perspectives and contributions to the subject at hand. Adelante courses highlight the Latino culture and experience and emphasize the verbal, written, and critical thinking skills essential to college success. Most Adelante courses transfer to the UC and CSU systems. To join the Adelante Program, you must attend an information session and meet with a Latino Center counselor. For more information, please see the "Planning Guides & Special Programs" section of this Schedule of Classes, visit the Adelante Program website, or call the Latino Center.

STUDENT SUPPORT SERVICES (SSS)

www.smc.edu/triosss Counseling Annex 101

434-4347

The Student Support Services (SSS) program is funded by the US Department of Education to help low-income students successfully pursue a college education, earn an Associate degree, and transfer to a four-year college or university.

The program offers students a variety of services to support them in a number of ways as they make their way through college. Services include:

- Priority registration for SMC classes and help with the registration process;
- Help in finding and applying for financial assistance to cover the costs of a college education;
- Transfer counseling and checklists that spell out the requirements for transfer;
- Custom-tailored educational plans that suit students' timeframes for completing their studies and lead to graduation and transfer from SMC;
- Supplemental instruction;
- Computer lab (word processor, printing, Internet):
- Workshops, seminars, and guest lectures;
- · Personal counseling; and
- Tours of selected colleges and universities.

To be eligible for the SSS program, a student must be a US citizen or permanent resident and meet US Department of Education guidelines, which include at least one of the following requirements:

- Placement in English 21A/B or Math 18/20/31,
- Low income,
- First-generation college student, and/or

PICO PROMISE TRANSFER ACADEMY (PPTA)

www.smc.edu/picopartnership Counseling Complex

434-4926

Pico Promise Transfer Academy is a joint effort of Santa Monica College and the City of Santa Monica. The program meets the needs of the underserved, under-represented youth who live in close proximity to the College. PPTA motivates and assists young adults to attend SMC and work toward their career and educational goals. Students may earn an Associate degree and transfer to a four-year college or university. Each student works one-on-one with a counselor. The program provides students with assistance in:

- Enrolling at SMC and registering for classes;
- Setting academic, career, and personal goals; and
- Gaining financial aid for college expenses.
 Students participating in PPTA are also provided
- Using a computer lab with Internet access,

with additional opportunities, such as:

- Having supplemental instruction English and math, and
- Touring four-year colleges and universities in California at no expense.

Students are eligible to participate in PPTA if they are 17 to 24 years old, are a former student at a school in the Santa Monica-Malibu Unified School District or at St. Monica's, and have a strong desire to refocus their lives with a positive outlook on their future. Program participants are encouraged to serve as role models for other young adults, inviting them to consider the opportunities and benefits that a college education can offer. Applications for the pro-

gram are available in our office. To apply, visit the PPTA desk in the Counseling Complex.

ASSOCIATED STUDENTS

www.smc.edu/associated_students Student Life Office: Cayton Center 202

Fax

434-4250 434-4263

Associated Students (AS)—the student-directed organization of the SMC student body and its elected or appointed student officers-promotes the intellectual, social, and cultural welfare of students through proper, effective government. Students participating in AS Government gain first-hand experience with the governing process and build management and leadership skills.

AS Activities fees support a rich program of extracurricular activities-including more than 60 student clubs-to foster academic achievement, social interaction, and community involvement.

The Student Life Office is the hub of all AS activities. The AS Board of Directors, other AS officers, Inter-Club Council (ICC), Associate Dean of Student Life, and student activities staff can all be found there, along with information on AS and club activities, use of campus public areas, campus student publicity, and other details.

Associated Students Government

Students may participate in AS Government as elected officers serving one-year terms on the AS Board of Directors or as the Student Trustee. Students may also volunteer as AS Commissioners appointed by the Board of Directors to help carry out directors' goals and serve on committees.

Students elected to AS Government can represent the interests of their fellow students in how SMC operates, including instructional support systems, student services, financial support services, and planning. SMC's Board of Trustees grants and defines AS Government's legislative and fiscal authority.

Students in AS Government must maintain a minimum 2.0 GPA in at least eight units per semester. For details, see the Associated Students website or ask the Student Life Office for information.

Associated Students Activities

The AS Activities fee is optional. Students who choose to pay the AS Activities fee each semester not only enrich campus life with concerts, guest speakers, student clubs, and special events, but also support SMC's transportation initiative, and enjoy special privileges and benefits such as:

- · Priority use of the Cayton Associated Students
- · Student club membership and support to start a
- Leadership opportunities (elected or appointed);
- Discounts on selected movie and theme park tickets sold through the SMC Events Office; and

For all the details, visit the Associated Students website or ask the Student Life Office.

Student Clubs & Inter-Club Council (ICC)

One of the best ways to get involved in campus life is to join one of SMC's more than 60 student clubs. The clubs reflect the wide range of interests SMC students have in areas such as academic achievement. science, sports, creative arts, business and industry, social awareness, and service. Club activities—which include field trips, business meetings, concerts, guest lectures, and social events-enhance the educational and social experiences students have on campus and in the community. To find out about student clubs, visit the Student Life Office..

The Inter-Club Council (ICC) promotes SMC's student clubs to attract and increase student participation in them, encourage the development of student leadership and service, and foster interaction among the clubs. The ICC sponsors Club Row, an annual spring festival that brings all of SMC's student clubs together to showcase their variety and give students the chance to find out first-hand what activities the clubs offer.

PLEASE NOTE: California law forbids secret fraternities and sororities in public community colleges. All clubs at SMC-with the exception of the honor scholarship societies, which require specific qualifications—are open to all students.

Internship Program: www.smc.edu/internship 434-4337 **Counseling Village**

The Career Services Center provides SMC students with a single, conveniently located source for career exploration, internships, and assistance in finding on- and off-campus jobs.

The Career Services Center also operates SMC's Internship Program, which helps students find opportunities for internships and cooperative work experience in jobs related to their field of study. To find out about SMC's Internship Program, please stop by or call the Career Services Center, or visit the Internship Program's website.

The Career Services Center offers:

- Access to bridges.com, an online career-exploration programs;
- · Workshops on career exploration, resume writing, interview techniques, how to get the most out of your job, and other pre- and post-employment
- An extensive Career Resource Library that includes information on job descriptions, salaries, recommended preparation, and preferred skills;
- · Hundreds of job and internship listings online at www.smc.edu/jobs4u; and
- · Iob search assistance.

To help you plan your career, we offer a special eight-week class each term to provide you with an opportunity to explore your interests, identify and clarify your core values, and evaluate your skills (see the listing for "Counseling 12, Career Planning" in this Schedule of Classes). To help you learn how to be successful at work, we also offer an eightweek class that teaches the skills necessary for new employees to survive the initial months on the job, adapt to the company culture, and succeed in remaining employed (see the listing for "Counseling 16. Job Success Skills" in this Schedule of Classes).

The Career Services Center also offers individual career counseling by appointment. For more information, passwords to our online programs, or to make an appointment, please call or visit the Career Services Center, or see our website.

434-4189 434-3634 Fax

The SMC Outreach Program-a project of SMC's Office of Outreach and Recruitment-partners SMC counselors with local area high schools, community agencies, and out-of-state students. The program works to motivate high school students to stay in school, develop goals for the future, and explore the idea of going to college.

The Outreach Program sends SMC counselors to visit schools in the Los Angeles area on a regular basis to get to know the students and show them how a college education can make a critical difference in their life. The counselors familiarize students with SMC's programs, help smooth their transition from high school to college, and provide them a familiar person they can turn to when they reach the SMC campus.

The SMC Outreach Program conducts application workshops for seniors at the high schools in the spring to expedite the admission and enrollment processes, and sends SMC counselors to college fairs, career days, and other special events each year. These services are also available to out-of-state students through cybercounseling, national college fairs, and individual counseling appointments in their local

The SMC Outreach Program also offers group tours of the SMC campus, information sessions, and individual counseling appointments during the week, as well as group assessment testing. Please call (310) 434-4189 to make arrangements.

EMERITUS COLLEGE

www.smc.edu/emeritus 1227 Second St., Santa Monica E-mail: emeritus@smc.edu

Emeritus College is a unique concept in continuing education at Santa Monica College for adults age 55 and up. Established in 1975, the model program's curriculum includes courses designed to serve the interests and needs of adults who are now in or preparing for retirement, those dedicated to lifelong learning, and those seeking continued growth through the learning of new skills and knowledge, with an emphasis on maintaining one's physical, emotional, and intellectual health. Classes also help students learn various ways to improve their health and safety for healthy aging. In addition, Emeritus College offers computer training and classes in the arts for those who wish to continue working in such fields. Emeritus College classes are offered primarily during the day at our site near the popular Third Street Promenade, and throughout the community-including the Malibu Senior Center-in easily accessible locations. Registration and enrollment are by mail, walk-in, or Internet. Registration forms are included in the Emeritus schedule and may also be downloaded from the Emeritus website. For information, please call the Emeritus College office or visit our website.

