Santa Monica College is within one of the most racially and ethnically diverse counties within the United States. The diversity of Los Angeles County is enhanced by its location in the State of California, the comfortable climate, the stunning geography, the variety of things to do and most importantly the easy access to a multitude of options and opportunities for the people who live here. Santa Monica College's reputation as a premier institution of higher education continues to reinforce its popularity and respected status with educators, students and the communities that this college serves.

Santa Monica Community College District is an Equal Employment Opportunity Employer

FACULTY AND STAFF DIVERSITY REPORT 2021

EXECUTIVE SUMMARY

Santa Monica Community College District is one of the largest employers within the City of Santa Monica, CA. The District has a rich, inclusive, global, higher education learning environment known for its commitment to excellence and dedication to student success. It is also known for its high transfer rate of students to the University of California, California State Universities, private colleges and universities, and for its successful career technology education certificate programs. SMC attracts and retains an outstanding workforce of faculty, staff, and management team members.

This report will assist in monitoring Santa Monica College's progress towards achieving a workforce representative of the diverse populations within the County of Los Angeles, and which mirrors the students at Santa Monica College. To allow for comparisons, ethnicity, gender, and age data is displayed covering the most recent ten-year window (highlighting every two years- 2011, 2013, 2015, 2017, 2019 and 2021) from information collected on the first business day after the Labor Day Holiday. For information on the years not highlighted in this report, the reader is directed to SMC's Faculty/Staff Diversity Reports webpage where Diversity Reports may be found covering alternate years between 2009 and 2021: Faculty/Staff Diversity Reports - Santa Monica College (smc.edu).

THE TREND

Students of Hispanic descent remain the predominant ethnic group at SMC since Fall 2011. As of the Fall 2020 semester, enrollment data from the District's Institutional Research Department indicates that Hispanic students represented 41.5% of the total credit student population, an increase of 1.5% from the previous year.¹ The preponderance of Hispanic students attending SMC mirrors population dynamics occurring within the state of California and Los Angeles County. Projections by the U.S. Census Bureau to the year 2020 indicated that those identifying as Hispanic will comprise 50% of Los Angeles County, and by 2060 it is projected that those identifying ethnically as Hispanic will be 57% of

³ <u>https://www.smc.edu/administration/institutional-research/</u>

L.A. County's population (See Appendix 2 for Los Angeles County census data).²

SMC's Office of Institutional Research "Fast Facts Fall 2020" data reveal that Caucasian students represent 26.3% of the student population, Asian is the next largest ethnic group representing 9.1% of the total credit student population and African Americans comprise 7.9%.³

CATEGORIES TO WATCH

ACADEMIC ADMINISTRATORS

As of Fall 2021, there are forty-five (45) Academic Administrators, a decrease of five (5) Academic Administrators from two years ago. The majority ethnic group is Caucasian which represents 38% of the administrators, down from the 43% of 2 years previously; African Americans represent 29% or thirteen (13) of this employee group, down one percent from 2019. Ten (10) or 22% of this group is Hispanic, an decrease of one from 2019. The decrease in Asian Academic Administrators from 2009 is notable - in 2009, seven (7) Academic Administrators identified as Asian, in 2021 there is one (1). There is one (1) Pacific Islander and no (0) Native American or Multi-Racial administrators. Three (3) academic administrators chose not to identify their ethnicity. Female academic administrators outnumber males by nearly three to one (62% female versus 38% male) and 84% of administrators are age 40 or greater, and 18% are age 60 or greater.

CLASSIFIED ADMINISTRATORS/MANAGERS

There were fifty (50) classified managers in Fall 2021, a decrease of 1 from 2019. Caucasians remain the dominant ethnic group at 36% of classified managers. All other ethnic groups experienced minor improvement. Due to age/retirement factors, a number of separations and retirements are anticipated within this category over the next few years; there will be opportunities for constructive diversification of this employee group.

Males continue to dominate this category: 60% male to 40% female. As of Fall 2021, 86% of classified managers are age 40 or older, with 16% of this group age 60 or older. Refer to the SMC Employees: Classified Administrators/Managers section.

