#### SANTA MONICA COMMUNITY COLLEGE DISTRICT 2009-2010 PROPOSED ADOPTED BUDGET NARRATIVE

The Santa Monica Community College District Proposed Adopted Budget for fiscal year 2009-2010 is comprised of the following eight funds:

General Fund Unrestricted	\$150,074,004
General Fund Restricted	<u>\$28,396,506</u>
Total General Fund	\$178,470,510
Special Reserve Fund (Capital)	\$7,790,756
Earthquake Fund	\$3,096,315
Bond Fund: Measure U	\$23,464,660
Bond Fund: Measure S	\$67,988,495
Bond Interest & Redemption Fund	\$35,711,640
Student Financial Aid Fund	\$19,769,388
Auxiliary Operations	<u>\$5,172,103</u>
Total Other Restricted	<b>\$</b> 162,993,357

#### TOTAL PROPOSED ADOPTED BUDGET \$341,463,867

The 2008-2009 fiscal year closed with an Unrestricted General Fund ending balance estimated at \$17,408,758, including designated reserves, or 12.98%. The Adopted Budget for 2009-2010 projects an ending Unrestricted General Fund Balance of \$15,603,195, including designated reserves, or 11.60%.

It is important to note that, due to the complexity of the State budget, the California Community College Chancellor's Office (CCCCO) has yet to distribute accurate budgetary information. While the District feels reasonably comfortable with its projections, there may need to be significant revisions as the CCCCO releases more accurate budgetary information.

#### **GENERAL FUND**

#### General Fund Unrestricted Revenues (01.0)

These are the only funds available for the general operations of the District. All other funds are restricted.

#### Federal Revenue

The federal revenue levels for 2009-2010 are projected at the 2008-2009 rate adjusted for projected increases in financial aid, as notification has not been received regarding all of the 2009-2010 federal funding.

#### State Revenue

During the 2008-2009 fiscal year the District served 22,860 credit FTES (Full-time Equivalent Students) but was only funded by the State to serve approximately 21,632 credit FTES. 1,228 unfunded credit FTES amounts to \$5,605,611 of underfunding by the State.

Due to State budgetary constraints, the Community College System budget has been reduced significantly in the 2009-2010 year, resulting in a workload reduction that lowers the District's base funding by approximately 809 credit FTES. While the District will only be funded to serve 20,823 credit FTES in the current year, the Adopted Budget is based on the District continuing to serve students beyond its funded FTES base. As of the Adopted Budget, the target is to serve 21,632 credit FTES in 2009-2010, resulting in underfunding in the amount of <\$3,694,450>. While this is the Adopted Budget FTES target, the District, through increased efficiency, is planning to serve more students while maintaining expenditures at the 21,632 credit FTES level.

The workload reduction imposed by the State is equal to a permanent 3.39% reduction in base revenue from 2008-2009 levels for the District. If the State budget falls further into a deficit during the year, the CCCCO will increase the permanent reduction. Each 1% permanent reduction by the State is equal to \$1,100,000 in permanently reduced funding for the District. The State budget also reduced the District's funding for Part-time Faculty Office Hours, Part-time Faculty Health Insurance and Part-time Faculty Compensation resulting in a further reduction in funding of <\$577,790>. The State budget for 2009-2010 includes no COLA and no Growth for 2009-2010, leaving no opportunity for the District to increase State apportionment funding during the year.

In the 2008-2009 year, the District received a one-time apportionment backfill of \$1,480,188 for property tax shortfalls in the 2007-2008 year. The State budget does not allow for a backfill in 2009-2010 for property tax shortfalls in the 2008-2009 year.

The State Lottery revenues are paid each year according to the annual enrollment figures. The projected workload reduction has lowered lottery projections slightly from 2008-2009 levels.

Based on preliminary projections of property taxes, the District will receive \$11,183,344 in property tax in the current year. This is a combination of property tax shift, homeowner's exemption, secured taxes, unsecured taxes, supplemental taxes, RDA pass through and prior years' taxes. If receipt of property tax does not meet these projections, the State may impose a further workload reduction to offset the loss in funding.