Financial Assistance

FINANCIAL AID OFFICE

www.smc.edu/financialaid Admissions/Student Services Complex 104

434-4343

The Financial Aid Office at Santa Monica College strongly encourages students to apply for financial aid and to come into the Financial Aid Office to discuss their individual situations. Students who have been ineligible to receive financial aid in the past should re-apply each year and are encouraged to come in and ask about other resources that may be available to them.

The Financial Aid Office provides a number of important student services, including:

- · Providing information regarding the types of financial aid available:
- Providing information in acquiring a high school diploma, GED, or high school equivalency documentation-which is required for financial
- Helping collect and complete all necessary financial aid forms and documents; and

 Providing guidance on student loans and debt management.

The Financial Aid Office annually provides more than \$45 million in federal and state assistance to SMC students. The major aid programs at SMC are:

- Pell Grants—Federally funded grants of up to \$5,730 per year to eligible undergraduate students;
- Federal Supplemental Educational Opportunity Grant (FSEOG)—A Federal grant given to the College for disbursement to eligible students (average Santa Monica College student award is up to \$100 per semester until these funds are completely expended);
- Cal Grant B—State-funded award for eligible students from disadvantaged backgrounds or low-income families who have exceptionally high financial need, to provide them assistance with enrollment fees, living expenses, books, supplies, and transportation (the average Santa Monica College student award is \$1,473 per year);
- Cal Grant C—State-funded award for eligible students from low- and middle-income backgrounds enrolled in vocational training programs, to provide them assistance with training costs such as tools, books, and equipment (average Santa Monica College student award is \$547 per year);
- Board of Governors (BOG) Enrollment Fee Waivers—State-funded waivers of certain enrollment fee for eligible students.
- Federal Work-Study (FWS) funds—Federally funded program that provides wages to eligible students for both on-campus and off-campus employment (FWS wage rate is \$10 per hour);
- Stafford Loans (subsidized and unsubsidized)— Federally administered, low-interest loans to eligible students; and
- Parent Loans for Undergraduate Students (PLUS Loans)—Federally administered, low-interest loans to parents of students who are considered dependent according to federal regulations.

Students can apply for federal financial aid and the Board of Governors (BOG) Enrollment Fee Waiver directly through the SMC Financial Aid website (www.smc.edu/financialaid), where they will find useful links to federal and state agencies. Students may also drop by the Financial Aid Office for answers to specific questions.

To be eligible to receive most forms of financial aid, a student must show documented "financial need" as determined by the federal government. However, there are a number of other specific federal requirements that must also be met. To be eligible for federal financial aid, you must:

- Be a US citizen, a permanent resident, or an eligible non-citizen (if you do not understand these terms, ask the Financial Aid Office to explain them to you);
- Have a valid Social Security Number;
- Have a high school diploma or GED;
- $\bullet\;$ Be enrolled in an eligible program at SMC;
- Make satisfactory academic progress in your course work;
- Have complied with US Selective Service requirements (male students only);
- Have not been convicted of the possession and/or sale of illegal drugs; and
- Not be in default on a student loan or owe a refund on any state or federal grant you may have received in the past.

The Financial Aid Office is open Monday 8:30 a.m.-4:30 p.m., Tuesday and Wednesday 8:30 a.m.-6 p.m., Thursday 8:30 a.m.-4:30 p.m., and Friday 8 a.m.-12 noon. Hours are subject to change without notice. For additional information, please visit the Financial Aid Office website at www.smc.edu/financialaid or call the office at (310) 434-4343.

SCHOLARSHIP OFFICE

www.smc.edu/scholarships 1738 Pearl St., Santa Monica 434-4290

SMC's Scholarship Office handles a variety of awards from sources such as foundations, private endowments, and private individuals. Scholarships are available to incoming high school students (ask your high school counselors about these scholarships), students continuing at SMC, and students transferring from SMC to a four-year college or university. Awards are offered for a wide range of achievements and student activities, and many do not include financial need in their requirements.

The Scholarship Office:

- Provides a single-application procedure for consideration for more than 500 scholarships available through the program;
- Distributes more than \$450,000 in scholarship funds from the Santa Monica College Foundation (an endowment fund that provides proceeds for about 500 different scholarships), service clubs and local organizations, private individuals, and other organizations, foundations, and corporations:
- Provides informational workshops and application forms for a variety of non-campusbased scholarship sources; and
- Provides support services to get and fill out applications and to collect any required documents.

Scholarships vary from \$250 to \$2,000 per year, and are awarded as a check issued directly to the student.

For more information, please visit the Scholarship Office webpage or give us a call.

College Policies

MATRICULATION

SMC has a planned education process called "matriculation," which helps you match your interests, abilities, needs, and goals with the College's courses, programs, and services. The matriculation process includes orientation, educational assessment, and academic counseling to design a program of courses that meets your education goals.

To find out how the matriculation process can benefit you, please see the annual SMC catalog (available online at www.smc.edu/catalog) or—better yet!—stop by and talk to one of SMC's academic counselors in the Welcome Center or the Transfer/Counseling Center.

PROGRAM CHANGES

Enrollment in classes is done online through Corsair Connect. Beginning the day of the **second** class meeting, you will need an Instructor Approval Code to add courses, even if space is available.

ATTENDANCE AND WITHDRAWALS FROM SEMESTER LENGTH CLASSES

A STUDENT ENROLLED IN ANY CLASS AT SMC MUST ATTEND ALL SESSIONS OF THE CLASS THAT MEET DURING THE FIRST WEEK OF THE CLASS OR RISK BEING DROPPED FROM THE CLASS BY THE INSTRUCTOR.

Students may withdraw from most classes online through Corsair Connect. It is the student's responsibility to withdraw from a class—informing the instructor is NOT sufficient notice. Failure to withdraw (officially drop) from a class could result in a grade of F (0.0).

The Admissions Office is not responsible for incomplete online transactions. Please confirm your transactions (including withdrawals), then print and review your revised schedule. You must have this proof to contest any discrepancies.

- **Deadline to request a refund:** Please visit your Corsair Connect account for specific dates.
- **Deadline to avoid a W:** Please visit your Corsair Connect account for specific dates.
- Deadline to receive a guaranteed W: Please visit your Corsair Connect account for specific dates.
- Late withdrawals with extenuating circumstance: After the guaranteed "W" deadline has passed, a student may withdraw from a class

using the Late Withdrawal Petition Process ONLY if there are extenuating circumstances (such as verified cases of an accident, illness, or other circumstances beyond the student's control) which make the withdrawal necessary. No grade check will be made. The student will receive a W, and units will be included in "enrolled units." PLEASE NOTE: All students who have not withdrawn by this deadline will receive a grade of A (4.0), B (3.0), C (2.0), D (1.0), F (0.0), P (Pass), or NP (No Pass) from the instructor. Students who do not qualify for late withdrawal or who cease to attend the class without notifying the Admissions Office, may receive a grade of F (0.0)

Students who have completed a course—including taking the final exam or submitting final projects—are not eligible for a late withdrawal. A student contesting a grade for a completed course should meet with the instructor.

A complete explanation of how withdrawal deadlines are determined is available online (see www.smc.edu/Policies/Policies/AdminRegulations.htm) and in the annual SMC catalog (online at www.smc.edu/catalog).

PLEASE NOTE: Short-term and open-ended courses have their own deadlines (go to *www.smc. edu* and click on "Dates and Deadlines" for details).

POLICY ON FEES ATTENTION: Payment Policy

- Early Enrollment for the Spring Semester is from early December 2014, to January 14, 2015, and ALL fees for courses you enroll in during the Early Enrollment period must be paid no later than 7 p.m. on Wednesday, January 14, 2015. Failure to pay by this date may result in your classes being dropped.
- Payment of enrollment and related fees for courses you enroll in on or after Thursday, January 15, 2015, is due by midnight of the day you enroll.
 Please remember it is YOUR responsibility to drop a course you do not wish to continue.
- If you do not drop a course by the refund deadline, you will be responsible for paying the fees—even if you did not go to class—and a hold will be placed on your records. A hold on your records prevents you from enrolling in courses at SMC and restricts access to Admissions Office services such as providing transcripts, issuing diplomas, etc. The hold will remain in place until all fees are paid.

Enrollment Fee

This is a state-mandated student enrollment fee of \$46 per unit, and is subject to change without notice.

SMC Student I.D. Card and Associated Students Activities Fee

This is an optional fee of \$32.50 that includes the fee of \$13, which funds the cost of the SMC Student I.D. card with picture, and the Associated Student Activities fee of \$19.50, which funds services (such as "Any Line, Any Time" rides on the Big Blue Bus) and activities for the entire Santa Monica College student body.

The SMC Student I.D. card fee and Associated Students Activities fee are both optional. Contact the Admissions Office or Bursar's Office at time of enrollment if you do not wish to pay these fees.