EMPLOYEES DESIGNATED AS "CONFIDENTIAL"

² Projections (ca.gov)

^{2 1 ... //}

³ <u>https://www.smc.edu/administration/institutional-research/</u>

Confidential positions, in accordance with Government Code 3562(d) and Educational Employment Relations Act 3540.1(c), are required to develop or present management positions with respect to employer-employee relations or whose duties normally require access to confidential information that is used to contribute significantly to the development of management positions.

SMC continues to have a very limited number of employees with confidential status within the job categories of Executive Coordinator, District/Board of Trustees Office (1), Administrative Assistant IV (1), Administrative Assistant III-Confidential (4), and two HR Analysts-Employee & Labor Relations. As of Fall 2021, there were eight (8) confidential employees: four (4) or 50% Caucasian, two (2) Hispanic (25%), one (1) African American (12%), and one (1) Unknown (13%). All confidential staff at the effective date of this report are female but one (13%). Three confidential employees, or 37% are 60 years of age or older.

Classified Professional Personnel (formerly known as CLASSIFIED SUPPORT PERSONNEL)

Over the past 10 years, the number of classified professional employees has fluctuated from a low of 445 in Fall 2015 to a high of 492 in Fall 2017. Current classified professional personnel reported in Fall 2021 was 444. This group remains one of the most ethnically diverse employee categories within the District. There is no self- identification by the Native American group or Pacific Islanders, and limited representation - three (3) - of the Multi-Racial group. One hundred and twenty (120), or 27% of classified support employees are Caucasian (a decline by 10 from 2019); 33% or one hundred and forty-eight (148) – an increase by 7 - are Hispanic; 21% or ninety-three (93) are African American (a decline by 2). Twenty-eight (28), or 6% of classified professional personnel chose not to identify their ethnicity. During previous reports, as with most other employment categories in this District, females outnumbered males but in Fall 2021, females counted at 221 and males at 223. Sixty-nine (69%) of classified professional personnel are 40 years of age or older while 15% are 60 years of age or older. Refer to the SMC Employees: Classified Professional Personnel section.

COMMUNITY COLLEGE POLICE OFFICERS

There are twelve (12) police officers (non-management officers) at the time of this report and females comprise four of the twelve officers (33% female to 67% male). SMC community college police officers continue to reflect diversity as an employment group with 42% Hispanic, 33% African American, 17% Caucasian and 8% Asian, closely aligning with Los Angeles County ethnicity statistics for 2020. Eight police officers (67%) are less than 40 years of age, and no police officers are age 60 or older. Refer to the SMC Employees: Community College Police Officers section.

FULL-TIME FACULTY

In the District's Master Plan for Education, 2017-2018 Institutional Objectives, Objective #2 states the following strategic objective: "Increase the number and percentage of full-time faculty and non-instructional faculty, while at the same time increasing the number of applicants from diverse backgrounds."

Between 2009 and 2021, full-time faculty numbers have ranged between 308 (Fall 2013) and 338 in Fall 2019. Full-time faculty in Fall 2021 numbered 309.

The district has been committed to increasing the number of full-time faculty since 1975 as shown here:

Start Date	Total No. of Faculty Hires/Decade
1975-1979	5
1980-1989	17
1990-1999	76
2000-2009	72
2010-2019	179
Total hires 1975-2019	349

As can be seen in the chart above, during the years 2010-2019, the number of hires increased substantially over the previous decades, with 179 full-time hires between 2010 and 2019. Individual hires per year from 2010 through 2019 are reported below:

Year of Hire	No. of Faculty Hires/Year
2010	8
2011	17
2012	9
2013	6
2014	12
2015	33
2016	27
2017	24
2018	12

2019	31
Total hires 2010-2019	179

By Fall 2020, however, the global Covid-19 pandemic created budgetary instability for the District resulting in a hiring freeze for all but critical faculty positions. Recruitment, therefore, was restricted to positions deemed 'critical' for the District, resulting in seven (7) full-time faculty hires and one (1) Academic Administrator hired during the 2020-2021 academic year.