The Local Revenue section of the budget contains the District's largest increase in revenue in the form of Non-resident Tuition. The non-resident tuition line item includes both revenue generated from non-resident tuition and revenue from special Intensive ESL classes for international students. The District increased Non-resident Tuition by 15.9%, the lowest level allowed by the State, for the 2009-2010 year. This increase is expected to generate \$2,726,439 additional revenue for the District. Additionally, the District collects a capital surcharge for international nonresident students that is shown in Fund 40.0 and used to offset capital expenditures. (If the Governor approves AB 947, the District will have the ability in the future to collect this capital surcharge for out-of-state nonresident students as well.)

#### General Fund Unrestricted Expenditures (01.0)

The General Fund Unrestricted Expenditure budget is where the District accounts for all operational expenditures. The breakdown of expenditures is as follows: 88.2% on salaries and benefits, .08% on supplies, 10.4% on other operational expenses and services, .03% on capital and .03% on transfers/financial aid. For 2009-2010 the top three increases to expenditures are faculty salary schedule compression (\$295,745) and part-time parity (\$1,035,851) - \$1,331,596, increase in Health and Welfare benefits - \$877,556 and backfill for categoricals - \$851,675. The top three decreases to expenditure are savings through course schedule reduction - <\$3,493,944>, decreases in contracts and contract services - <\$1,361,171> and non-reoccurring expenditures related to retroactive compensation - <\$390,742>.

The State budget has reduced funding for categorical programs by 16% for some programs(Basic Skills, DSPS, EOPS, CARE, etc.) and 32% for other programs (Matriculation, etc.) in 2009-2010, assuming the receipt of \$140 million in Federal Stimulus backfill. (Funding for some categorical programs (CAHSEE, etc.) has been eliminated.) The District has built into the budget a new expenditure category called "Backfill for Categorical Funds" to lessen the impact on these student services programs. The total amount of the backfill is equal to half of the reduction the individual categorical programs received. With the assumption that the full \$140 million in Federal Stimulus backfill is received by the Community College System, the total projected expenditure to backfill the categoricals is \$851,675.

During the development of the 2009-2010 Adopted Budget, the District's goal was to reduce the following expenditures from the 2008-2009 Adopted Budget levels as follows: 1% reduction in supplies, 15% reduction in contracts/services (excluding certain fixed expenditures—rents/leases, Global Citizenship and Copiers) and 20% reduction in Capital expenditures. The Adopted Budget reflects that the District has achieved or exceeded the goal in all three areas.

The Contracts/Services line item in the adopted budget include: Rents/Leases (i.e. Madison Site, Swimming Pool, Big Blue Bus) 22%, Other Contract Services (i.e. Pest Control, Elevator Maintenance) 21%, Advertising 11%, Repairs and Maintenance of Equipment/Facilities 9%, Bank Fees and Bad Debt 6%, Legal Services (including Personnel Commission) 6%, Postage and Delivery Services 5%, Conferences and Training 5%, Consultants 4%, Off Campus Printing 3%, LACOE Contracts (i.e. PeopleSoft, HRS) 2%, Repairs/Improvement of Facilities 1%, Memberships and Dues 1%, Audit 1%, and Other Services (i.e. Software Licensing, Mileage, Professional Growth, Fingerprinting, Board Meetings, Field Trips) 3%.

The expenditure projections reflect appropriate step, column and longevity increases for all qualified employees. They also include the incorporation of costs related to any contractual increases and filling of vacant positions as noted. (These are included in the budget under the lines titled "Vacant Positions" and "Benefits Related to Vacant Positions") Consistent with Board principles, these projections do not include any assumptions for furloughs or lay offs of permanent employees in the current year.

#### **RESTRICTED FUNDS**

#### General Fund Restricted (01.3)

This fund represents restricted funding that is received by the District from Federal, State and Local sources. All grants that do not end by June 30, 2010 will be carried over to the 2010-2011 budget, if permissible.