Health Services Fee

This is a mandatory fee of \$19 that provides a variety of health services. Students are exempt from paying the Health Services fee if they:

- Enroll exclusively in noncredit or not-for-credit courses, or enroll in online classes only, or
- Declare in a personally-signed statement that they depend exclusively on prayer for healing in accordance with the teachings of a bonafide religious sect (documentation of such an affiliation is required).

Nonresident Tuition Fee

The mandatory tuition fee for students classified as nonresidents (including students who are citizens of a foreign country and hold only temporary resident status in the United States) is \$279 per semester unit (plus \$46 enrollment fee, for a total of \$325 per semester unit), or \$255 per semester unit (plus \$46 enrollment fee, for a total of \$301 per semester unit) for students who qualify for an Assembly Bill 947 exemption. See the residency requirements at www. smc.edu/admissions and click on the "Residency" link, or contact the residence clerk in the Admissions Office for AB 947 exemption details. Please see the Fees webpage at www.smc.edu/fees for details. Please note: All nonresident tuition fees are subject to change without notice.

Materials and Supplies Fees

Some classes require additional fees for materials and supplies. Students should consult the class listings in the Schedule of Classes to determine whether any such fees are required. Fees for materials and supplies are not refundable.

On-Campus Parking Decal Fee

This fee is required ONLY if you wish to use the on-campus parking facilities at SMC's main campus (parking is FREE at satellite campuses, BUT requires a decal; see www.smc.edu/transportation for details). Regular parking decals—which can be purchased online through Corsair Connect—are \$85 for the Fall or Spring semester and \$45 for the Winter or Summer session. Funds from this fee are used to maintain and improve SMC's parking facilities.

Students who qualify for a BOG A Fee Waiver because they or their family currently receive benefits under Temporary Aid to Needy Families (TANF/CalWORKs), or SSI/SSP (Supplemental Security Income), or General Assistance/General Relief are eligible to purchase an on-campus parking decal for \$20 for the Fall or Spring semester and \$10 for the Summer or Winter session.

Returned Payments and Outstanding Balances

Returned checks and rejected credit card payments are subject to a fee of up to \$25 and are taken care of at the Auxiliary Services Office, located at 1738 Pearl St. An administrative hold will be placed on your records. If you leave SMC owing a balance and do not pay it, you will be responsible for all collection costs and/or attorney's fees. This debt may also be reported to all three major credit bureaus.

WITHDRAWAL REFUND SCHEDULE

If you are eligible for a refund, it will be processed and mailed to you within 45 days of the start of the term

Enrollment Fee

No refunds of enrollment fees are available to those who withdraw from Spring semester classes after their session's published refund deadline. If you withdraw prior to this date, you will receive a 100% refund of enrollment fees (minus a processing charge of \$10). For more information on withdrawal refund deadlines, see the Admissions Office webpage at www.smc.edu/admissions (click on the "Fees" link).

Nonresident Tuition

If you withdraw from Spring semester classes at Santa Monica College before your session's published refund deadline, you will receive a 100% tuition refund, minus any relevant processing fees.

Student Services, Activities and Health Fee

If you withdraw from Spring semester classes at Santa Monica College before your semester's published refund deadline, you will receive a 100% refund for the Health fee, the SMC Student I.D. fee, and the A.S. fee.

On-Campus Parking Decal Fee

The parking fee is not refundable after 10% of the term. To obtain a refund, present your parking decal and receipt at the Bursar's Office.

SPECIAL STUDY LOAD REOUIREMENTS

Programs of twelve (12) units or more are considered "full time" for most purposes, including athletics program eligibility, veteran eligibility, Social Security recipients, and most health and automobile insurance policies. Additional study load requirements include:

• Athletics Program Eligibility:

Minimum of twelve (12) units (9 of which must be considered academic) enrolled during season of competition PLUS minimum of twenty-four (24) units (18 of which must be considered academic) completed prior to second season of competition. Please consult with an athletic counselor regarding what is considered an "academic" and "nonacademic" unit.

Veteran Eligibility:

NOTE: Taking classes of different lengths during a semester may affect your benefits, because benefits are paid only for the length of time a class is offered. For example, if you enroll in an 8-week class offered at the end of a 16-week semester, you will receive payment for only the 8-week period. Full Time: Twelve (12) units for a full semester

Six (6) units for an 8-week session

Four (4) units for a 6-week session

Three-Fourths Time: Nine (9) to eleven (11) units for a full semester

Four (4) to five (5) units for an 8-week session Three (3) units for a 6-week session

Half Time: Six (6) to eight (8) units for a full semester

Three (3) units for an 8-week session Two (2) units for a 6-week session

UNIT LOAD LIMIT

Students who are in good standing may take up to sixteen (16) units during the Fall or Spring semester. Please consult a counselor for details.

PREREQUISITES AND COREQUISITES CHALLENGES

Students who have not completed prerequisite or corequisite courses at Santa Monica College or other colleges may challenge the requirement under certain circumstances by submitting a Prerequisite Challenge Petition to the appropriate academic department. The student bears the initial burden of proof to show that grounds exist for the challenge. Please see the annual SMC catalog (available online at www.smc.edu/catalog) for a detailed description of the challenge process.

PASS/NO PASS

Students wishing to take courses on a pass/no pass (P/NP) basis must apply in the Admissions Office. Deadlines to apply are posted online. Please go to www.smc.edu/admissions and click on the "Dates & Deadlines" link for details. The decision to take a course on a P/NP basis is irrevocable after the deadline has passed.

AUDITING CLASSES

Santa Monica College does not permit auditing of classes. All students attending credit or noncredit classes at Santa Monica College must be officially enrolled through SMC's Admissions Office. Older adults attending free, noncredit classes on topics of interest to seniors must be enrolled through Emeritus College. Students attending fee-based not-forcredit classes to explore personal interests or gain professional certification—or attending free English as a Second Language (ESL) and other noncredit adult education classes offered through SMC Community Education—must be enrolled through the SMCCE office.

COURSE REPEATS

California Code of Regulations Title 5 limits the number of times a student may repeat a course in the California Community College system. These regulations also require all current and prior course enrollments, repetitions, and withdrawals in a student's enrollment record to be counted toward the maximum limit.

If you would like—or need—to repeat a course in which you have previously earned an unsatisfactory grade or a W, you may re-enroll ONE TIME without the need to request permission from a counselor. After that, you MUST talk to one of SMC's academic counselors. Check the Santa Monica College catalog (available online at www.smc.edu/catalog) for details.

GRADUATION REQUIREMENTS

The Associate degree is granted upon completion of sixty (60) degree-applicable units (general education, area of study, and electives) with a cumulative grade point average of C (2.0) or higher. A minimum of twelve (12) units must be completed at Santa Monica College.

You must file a Petition for Graduation with the Admissions Office. Deadlines for filing:

Spring—Start of Spring semester through April 30 Summer—Start of Summer session through July

Fall—Start of Fall semester through December 1

Check the Santa Monica College catalog (available online at www.smc.edu/catalog) for details, including requirements for graduating with honors.

OPEN ENROLLMENT

Unless specifically exempted by statute or regulation, every course, course selection, or class offered and maintained by the Santa Monica Community College District and reported for state aid shall be fully open to enrollment and participation by any person who has been admitted to Santa Monica College and who meets the prerequisites established according to regulations contained in Article 2.5, Subchapter 1, Chapter 6, Division 6 of Title 5 of the California Code of Regulations.

STATEMENT OF NONDISCRIMINATION

The Santa Monica Community College District is committed to building an inclusive and diverse environment and maintains a comprehensive program to ensure that practice reflects these principles. Diversity within the college environment provides opportunity to foster mutual awareness. knowledge, and sensitivity, to challenge ingrained stereotypes, and to promote mutual understanding and respect. The District's equal employment opportunity and nondiscrimination policies are set forth in Board Policies 2405, 2410, 3120-3123, 5220, 5230, and 5530. As set forth in these Board Policies, the District is committed to equal employment opportunity and nondiscrimination in the learning and work environments in accordance with all applicable laws, including, without limitation, California Code of Regulations, Title 5,

§ 59300 et seq., California Government Code §§ 11135-11139.5, the Sex Equity in Education Act (California Education Code § 66250 et seq.), Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), the Americans with Disabilities Act of 1990 (42 U.S.C. § 12100 et seq.), and the Age Discrimination Act (42 U.S.C. § 6101).

It is important for students, employees, and others associated with the College to report concerns about possible violations of the District's policies regarding equal employment opportunity and nondiscrimination. If you need information about the District's policies or need to report a violation of the laws listed above, you should contact:

- Sandy S. Chung, Assistant Director of Human Resources, (310) 434-4170, or the SMC Human Resources Office, (310) 434-4415 (located on the second floor of the SMC Administration Building, 2714 Pico Blvd), regarding any complaint of unlawful discrimination, including sexual harassment and sexual discrimination; or
- Sandra Burnett, ADA/504 Compliance Officer, (310) 434-4442 or burnett_sandra@smc.edu (office located in Room 103K of the Admissions/ Student Services Complex), regarding disability discrimination complaints.