OVERALL PROGRESS TOWARD DIVERSITY WITHIN THE FULL-TIME FACULTY

The increased attention to diversity in recruitment has resulted in overall progress towards diversity of full-time faculty. The Caucasian ethnic group continues to dominate the faculty with 53% of current full-time faculty in Fall 2021, but noteworthy that percentage is down from 66% in Fall 2009. Minority populations remain under-represented, but over time, diversification efforts have resulted in change: Hispanic self-identifying full-time faculty increased from 1% to 18% in 2021; Asian full-time faculty numbers increased from 9% in 2009 to 14% in 2021, an increase of 2% over 2019. Not all ethnic groups experienced gains during this period of time: African Americans were 12% of full-time faculty in 2009, 13% in Fall 2017 but slid to 11% in 2021.

A number of factors influence change, including declining student enrollment and the resulting realignment of course offerings reducing the overall number of courses offered. SMC's part-time faculty members, specifically the Associate Faculty group, continue to be a primary resource group for full-time, tenure track faculty applicant pools. Within the part-time faculty pools, however, factors slowing diversity of the full-time faculty are the lack of ethnic diversity of the part-time faculty, and specifically the lack of diversity within the Associate Faculty group. Other factors to consider in the diversity discussion are the longevity of the faculty - that is, the length of time faculty members remain active in the district, and faculty age ranges - approximately 21% of the District's full-time faculty members are sixty (60) or more years of age, an increase of 2% from 2019.

PART-TIME FACULTY

Between Fall 2015 and Fall 2021, the total number of part-time faculty decreased from a high of 1,099 to 894, partially in response to a state-wide phenomenon of decreased community college enrollment and an increased number of full-time faculty hires. In addition, the Covid-19 pandemic forced the District to pivot from an on-ground, traditional community college to a fully online institution, even if temporarily, and resulted in fewer part-time faculty overall. Outreach for broader representation within the part-time pools must continue when tenure-track full-time positions do

become available. Though the overall number of part-time faculty members has decreased, the data indicates that overall diversity of part-time faculty members is incrementally improving:

- Caucasian part-time faculty remains the dominant ethnic group among part-time faculty members, and in Fall 2021, represented 55% a decrease of 1% from Fall 2019 (but down from the 68% in Fall 2011).
- Hispanic representation has increased from 8% in 2009 to 15% in 2021, a 1% increase from Fall 2019.
- Asian part-time faculty increased from 9% in 2015 to 13% in Fall 2021, an increase of 2% from Fall 2019.
- African American part-time faculty increased from 8% in 2015 to 10% in 2019 and has remained constant at 10%.
- Women adjunct faculty members continue to comprise the majority gender group (57% female, 43% male);

Data analysis of the 894 part-time faculty in the Fall 2021 cohort reflects the gradual aging of the part-time faculty cohort:

- six hundred ninety-five (695) are age 40 or older (78%) an increase of 3%; and
- two hundred and ninety-six (296) part-time faculty members (32%) are sixty (60) years of age or greater.

ASSOCIATE FACULTY

Associate Faculty are part-time faculty who have been granted the status of "Associate Faculty" by the District, and are entitled to be offered, if eligible, an assignment before any part-time faculty member without associate faculty status (Article 6.6.5 of the CBA).⁴

When looking at paths available to ethnically diversify faculty, the Fall 2021 statistics on the Associate Faculty reflect a non-diverse pool of potential full-time faculty:

- Associate Faculty identifying as Caucasian compromised 59% of the group.
- Hispanic were 13%.
- African Americans were 9%; and
- Asians 12%.
- Ninety (90%) percent of Associate Faculty were 40 years or older, and those who were 60 years of age or older comprised 46% of the group.

⁴ https://www.smc.edu/administration/human-resources/documents/MOUs-Faculty%20Assoc/smcfa-smccd agreement 2019-2022.pdf

Females outnumber males 58% to 42%.

FULL-TIME TENURE TRACK ACADEMIC APPLICANT POOL

Beginning in March 2020, a District -wide hiring freeze was instituted except for positions deemed most critical. As a result, only 7 instructional positions and one academic position were opened for Fall 2021.

The following chart details the ethnicity percentages of completed applications submitted for the eight recruitment positions:

FACTORS POTENTIALLY IMPACTING RESULTS

STUDENT ENROLLMENT AND POPULATION DATA

Student enrollment at SMC and at most community college districts in California has been steadily declining in recent years. Of particular concern has been the international student population which had accounted for 11% of credit students in 2015. National political decisions effecting international travel starting early in 2017, and the global pandemic of Covid-19 starting in March 2020, severely impacted international student attendance at SMC. By Fall 2020, international student enrollment dropped to less than 8%.