As noted above, the State has reduced funding to the categorical programs between 16% to 100%. The programs that were affected (based on the latest information from the State) include Basic Skills, DSPS, EOPS, CARE, Nursing, CalWorks, TTIP, Economic Development, Matriculation, Schedule Maintenance and Instructional Equipment Block grant, CAHSEE and Transfer Articulation. The District has developed the Adopted budget to backfill 50% of these reductions through the Unrestricted General Fund. The total amount of the backfill is \$851,675, assuming that the System receives \$140 million in Federal Stimulus backfill. It is important to note that the State is in the process of passing trailer legislation that will further define how these reductions in funding are to be allocated. Any changes in funding will be updated in future reports.

When received, new grants will be presented to the Board of Trustees for approval, and the District's budget will be augmented to reflect the increase.

#### Special Reserve Fund (40.0) Capital

This fund is also known as the Capital Expenditures Fund. The major source of revenue for this fund is the non-resident capital surcharge. These funds are used for capital outlay related projects, including the installment payments for the AET Certificate of Participation and any required expenditure matches for scheduled maintenance/physical plant, special repair projects and architectural barrier removal. State funding for capital projects is also accounted for in this fund.

All capital expenditures and revenue in the Special Reserve Fund, as well as Fund 41.0, Fund 42.1, Fund 42.2, and 42.3, reflect the total expenditure allocation and the total revenue for all projects, and are not limited to the current year, thus resulting in a zero ending balance. Money in these funds may not be transferred into the general fund.

#### Earthquake Fund (41.0)

This fund reflects the FEMA and OES funding received and expended as a result of the damage incurred at Santa Monica College from the 1994 Northridge Earthquake. These funds are for the Humanities and Social Sciences (Liberal Arts Replacement) Project, the District's last earthquake project.

#### Bond Fund Measure U (42.2)

This fund reflects the revenue from the sale of bonds approved through Measure U and the interest earned in the fund. The expenditures in this fund relate to the College construction plan approved under Measure U.

#### Bond Fund Measure S (42.3)

This fund reflects the revenue from the sale of bonds approved through Measure S and the interest earned in the fund. The expenditures in this fund relate to the College construction plan approved under Measure S.

#### Bond Interest and Redemption Fund (48.0)

This fund is administered by the Los Angeles County Treasurer's Office and reflects the receipt of property tax revenue due to voted indebtedness for bond issues and the payment of interest on those bonds plus the redemption of the bonds that mature within the 2009-2010 fiscal year. This information is provided by the Los Angeles County Treasurer's Office through the Los Angeles County Office of Education.

#### Student Financial Aid Fund (74.0)

This fund consists of all student financial aid programs (PELL, SEOG, EOPS and Cal Grants). Transfer line items reflect a transfer from the Unrestricted General Fund to meet the match requirements of the individual grant programs.

#### Auxiliary Operations

This budget reflects the revenue and expenditures of the auxiliary operations of the District, namely the Bookstore, the food and vending concessions, and **c**ollege expenditures in programs such as Athletics, Music, Theatre Arts, the *Corsair* student newspaper and transportation.

#### CONCLUSION

This is the recommended budget for adoption. It reflects the best information currently available. The budget has been reviewed by DPAC's Budget Planning subcommittee, which acknowledged that the budget procedure followed transparent processes and that all constituencies had input.

While it is usually expected that changes will occur during the year, it is inevitable that there will be such changes during this particular fiscal year. Some changes will be the result of revised state revenue, and others will be internal adjustments resulting from new or updated information.

VI. Did the district have significant events for the quarter (include incurrence of long-term debt, settlement of audit findings or legal suits, significant differences in budgeted revenues or expenditures, borrowing of funds (TRANs), issuance of COPs, etc.)?		
If yes, list events and their financial ramifications. (Enter explanation below, include additional page	s if needed.)	
VII.Does the district have significant fiscal problems that must be addressed?	This year? Next year?	NO YES

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.) Due to the deteriorating State Budget and the resulting loss of both general apportionment and categorical funding the District expects to drawdown on its reserves in 09-10. Additionally the extensive cash deferral mechanism in the State General Apportionment dispersal process may cause the District cash flow issues that will require external borrowing and additional borrowing related expenditures.