DECLARACIÓN DE NO DISCRIMINACIÓN

El Distrito de Santa Monica Community College tiene el compromiso de crear un ambiente inclusivo y diverso y de mantener un programa comprensivo para asegurarse de que la practica refleja estos principios. La diversdad entre el ambiente colegial provée oportunidad para fomentar el conocimiento, la erudición, y la sensibilidad mutual, luchar contra los estereotipos arraigados, y promover la comprensión y respeto mutual. Las reglas del Distrito sobre igualdad de oportunidades del empleo y de nondiscriminación se disponen en las polisas 2405, 2410, 3120-3123, 5220, 5230 y 5530. El Distrito está comprometido a la igualdad de oportunidades y nondiscriminación en los ambientes de la educación y del trabajo en acuerdo con las leyes, incluyendo, sin la limitación, el Código de las Regulaciones de California Título 5, § 59300 y ss.; el Código de Gobierno de California §§ 11135-11139.5; la Ley sobre Equidad de Sexo en la Educación (Código de Educación de California § 66250 y ss.); el Título VI de la Lev de 1964 sobre Derechos Civiles (42 U.S.C. § 2000d); el Título IX de las Enmiendas de Educación de 1972 (20 U.S.C. § 1681), Artículo 504 de la Ley de 1973 sobre Rehabilitación (29 U.S.C. § 794); la Lev de 1990 sobre Americanos con Incapacidades (42 U.S.C. § 12100 y ss.); y la Ley sobre Discriminación por Edad (42 U.S.C. § 6101).

Es importante que los estudiantes, el personal y las demás personas relacionadas con el SMC reportan las inquietudes sobre posibles violaciones de las polisas relacionadas a la igualdad de oportunidades del empleo y de nondiscriminación. Si Ud. necesita información sobre las polisas del Distrito o tiene que reportar una violación de cualquier de estas leyes, debe ponerse en contacto con:

- Sandy S. Chung, Directora Auxiliar de HR (Recursos Humanos) (310) 434-4170 o la oficina de SMC Human Resources (310) 434-4415 (ubicada en el segundo piso del Edificio Administrativo del SMC en 2714 Pico Blvd.) sobre cualquier reporte de discriminación, incluyendo el acoso sexual o discriminación sexual; o con
- Sandra Burnett, ADA/504 Oficial de Conformidad (310) 434-4442 o burnett_sandra@smc.edu (oficina ubicada en la Sala 103K en el Complejo de Admisiones/Servicios Estudiantiles) sobre reportes de discriminación por discapacidad.

ENGLISH SKILLS NOT REQUIRED TO ENROLL IN VOCATIONAL (CERTIFICATE OF ACHIEVEMENT) PROGRAMS

Lack of skills in English is not a barrier to enrollment in vocational programs. Many Certificates of Achievement offered at Santa Monica College provide students with the necessary skills to compete successfully in related job markets. Fifty percent (50%) of the coursework required for a Certificate of Achievement (except IGETC and CSU GE Certificates of Achievement) MUST be completed at SMC, and each course must be completed with a grade of C or better. IGETC and CSU GE Certificates of Achievement are not vocational programs and have specific requirements. Please see a counselor for details.

The following Vocational Education Programs are offered at Santa Monica College: Accounting, Animation, Athletic Coaching, Broadcast Programming and Production, Broadcast Sales and Management, Business-Entrepreneurship, Business-Management and Leadership, Business-Marketing, Business-Merchandising, Computer Business Applications, Computer Programming, Computer Science, Cosmetology, Database Applications Developer, Digital Media, Early Childhood Education, Early Childhood Intervention Assistant, Early Childhood Intervention Teacher, Environmental Science, Environmental Studies, Ethnic Studies, Fashion Design, Fashion Merchandising, Global Studies, Graphic Design, Insurance Professional, Insurance Specialist, Interior Architectural Design, International Business, Legal Office Assistant, Logistics, Medical Administrative Assistant, Medical Coding and Billing Specialist, Office Technology-General Office, Photography, Professional Accountant, Public Policy, Recycling

and Resource Management, Solar Photovoltaic Installation (Solar Energy Installation), Web Programmer, Website Software Specialist.

NO SE REQUIEREN HABILIDADES EN INGLÉS PARA INSCRIBIRSE EN LOS PROGRAMAS VOCACIONALES (CERTIFICADOS DE RENDIMIENTO)

La falta de habilidades en inglés no es un obstáculo para matricularse en los programas vocacionales. Muchos de los Certificados de Rendimiento que ofrece el Santa Mónica College dan a los estudiantes las habilidades necesarias para que compitan con éxito en los mercados laborales relacionados. El 50% (cincuenta por ciento) de los labores del curso que se requieren para un Certificado de Rendimiento (con excepción de los certificados IGETC y CSU GE) se DEBE cumplir en el SMC y en cada curso se deberá obtener una calificación de C o mejor. Los Certificados de Rendimiento IGETC y CSU GE no son programas vocacionales y tienen requisitos específicos. Favor de consultar a un consejero para más detalles.

En el Santa Monica College se ofrecen los siguientes Programas de Educación Vocacional: Contabilidad, Animación, Entrenamiento Atlético, Programación y Producción en Radio y Televisión, Ventas y Administración en Radio y Televisión, Negocios-Administración Empresarial, Negocios-Administración de Empresas y Liderazgo. STUDENT PRIVACY AND DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) gives students certain rights with respect to their education records. These rights include:

- 1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. California law requires that records be provided within 15 working days.
- A student should submit to the Dean of Enrollment Services or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed
- 2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA
 - A student who wishes to ask the College to amend a record should write the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- 3. The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- The College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
- A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for College.
- Upon request, the College also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
- FERPA requires that College with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your education records. However, College may disclose appropriately

designated "directory information" without written consent, unless you have advised the College to the contrary in accordance with College procedures. The primary purpose of directory information is to allow the College to include this type of information from your education records in certain school publications. Examples include:

- A playbill, showing your role in a drama production;
- Honor roll or other recognition lists;
- · Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.
- Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, federal law requires the College to provide military recruiters, upon request, with certain directory information.
- If you do not want the College to disclose directory information from your education records without your prior written consent, you should file a written request with the Admissions Office.
- The College has designated the following information as directory information: student name; city of residence; age; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; student photograph; degrees and awards received and most recent previous school attended.

For a full explanation of FERPA and its implications for college students, please contact the Admissions Office.

STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY

To comply with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act (Public Law 101-542), Santa Monica College makes available the completion and transfer rates of first-time, full-time students seeking certificates, degrees, or transfer, as well as statistical information about the types and number of crimes on campus. The College provides this data to inform all current and prospective students—as "consumers" of higher education—on how well Santa Monica College compares with other postsecondary institutions.

Completion & Transfer Rates

The completion and transfer rates presented here are derived from the most current data available at the time this Schedule of Classes went to press.

Completion rates are calculated by tracking a cohort (group) of first-time students seeking a certificate, degree, or transfer. For the cohort of first-time freshmen entering SMC in Fall 2010, 30.22% earned a certificate or degree, transferred to a four-year institution, and/or became transfer-prepared (earned 60 or more transferable units with a GPA of 2.0 or higher) within three years of beginning coursework at SMC.

Transfer rates are calculated by tracking a cohort (group) of first-time students intending to transfer to a four-year institution. For the cohort of first-

time freshmen entering SMC in Fall 2010, 16.39% transferred to a four-year institution within six years of beginning coursework at SMC.

Crime Statistics for the College Community

Campus crime statistics are compiled and reported according to the guidelines specified in the Clery Act (20 USC 1092F), as defined under the FBI Uniform Crime Reporting procedures. SMC's crime statistics are available online at the US Department of Education website (www.ope.ed.gov/security) and at the SMC Campus Police website (www.smc.edu/police). Campus crime statistics—along with safety and crime prevention information—can also be found at many locations at SMC, and are available to the public upon request. Contact the SMC Campus Police Office (434-4608) for details.

ACADEMIC ADJUSTMENTS & INFORMATION TECHNOLOGY FOR STUDENTS WITH DISABILITIES

SMC complies with State and Federal law with regard to modifying academic policies and procedures and information technology as needed to ensure that they do not discriminate, or have the effect of discriminating on the basis of disability, against qualified applicants or students with disabilities. For details on adjustments and the procedure for requesting them, please contact the Center for Students with Disabilities, located in Room 101 of the Admissions/Student Services Complex; voice (310) 434-4265; video phone (866) 957-1809.

PROBATIONARY AND DISQUALIFIED STUDENT POLICIES

Santa Monica College students are expected to take responsibility for meeting the SMC Student Success Standards of "Academic Achievement" (maintaining a cumulative GPA of 2.0 or better in all classes taken at Santa Monica College) and "Timely Progress" (not exceeding the allowed percentage of I, W, and NP notations). Failure to meet these standards can lead to:

- Academic probation or progress probation, either one of which will limit how many units a student may enroll in, which cannot exceed a maximum of 9 units in a Spring or Fall semester, or 5 units in a Winter or Summer session;
- Academic disqualification; or
- Progress disqualification.

Both academic and progress disqualification will result in a limit of up to six (6) units maximum during the Fall and Spring semesters—and up to three (3) units maximum in the Winter and Summer sessions—if a student is reinstated. If a student has been disqualified from SMC *more than once*, the student will be asked to take a break from attending SMC for up to a maximum of one year.

If there is ANY possibility that you may be placed on academic or progress probation or be disqualified, you should IMMEDIATELY make arrangements to discuss your situation with a counselor. For details, please visit the SMC Counseling website at www. smc.edu/counseling and click on the "Disqualified and Probation Policies" link in the menu on the left-hand side of the page, or see a counselor. Additional information on academic and progress probation, academic and progress disqualification, and requirements for reinstatement is also available in the annual SMC catalog (available online at www. smc.edu/catalog).

PLEASE NOTE: Students who are disqualified for academic and/or progress reasons due to Fall 2014 grades will be dropped AUTOMATICALLY from all previously enrolled Spring 2015 classes.

COLLEGE CONDUCT

Santa Monica College has a Code of Academic Conduct and a Student Conduct Code, and may discipline students in accordance with code provisions. The College also has the authority to remove students from a class or program if they are disruptive of the instructional process, they do not respect the rights of others, they cannot benefit from instruction, or they present health and/or safety hazards to others. To protect the interests of both the College and its students, SMC has an established "due process" through which its disciplinary and removal powers are exercised. As a further safeguard of student rights, an appeal procedure exists for these policies, as well as for appeals of grades, matriculation, and disqualification. The Student Conduct Appeals Committee will hear student appeals.

Check the annual Santa Monica College catalog (available online at www.smc.edu/catalog) for additional information.

Code of Academic Conduct

Santa Monica College is a community-oriented, open-door educational institution whose purpose is to educate and enlighten members of the community who seek knowledge. In order to uphold the academic integrity of the institution, all members of the academic community—students and faculty alike—must assume responsibility for providing an educational environment of the highest standards, characterized by a spirit of academic honesty.

Under no circumstances will academic dishonesty be tolerated at Santa Monica College.

Academic Dishonesty Defined

Santa Monica College defines academic dishonesty as the act of or assistance in deceiving, including fraud or deception in any academic exercise. Academic dishonesty includes, but is not limited to, certain actions not authorized by the instructor or testing officer, such as using notes or testing aids, allowing someone else to assume one's identity, falsifying records, plagiarism, changing answers on a previously scored assignment or exam, copying, inventing information to complete a lab experiment or case analysis, and talking or giving information

by any means during an exam. Check the annual SMC catalog (available online at www.smc.edu/catalog) for additional details, including information on the consequences for academic conduct violations.

Honor Code/Honor Council

Santa Monica College is committed to the academic, social, and ethical development of our students. We strive to create a learning environment that is challenging and supportive of the community at large. We are committed to upholding fundamental values of honesty, trust, fairness, respect, responsibility, civility, and community.

The College has instituted an Honor Code that students are expected to uphold, and has established an Honor Council responsible for promoting, addressing, and resolving issues pertaining to academic integrity.

A complete copy of "Honor Code/Honor Council" (SMC AR 4412) text—which spells out the details of the Honor Code and the structure and responsibilities of the Honor Council—is available online (see www.smc.edu/Policies/Policies/AdminRegulations.htm).

Student Conduct Code

Students enrolled in the College have an obligation to conduct themselves in a manner compatible with the College's function as an educational institution. A complete copy of the "Rules for Student Conduct" (SMC AR 4410) is available online (see www.smc.edu/Policies/Policies/AdminRegulations.htm).

Disciplinary Sanctions

Disciplinary sanctions include, but are not limited to, verbal or written reprimands, probation, a disciplinary hold, removal from class, ineligibility to participate in extracurricular activities, suspension, and expulsion. If a written report is placed in a student's disciplinary file, the student has the right to inspect and appeal the information (Cal. Ed. Code §76232). The College Disciplinarian is responsible for enforcing these sanctions. A complete copy of the "Rules for Student Conduct" (SMC AR 4410) is available online (see www.smc.edu/Policies/Policies/AdminRegulations.htm).

STUDENT COMPLAINTS

Students with complaints, grievances, and personal concerns about Santa Monica College or any of its policies are encouraged to discuss them with the College Ombudsperson. The Ombudsperson provides support and encouragement to students, and attempts to present options and solutions. Complaints are handled confidentially on a case-by-case basis. Students with complaints about a grade should discuss this with the Ombudsperson as soon as possible. Deadlines for filing a formal appeal (Petition for Review of Grade) are:

- · October 30 for Spring semester grades,
- November 30 for Summer session grades,
- April 30 for Fall semester grades, and
- May 30 for Winter session grades.

For more information, contact Tina Feiger or Lucy Kluckhohn Jones, who share the role of College Ombudsperson, or visit the Ombudsperson's webpage (www.smc.edu/ombuds). The Ombudsperson's office is located in Room 124 of the Letters and Science building. Office hours are posted on the door and on the Ombudsperson's webpage. If the times are inconvenient, you may request a special appointment by sending e-mail to Ombuds@smc.edu or leaving a voicemail message at (310) 434-3986.

REGULATION ON ALCOHOL & DRUGS

The abuse of alcohol or other drugs causes serious risks to a person's health.

California state law prohibits the use, sale, or possession on campus of alcohol, or presence on campus of students who are under the influence of any controlled substance. (Cal. Ed. Code §§76032-76033)

The Santa Monica College Health and Psychological Services Center provides short-term psychological counseling, referral, and substance abuse/alcohol abuse information.

Students enrolling in the College assume an obligation to conduct themselves in a manner compatible with the College's function as an educational institution. SMC will impose

disciplinary sanctions for the use, sale, or possession of alcohol or presence of any prohibited controlled substance, which include, but are not limited to, verbal or written reprimands, disciplinary probation, removal from classes, ineligibility to participate in extracurricular activities, suspension, expulsion, or possible referral to local, state, or federal law enforcement agencies.

SMOKE FREE CAMPUS

Santa Monica College is committed to providing its students, faculty, and staff with a healthy, comfortable, productive environment that is free from the effects of second-hand smoke. SMC became a smoke-free campus in Fall 2007, following the example of many colleges, universities, and other public institutions throughout the US. Smoking—including the use of e-cigarettes or vaporizers—is not be permitted in any District building, vehicle, or facility, or on District grounds, with the exception of designated outdoor areas on the periphery of all campuses. These are temporarily designated as smoking areas, as a way for the College to transition into becoming entirely smoke free.

SELECTIVE SERVICE NOTICE TO MALE STUDENTS

Federal law requires men age 18-25 to be registered with the Selective Service System (SSS) if they are US citizens or immigrant aliens (international students who hold valid student visas are exempt from this requirement). Men must be registered before they can receive federal or state financial aid (including loans and grants) for their education. Registration forms are available online at www.sss.gov and at any post office.

Residency

RESIDENCY

The following is a summary of Santa Monica College's residency rules and their exceptions. For more detailed information, please go to www.smc. edu/admissions and click on the "Residency" link in the Policies & Programs section of the webpage, or contact the residence clerk in the Admissions Office.

- Each person applying for admission to, or enrolled in, a California Community College is classified for tuition purposes as either a "resident" or a "nonresident" of the State of California.
- A "resident" is defined as a citizen of the United States or a person who holds a status that allows him or her to establish residency in the United States for a minimum of one year and one day, who has proof of physical presence in the State of California for one year and one day PRIOR TO the start of the semester for which California residency is being claimed, and who presents evidence of intention to make California his or her permanent home. Dates on any documentary evidence should correspond to dates of physical presence in California.
- A "nonresident" is a person who does not meet the residency requirements of the State of California or who is a citizen of a foreign country and holds only temporary status in the U.S.
- A student classified as a resident will be admitted to the College and exempt from paying nonresident tuition. Enrollment fees (\$46 per unit; subject to change) still apply.
- A student classified as a nonresident is required to pay a tuition fee of \$279 or \$249 (with AB 947 exemption) per semester unit in addition to enrollment fees of \$46 per unit (subject to change).
- A nonresident continuing student between the ages of 19 and 23 (inclusive) requesting reclassification to resident status must submit a petition for

change of residency status (Reclassification Form, obtained from the residence clerk in the Admissions Office), show proof of financial independence, provide documents that show the student was not claimed as a dependent for income tax purposes by parents in the past year, and present evidence of intent to establish California as his or her place of residence. Please see the Admissions Office website at www.smc. edu/admissions for helpful tips on establishing California residence.