# SUBJECT: AGREEMENT FOR ARCHITECTURAL SERVICES – MEDIA AND TECHNOLOGY COMPLEX

<u>SUBMITTED BY</u>: Superintendent/President

<u>REQUESTED ACTION</u>: It is recommended that the Board of Trustees approve the agreement with CLIVE WILKINSON ARCHITECTS for the Media and Technology Complex project for \$5,500,000 plus reimbursable expenses.

Funding Source: Measure AA

- SUMMARY: This contract is for design development, construction drawings, and construction administration for the Media & Technology Complex located at the Academy of Entertainment & Technology. The complex will consist of the existing AET building which will be renovated, a new addition to the AET building, and a new building for radio station KCRW. In addition to the current programs at the AET much of the Communication Department will be relocated to the site from the main campus along with all of KCRW. The KCRW Foundation covered the preliminary planning costs for this project.
- BACKGROUND: SMC's Academy campus opened in 1998 as a state-approved Center to provide specialized instruction in digital and new media, especially to address a local labor shortage for special effects work in film and related media. Thus was launched the Academy of Entertainment & Technology (AET) which included the programs of Entertainment Technology (ET) and Graphic Design. Interior Architectural Design was moved to the site a few years later.

Today, the programs at AET include Graphic Design, Web Design, Animation (2-D and 3-D), Game Design, Visual Effects, Post Production (audio and video), and Interior Architectural Design. Currently, however, advances in technology, and the ways that technology is accessed and used by the consuming public, are causing lines among media-related disciplines to overlap and blur.

Recognizing this, in 2007 SMC proposed aggregating additional technologydriven programs at the site, including Film Studies (critical and production), Broadcasting, Radio, Journalism, and Mass Communication. These programs currently reside in 1950s era buildings that cannot support the modern infrastructure necessary for digital and online programs. SMC also proposed moving KCRW, a nationally recognized leader in new media and online delivery, to this site, providing a dynamic asset to the media and technology-driven instructional programs. The proposed new and renovated facilities at the AET site will have the data, communications, electrical, and ventilation systems necessary to support these programs. One phase of the project renovates and adds additional space to the existing building to house and expand SMC's Communication programs and to provide replacement and additional parking. A second phase provides a much-needed new home for KCRW and adds a state-of-the-art professional operation to the mix.

The proposed project was added to SMC's Five-Year Construction Plan (2009-2013) and was approved by the Board of Trustees in June 2007. The project was subsequently included for funding in Measure AA.

Measure AA encompasses a large modernization program, much of which will be on the main campus. The proposed Replacement Math and New Science Building requires the relocation of the Communication program and KCRW prior to the Math/Science project going forward. In order to shorten the timeline, SMC approached the KCRW Foundation to request an early start to the proposed media project at AET. The Foundation agreed to fund a start up phase prior to the outcome of Measure AA, and to fund the architectural schematic design phase of the drawings should Measure AA pass.

A Request for Qualifications (RFQ) for architectural services for the proposed project was advertised and circulated by the District in May 2008. The District held interviews in July 2008. From the five finalists, Clive Wilkinson Architects (CWA) was selected. On October 15, 2008, the KCRW Foundation entered into an agreement with CWA. The agreement conforms to District requirements and was reviewed by District counsel. The agreement was for \$780,000 for basic services for the pre-design phase and the schematic design phase for the two AET site projects (the renovation and addition to the existing building along with parking, and the replacement KCRW building).

District voters approved Measure AA in November 2008.

CWA has developed the proposed schematic design for the instructional programs in consultation with department chairs and key faculty from Graphic Design, Entertainment Technology, Communication, Broadcasting, Journalism, and Film Studies; the proposed schematic design for KCRW in coordination with KCRW management and key staff; and the overall site design in coordination with the site users and SMC administration. There have been a total of 25 programming, visioning, and schematic design meetings with the site users through August 2009.