RESIDENCE OF AN ADULT

A student who is 19 years of age or older and who has lived in California continuously for the last two years shall be presumed to have the intent to make California his or her home.

A student under 19 years of age shall be presumed to have the intent to make California his or her home if both the student and his or her parent(s) have lived in California continuously for the last two years.

A student who is 19 years of age or older applying for admission who has less than two years, but more than one year, of residence in California should be prepared to show proof of residence. Examples of evidence that aid the College admissions officer in identifying intent include, but are not limited to, the following documents:

- Paycheck stub OR letter of employment verification on company letterhead (signed by a manager of the personnel department)
- California bank account (checking or savings account statements);
- Marriage license or divorce decree issued in California (with acceptable dates);
- License or certificate issued by the State (with acceptable issue and expiration dates);
- California utility bill (one ONLY of the following: DWP, gas, telephone, cable, or other utility);
- California State aid or social welfare;
- Vehicle registration and/or vehicle insurance (California company);
- California-based health insurance OR Medi-Cal ID;
- Military discharge papers (DD214) OR Leave and Earnings statement indicating California as State of Record:
- California property taxes (in student's name ONLY);

- Union membership in a California local; and
- California public library membership (verified by letter or printout with letterhead or branch stamp)

Any two or more of the above items will give some indication of a student's intent to make California his or her permanent residence. Dates on documents must correspond with physical presence of one year and one day. Bring documentation to the Admissions Office. Restrictions apply. Please visit <code>www.smc.edu/admissions</code> and click on the "Residency" link in the Policies & Programs section of the webpage for further details.

RESIDENCE OF A MINOR

Unmarried minors (those younger than 18 years of age) are, by law, incapable of establishing their own residences, notwithstanding their physical presence within California. Admissions will use the following guidelines for determining a minor's residence:

- A minor's residence is the residence of the parent or legal guardian with whom the minor is living;
- If the minor is not living with a parent or legal guardian, then the residence of the parent or legal guardian with whom the minor last lived will be the residence of the minor.

When the residence of a minor student is derived from the parent or legal guardian, the durational requirement (one year in California) must be met by the parent or guardian, but is not required of the student

A minor whose parents are not living and who does not have a legal guardian may establish his or her own residence.

EXCEPTIONS

Exceptions to the above guidelines will be made under certain circumstances. If a student would otherwise be classified as a nonresident, but fits within one of the following exceptions, he or she may be granted resident classification, provided he or she has resided in California for one year with the intent of establishing residence (documentation required):

 A student who was not an adult for more than one year before the start of the semester may add the amount of time lived in California prior to his or her eighteenth birthday (provided the student's parent or legal guardian was a California resident during the period), if any, to the length

- of residence in California since that date to obtain the durational requirement of one year;
- An adult alien who is in the process of adjusting his or her status to permanent resident or who has been lawfully admitted as a permanent resident for one year and one day prior to the beginning date of the semester (documentation required) and who has resided in California for one year;
- A student 19 years of age or older who can document refugee or asylee status (dated one year and one day prior to the beginning date of the semester) with the US Citizenship and Immigration Services (USCIS) and who has resided in California for one year (students younger than 19 years of age should review the first item above);
- An adult alien who is in the process of adjusting visa status to, or possesses one of the following visas dated at least one year and one day prior to the beginning date of the semester: A, E, G, H-1, H-4 (if dependent of H-1 visa holder), I, K, L, N, O-1, O-3, R, T (but NOT TN or TD), or V, and who meets California residence criteria;
- A student who is a minor (under the age of 18) and who, immediately before enrolling at a California educational institution, has lived with and was under the continuous direct care and control for at least two years of any adult or adults (other than a parent) who had established residence in California at least one year and one day prior to beginning date of the semester (documentation required). Students who are minors must complete a Care and Control Form, obtained from the Residence Clerk.

For more information regarding residence classification, exceptions, and examples of evidence showing intent, please contact the residence clerk in the Admissions Office.

ASSEMBLY BILL 540 (CAL. ED. CODE §68130.5 EXEMPTION)

Assembly Bill 540 creates an exemption from payment of nonresident tuition for certain nonresident students who have attended high school in California and received a high school diploma or its equivalent in California. If you meet ALL of the following conditions, you will qualify for this tuition exemption:

1. Attended a California high school for three or

 Graduated from a California high school or attained the equivalent thereof (e.g., passed the GED in California or the California High School Proficiency exam); and

If you do not have lawful immigration status, file an affidavit with the College that indicates you have applied for legalization, or will do so as soon as you are eligible to do so. The affidavit form is available online and may be downloaded at www.smc.edu/forms (requires Acrobat Reader).

In order to qualify, you must submit ALL of the following documentation:

- A signed affidavit (AB 540 form) indicating you have either applied for lawful immigration status or intend to apply as soon as you are eligible; and
- Your "official" California high school transcript (in a sealed envelope) showing your attendance for three or more years and date of graduation.
 NOTE: Adult School does not count toward years of attendance.
- If you did not graduate from a California high school, but obtained instead a GED or California High School Proficiency Certificate, you must also submit your official GED certificate or California High School Proficiency certificate with the score report.

This benefit is available to all US citizens, permanent residents of the US, and aliens (including those who are undocumented) who are not categorized as nonimmigrants, who meet all of the above criteria. AB 540 does **NOT** grant residency; however, it does allow students to pay the same fees as California residents.

For more details or to obtain an application, please contact the Admissions Office.

ASSEMBLY BILL 947 (CAL. ED. CODE §76141 EXEMPTION)

A student classified as a nonresident is required to pay a tuition fee of \$279 per semester unit (plus \$46 enrollment fee, for a total of \$325 per semester unit). However, Assembly Bill 947 creates a partial exemption from payment of nonresident tuition for certain nonresident students who can demonstrate economic hardship, or who are victims of persecution or discrimination in the country in which the students are a citizen and resident. The amount of the partial exemption is limited to that portion of the nonresident tuition fee allowed under Section 76141, which provides for a fee for capital outlay, maintenance, and equipment. Students qualifying for this exemption may pay a nonresident tuition fee of only \$255 per semester unit (plus \$46 enrollment fee, for a total of \$301 per semester unit).

For purposes of this exemption, economic hardship encompasses the financial circumstances of a person who is a recipient of benefits under the Temporary Assistance for Needy Families (TANF) program described in Part A of Title IV of the Social Security Act (42 USC §§ 601 et seq.), the Supplemental Income/State Supplementary Program, or a general assistance program.

For more details, please contact the Admissions Office.

STEM Program

Continued from page 3

Gonzalez adds, "The STEM students really feel like they have a community. They feel like they have a home here. They're learning about career options, and it inspires them. Our students are going to be way ahead of the game."

There is a big payoff for those who graduate from STEM programs. STEM careers are in high demand, with twice as many openings in the growing science

and technology industries than there are workers available to fill the jobs.

In fact, the U.S. Department of Commerce expects STEM employment to grow twice as much as non-STEM employment through at least 2018. STEM workers also tend to earn higher pay: The top 10 bachelor-degree majors with the highest median earnings are all in STEM fields.

"We need for our students to see themselves as emerging professionals, and to meet people who are entering into the field," says Katrina Davy, an adjunct professor who teaches STEM counseling classes at SMC.

Davy works with students "who have very clear career goals, but do not have a sense of how to get there," she says. "So we spend a lot of time helping them prepare for that job search, for that career planning."

One of those students is sophomore Jessica Zapata. Like many STEM students, Zapata is the first in her family to attend college and, she says, the program made the process of applying for college less daunting.

"I was so scared of the process," says Zapata, who grew up in Bell Gardens, a predominantly Latino community near East LA. "You learn about how these steps are not that big to overcome. The STEM program really helped me find out what I needed to do to get into the university."

The program also helped Zapata hone in on a major. "I was planning to get into science, but didn't know which field. When I found out how you can apply chemistry to the biological process, I decided to major in biochemistry."

For Zapata, the decision to enter the STEM program changed her life. She became more involved in projects and activities, and was elected vice president of the campus STEM Club, where she helps to recruit other students like her into the program.

"I was very, very shy and very lost as to what I wanted to be," Zapata says. "After being in the STEM program for a year, I've become more active. I'm going to be the first scientist in my family. It's been

On-Campus Parking

tudents who drive to SMC may purchase a decal to park on the main cam-Jpus, or request a FREE decal to park at a satellite campus: Bundy, Airport Arts, or Performing Arts Center. Please note: The Academy of Entertainment & Technology (AET) campus is currently closed for construction. Visitors to SMC's main campus who have not made prior arrangements with Campus Police may park in Lot 6 located at 14th and Pico—for \$10 a day, with no in-and-out privileges.

Planning where you park to come to SMC is important, because street parking in the surrounding neighborhoods is restricted on most days and evenings. Campus parking decals are NOT VALID AT ANY TIME on neighborhood streets.

Parking & Transit Guide Student decals for parking on the main campus cost \$85 for the Fall or Spring

semester, and \$45 for the Summer or Winter session. Main campus parking decals may be purchased online through Corsair Connect, or in person at the Bursar's Office.

Student decals for parking at a satellite campus are free. Decals may be requested online through Corsair Connect.

Visitor Parking: Visitors who have not made prior arrangements with Campus Police may park—for \$10 per day, with no in-and-out privileges—in the Visitor Parking area at Lot 6, located at 14th and Pico.

Handicap Parking: The display of a DMV handicap placard (or plate) AND an SMC parking decal entitles you to park in any handicap, student, or staff parking space.

An important caution: Because car alarms are disruptive to other students and our neighbors, cars with activated alarms in the SMC parking areas will be TOWED IMMEDIATELY at YOUR expense.

Motorcycles, Mopeds, & Bicycles

otorcycle and moped parking is free, within specially designated areas of Lot 1 and 2.

The SMC Bike Park, located on Pearl Street (near the Media Center and Math Complex), provides 400 bike spaces, 60 skateboard parking slots, a DIY repair station, and a hydration station (a current AS sticker provides access to free "stand time" and support from Bikerowave). Additional

bike racks are conveniently located at several points on campus: by the ESL building at the southwest corner of campus, at both ends of the Science Complex, and near the Business building, Parking Structure 3, and Art Complex.

Rules for motorcycles, mopeds, bicycles, skates, and skateboards

- All motorcycles or mopeds on the College campus must be licensed and registered with the State of California.
- Motorcycles and mopeds may be parked only in designated motorcycle and moped areas. Illegally parked motorcycles, mopeds, and bicycles will be cited, and/or towed and impounded.
- Bicycles may be parked only in designated bicycle racks. Bicycles parked outside the designated areas must not interfere with pedestrian safety, handicap access, or the performance of duties by gardeners or custodians.
- 4. Motorcycles, mopeds, and bicycles may NOT be taken inside buildings or be ridden indoors.
- The use of skateboards, roller skates, or roller blades is prohibited on campus.
- Impounded vehicles will not be released until licensed in accordance with stated Santa Monica College Codes, and only after proof of ownership is shown and all appropriate fees are paid.

Escort Service

Vour safety is a key element to quality education. To protect members of the SMC community, the College provides students, staff, and faculty attending evening sessions with walking escorts within the area bounded by Delaware Street, 21st Street, Ocean Park Boulevard, and 14th Street.

The FREE Escort Service is provided Monday through Thursday, from 7 pm to 10:30 pm.

To reach the Escort Service, simply dial 4300 from any telephone on campus. An Escort will meet you anywhere within the service area and walk you to your destination.

Public Transit

anta Monica College has always enjoyed a unique geographical advantage. We're easy to get to by bus. The Santa Monica Big Blue Bus offers several direct lines to SMC's main campus, as well as intercampus shuttle service at various times of day.

Route maps and schedules are available at the College Bookstore or through the bus lines themselves.

"Any Line, Any Time" At No Cost: All SMC students with a current student I.D. AND paid AS membership can ride ANY Big Blue Bus ANY time for FREE! Your SMC student I.D. must first be swipe-activated. Negotiations are currently in progress to continue. "Any Line, Any Time" for the coming year. Special thanks go to the SMC Associated Students for funding this major expansion of SMC's transportation initiative improving access to SMC and reducing traffic and air pollution.

Pico Corridor Line: A Rapid 7 Big Blue Bus service operates along the Pico Boulevard corridor, connecting SMC's main campus to the Rimpau Transit Center in mid-city Los Angeles.

SMC Commuter Lines: A special commuter line (Line 6) to SMC from Mar Vista, Palms, and Culver City runs four times in the morning and three times in the afternoon. Also, the Crosstown Ride runs every 15 minutes, connecting the main campus to West Hollywood and Beverly Hills by means of a transfer on Metro Rapid on Wilshire Boulevard or Metro 304 on Santa Monica Boulevard.

FINANCIAL AID:

Useful Steps and Information

MAINTAINING PERSPECTIVE

Ithough the "financial aid process" may sometimes seem complicated — don't give up. The best way to approach the process is to look at it this way: A student who received funding for the 2013-2014 academic year spent an average of about 6 hours gathering information, making photocopies, filling out forms, making more photocopies, and standing in line waiting to use the computer in order to apply for financial aid. However, since the average financial aid award was approximately \$1,500, this would translate into (at least) \$250 for each hour of effort.

FINANCIAL AID LANGUAGE

s you make your way through the financial aid process, you'll find that certain acronyms and abbreviations are used regularly. Here's a list of some you'll probably encounter:

FAFSA — Free Application for Federal Student Aid. This is the application form that students must complete to apply for financial aid. The information submitted on the FAFSA is processed through the Federal Processing Center and financial aid eligibility information is provided directly to the college. The college then determines a student's eligibility for financial aid, how much and what types of aid the student is eligible to receive, and how much the student is expected to contribute towards his or her education.

EFC — Expected Family Contribution. The amount of money that the student (and parent, when applicable) is expected to contribute toward covering the costs of the student's education.

SAR — Student Aid Report. The form students receive, after their FAFSA has been processed, which notifies them of their eligibility status for financial aid.

FSEOG — Federal Supplemental Educational Opportunity Grant (see the box labeled "Types of Financial Aid Available" for information).

FWS — Federal Work-Study (see the box labeled "Types of Financial Aid Available" for information).

PLUS — Parent Loans for Undergraduate Students (see the box labeled "Types of Financial Aid Available" for information).

BOG Fee Waiver — A term that is often used to refer to the Board of Governors Fee Waiver (see the box labeled "Types of Financial Aid Available" for information).

Before You Begin

SMC offers a variety of **scholarships** and **financial aid** if you need financial assistance to help you attain your educational goals. However, you need to understand the difference between what is considered a scholarship and what is considered financial aid:

Scholarships come from private donors, foundations, and other non-government sources. Scholarships may or may not require you to have financial need to be eligible — and a surprising number of them don't!

Financial aid comes from federal and state government sources and usually requires you to have demonstrated "financial need" (as well as meet a number of other requirements) to be eligible.

Visit the Scholarship Office to find out more about scholarships. There are more than 300 different types of scholarships available that you might qualify for — too many to list and describe here, but stop by the Scholarship Office as soon as possible. In addition, don't forget to look up additional scholarships on the Internet!

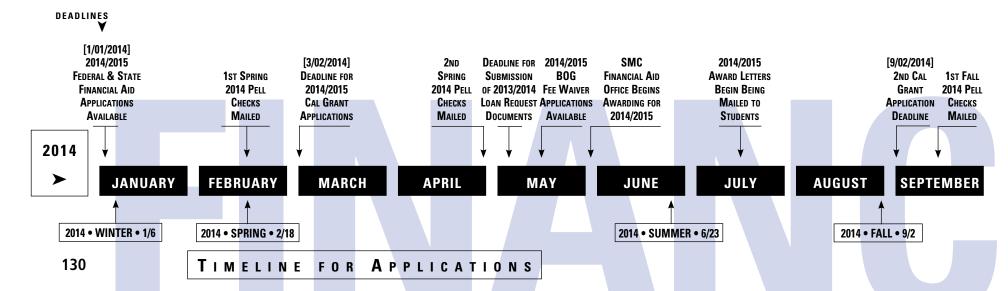

To find out more about financial aid, take a few minutes to read the information below...

If You Need Help

Determining what kind and how much financial aid you might be eligible to receive is often considered a complex process with a lot of variables. However, the process is not impossible to understand and certain application and award calculation procedures have recently been simplified a great deal.

Still, if things seem confusing to you, don't panic! **At SMC, the Financial Aid Office will help you** apply for federal and state grants, workstudy funds, and other financial assistance. In order to be eligible for most types of financial aid, you must have "financial need" as determined by the federal government. You also need to commit some of your time and effort to working with the Financial Aid Office and START THE FINANCIAL AID APPLICATION PROCESS **AS EARLY AS POSSIBLE.** January is the best time to begin applying for the following academic year (see the timeline below for specific dates and deadlines).

The Financial Aid Office can assist you with your individual situation, answer your questions, sort out information, and help you to apply for financial aid funds.

Here's How To Apply

When you apply for financial aid, you will need to provide information about your personal financial situation. This information is used to determine whether your financial needs meet the requirements for eligibility for financial aid.

STEP 1:

In order to apply for the various types of federal financial aid:

- You (and your parents or spouse, if applicable) need to complete the Free Application for Federal Student Aid (FAFSA) online at fafsa.ed.gov (be sure to apply for a PIN number BEFORE you submit your FAFSA).
- Be sure to list the six-digit Title IV school code for Santa Monica College (SMC) — 001286 on your FAFSA

NOTE: To apply for a Cal Grant for use at California colleges in the 2014-2015 award year, you must submit a 2014-2015 FAFSA AND a Cal Grant Grade Point Average (GPA) Verification Form. For "priority consideration," you need to submit both by March 2, 2014. The Cal Grant GPA Verification Form needs to be completed by the high school or college you most recently attended.