# SUBJECT: ACCEPTANCE OF GRANT: ASIAN AMERICAN AND NATIVE AMERICAN PACIFIC ISLANDER SERVING INSTITUTION (AANAPISI) PROGRAM AND BUDGET AUGMENTATION

SUBMITTED BY: Superintendent/President

<u>REQUESTED ACTION</u>: It is recommended that the Board of Trustees accept the following grant and budget augmentation:

#### Title of Grant: Asian American and Native American Pacific Islander Serving Institution (AANAPISI) Program

Granting Agency:	U.S. Department of Education
Award Amount:	\$2,126,521
Matching Funds:	None

Performance Period: October 1, 2009 – September 30, 2011

Summary: The AANAPISI grant will support the development of the Santa Monica College Academic Achievement Program, a comprehensive two-year pilot program that will serve a cohort of approximately 300 students with an emphasis on the participation of Asian American, Pacific Islanders and other low-income students. The program will provide a comprehensive array of innovative student support services and instructional strategies designed to help participants complete their AA degree and/or transfer within three years, resulting in a significant increase in the success rate of Asian Americans, Pacific Islanders and low-income students.

- <u>REQUESTED ACTION</u>: It is recommended that the Board of Trustees approve its Goals and Priorities, 2009-2010.
- <u>SUMMARY:</u> The Board of Trustees discussed and drafted its Goals and Priorities, 2009-2010, at the Summer Study Session on August 1, 2009. They are presented for approval.

# BOARD OF TRUSTEES GOALS AND PRIORITIES 2009-2010

#### Goal I-Educational Advancement and Quality

- Improve student achievement, with particular emphasis on addressing basic skills education issues and improving retention for all student populations.
- Strengthen and expand workforce/career technical programs and develop plans to guide the expansion of resources and offerings.
- Infuse global citizenship into student learning.
- Expand Performing Arts Center program offerings.
- Strengthen the "culture of evidence." Develop and implement institutional data-driven effectiveness measures to regularly and consistently evaluate the quality of programs and services.
- Explore the possible addition of baccalaureate and advanced degree opportunities through public and/or private partnerships.

# Goal 2—Community and Government Relationships and Funding Opportunities (Local/State/National)

- Foster community and government relationships and partnerships in fulfillment of SMC mission and goals.
- Acquire internal and external capacity to pursue and obtain federal funds as well as other grant opportunities.

#### **Goal 3—Facilities and Sustainability**

- Continue advocacy on the local, state and national level for mass transit solutions including a Santa Monica College station for Expo.
- Maintain progress on construction of the Student Services Building.
- Adopt and implement sustainability designs and practices for construction and maintenance of facilities.
- Plan and implement a resource management program to expand the public use of the SMC Performing Arts Center and other college facilities and promote new sources of revenue.
- Adopt an updated Master Plan for Facilities that is linked to the Master Plan for Education.

#### **Goal 4—Internal Operations and Relations**

- Ensure the financial health of the College through enrollment development, budget discipline, grants, and enterprise opportunities.
- Ensure inclusiveness in the budget development process and transparency in budget communication efforts.

#### Goal 5—Campus Relations

- Promote professional relationships among all members of the campus community, including classified and academic staffs and their associations, representatives, organizations, and unions.
- Prepare to implement intermediate and long-term plans to increase the number of full-time faculty members and continue to move toward parity for adjunct faculty.

#### **Goal 6—Leadership and Articulating a Vision**

- Include in the planning process the development of a vision for the future of the college.
- Complete the Accreditation 2010 Institutional Self-Study in preparation for the March 2010 accrediting team visit.

#### **Goal 7—Effectiveness and Efficiency of Board Operations**

- Explore ways to make the Board operate more effectively and efficiently, focusing on Board of Trustees meetings.
- Implement strategies to enhance communications with periodic evaluation of effectiveness.