STEP 2:

After you have submitted your FAFSA:

- You will receive a Student Aid Report (SAR) in the mail, unless you provided an e-mail address. If you provided an e-mail address, you will receive an acknowledgement by e-mail and be referred back to the FAFSA website, where you can print out your SAR information.
- Check to make sure that all of the information listed on your SAR is correct. Pay particular attention to all comments listed on the SAR and any information in bold print or marked "assumed."
- If you need to make corrections to the SAR, inform the Financial Aid Office. Most corrections can be made electronically by SMC.

Students whose FAFSA information was rejected by the Federal Processing Center will receive a letter informing them that they need to contact the Financial Aid Office immediately in order to correct and re-submit their information.

 Your Student Aid Report (SAR) will tell you if you are ELIGIBLE to receive a Federal Pell Grant. If you do not qualify for a Pell Grant, don't give up! You may still be eligible for other types of financial assistance, including federal work-study and scholarships.

NOTE: For the 2014-15 school year, new Federal aid applicants must be high school graduates or have completed a G.E.D. or an equivalent program.

STEP 3:

After the Financial Aid Office has received your FAFSA information electronically from the federal processor, you will be mailed a "Document Tracking Letter," which will tell you which documents you need to submit to the Financial Aid Office.

Students selected for verification will need to submit specific documents to "verify" certain information (such as income, number in household or number in college) listed on the FAFSA. As such, you may be requested to submit copies of federal tax returns and verification of untaxed income, assets, or number in household or college.

- Some students may have to submit proof of Selective Service Registration or Eligible Non-Citizen Status to the Financial Aid Office
- After you have completed all of the required forms and have gathered together all of the requested additional documentation, you may either mail the documents or bring them to the Financial Aid Office
- All of the documents should be returned within 15 working days from the day you received the written request

STEP 4:

After the Financial Aid Office has received and reviewed all of your paperwork, if you are eligible for federal or state aid, you will be sent a:

"Financial Aid Award Notification Email" which will provide you with your estimated financial aid award package. Be advised that the financial aid award amounts listed in the Financial Aid Award Notification Letter are based on full-time enrollment of 12 units or more for both the Fall and Spring semesters.

STEP 5:

In addition to the FAFSA, if you are a California resident, be sure to complete and submit a Board of Governors Fee Waiver Application (BOG) in order to determine if you are eligible to have certain enrollment fees waived. Eligibility is based on specific income criteria. You can download the BOG Fee Waiver application form from the Financial Aid Office's website at www.smc.edu/financialaid

Be sure to follow all instructions CAREFULLY. Remember, when applying for financial aid, you are dealing with several government entities. If something doesn't make sense to you, or if you think your information may be unclear, go to the Financial Aid Office and ask the staff to explain it to you. Ask questions until you are sure you understand.

TYPES OF FINANCIAL AID AVAILABLE AT SMC

here are a variety of financial aid programs that help students by providing them with assistance for educational costs. SMC students may apply for the following:

GRANTS: Grants are awards that don't need to be repaid.

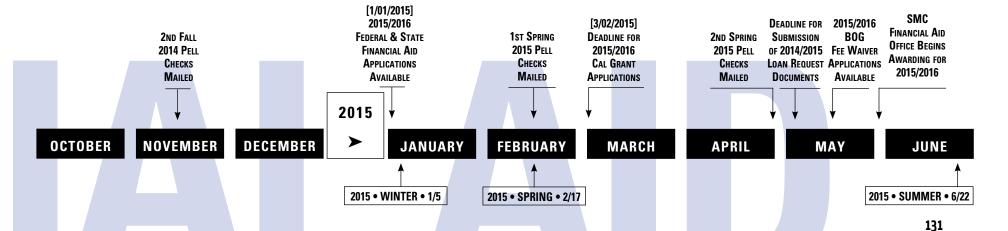

- Pell Grants Federally funded grants of up to \$5,730 per year to eligible undergraduate students.
- Federal Supplemental Educational Opportunity Grant (FSEOG) —
 A Federal grant of approximately \$800,000 given to the College for disbursement to eligible students that demonstrate high financial need (average Santa Monica College student award up to \$100 per semester until these funds are completely expended).
- Cal Grant B State-funded award for eligible students from disadvantaged backgrounds or low-income families who have exceptionally high financial need, to provide them assistance with enrollment fees, living expenses, books, supplies, and transportation (the average Santa Monica College student award is \$1,473 per year).
- Cal Grant C State-funded award for eligible students from low and middle

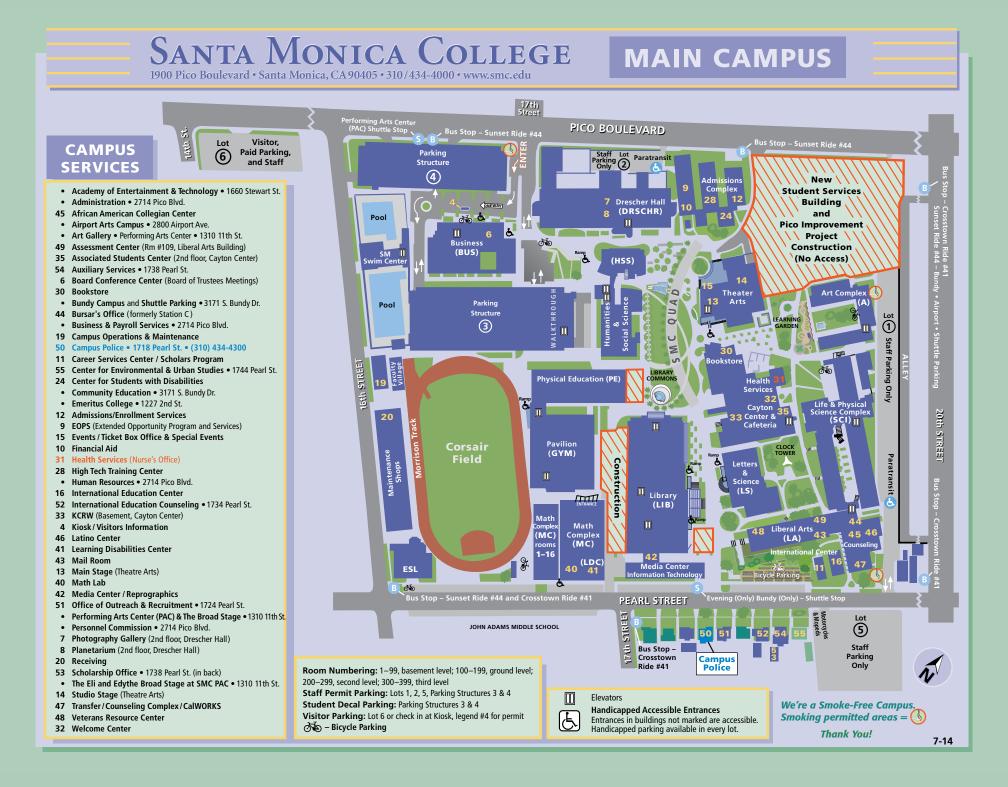

income backgrounds enrolled in vocational training programs, to provide them assistance with training costs such as tools, books, and equipment (average Santa Monica College student award is \$547 per year).

- Board of Governors (BOG) Fee
 Waivers State-funded waivers of
 enrollment fee for eligible students.
- Federal Work-Study (FWS) funds —
 Federally funded program that provides
 wages to eligible students for both
 on-campus and off-campus employment
 (FWS wage rate is \$10.00 per hour).

LOANS: Loans are available to help students meet their educational costs. Loans, plus the interest, MUST be repaid.

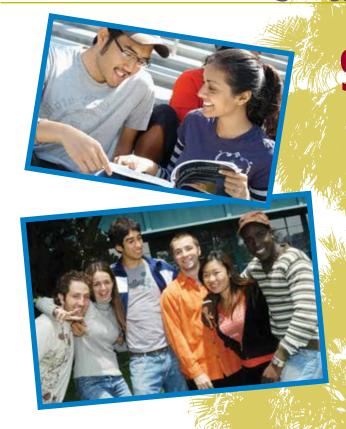

- Stafford Loans (Subsidized or Unsubsidized) — Federally administered, low-interest loans to eligible students who have remaining need or no unmet need.
- Parent Loans for Undergraduate Students (PLUS Loans) — Federally administered, low-interest loans to parents of students who are considered dependent according to federal regulations.

Research Opportunities and Resources Underway at SMC

Santa Monica College's STEM program – funded with a \$5.8 million multi-year grant from the U.S. Department of Education – helps students complete their studies at SMC and transfer to a four-year research-oriented program.

The program features a Science and Research Initiative (SRI) component with UCLA that sponsors 50 SMC students during the summer for a one-week residency at UCLA, and supports ten SMC students during a ten-week summer internship and research project at UCLA's research labs.