Forecasting future attendance of the international student population at SMC is difficult due to the

progressive waves of Covid-19 variants world-wide, and this uncertainty will have a significant impact on the financial status of the District.

Apart from the international student impact, fiscal stability within the district is impacted by a number of factors including the number of its employees, wages, benefits, etc. Technically, as student enrollment declines so do resources which fund salaries and employee benefits as well as limiting recruitment activity by the District to fund new positions and offer additional classes.

FACULTY AND STAFF TRANSITIONS

A significant number of SMC faculty and staff are at, or over, age 60. As retirement-eligible faculty and staff separate from District service, it is important to understand the impact of unconscious bias on decision making processes and how those decisions effect the resultant ethnic minoritized representation in the District's employment categories. Throughout the year, the Office of Human Resources offers unconscious bias and equal employment opportunity (EEO) trainings (via zoom and on-site) to all employee groups as well as to screening committees involved in recruitment activities for both academic and non-academic recruitment..

DATA COLLECTION

Census information for the State of California and the County of Los Angeles was drawn from the website of the U.S. Census Bureau.⁵ Population census results for 2020 indicate an overall population for the State of California to be 39,782,419. Los Angeles County population as counted in the 2020 Census shows that as of July 1, 2020, the county population grew to 10,171,593, an increase of 2% over the previous year.⁶

State of California	39, 782,419
County of Los Angeles, California	10,171,593

The percentage of change in California's population by race is highlighted in Appendix 1.

In 2020 persons of Hispanic or Latino origin compromised 49% of the total population of the County. By 2030, Hispanics are projected to represent 51%, and by 2060, 54% of the County. African Americans are projected to decrease slightly from 8% to 7.8%, and Asians are projected to go from 13% to 11%. Caucasians (not including Hispanic) representation in the County is approximately 26%

<u>District Ethnicity</u>, <u>Gender and Age Collection</u>

SMC employee and student information were collected from the College's database. All employee information within this report is based on the first day of each Fall Semester from 2011 through 2021. The data is comprehensive and current. Student data in this report is as of Fall 2020, and is taken from the Chancellor's website; employee data is drawn from the internal database kept by the district.

Ethnicity is defined by the US Census Bureau (https://www.census.gov/topics/population/race/about.html). The district collects ethnicity and gender data through an optional voluntary Equal Employment Opportunity (EEO) Survey given to each applicant and newly hired employee. Respondents identify whether they are Hispanic/Latinx or of Spanish origin, and then if their race is

- African American/Black: a person having origins in any of the Black racial groups of Africa.
- American Indian/Alaska Native: a person having origins in any of the original peoples of North,
 Central, and South America and who maintain tribal affiliation or community attachment.
- Asian: a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- Caucasian/White: a person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
- Multi-Racial or Two or More.
- Pacific Islander/Native Hawaiian: a person having origins in any of the original peoples of Hawaii, Guan, Samoa, or other Pacific Islands.

Unknown or Undeclared.

STATISTICS

Data in this report is summarized by employment category and covers the academic years 2011 through Fall 2021, highlighting odd years. For additional information on years between 2009 and 2021 not included in this report, the reader is directed to previous Faculty/Staff Diversity Reports found on the SMC website.⁷ The employee data is based on the first day of the Fall semester following the Labor Day Holiday in each of those academic years.

In-depth statistical information can be found in the Appendices at the end of this report. This more extensive information is presented to facilitate discussion on employee diversity at Santa Monica College.

Ethnicity, gender, and age information is presented within each employee category. Total numbers of employees by category are shown on the right side of each chart. The number of employees within each ethnic group and corresponding percentage to the total are listed by academic year. Race and ethnicity information is followed by gender and age data.

SMC EMPLOYEES: FULL-TIME FACULTY

FULL-TIME FACULTY BY ETHNICITY - FALL 2011 - 2021

Non-white populations are under-represented within SMC's full-time faculty when viewed against the ethnically diverse population of Los Angeles County. As new tenure track faculty are hired, gains among the underrepresented ethnic groups are gradually being made (see section, "Tenure Track Full-time Faculty"). The notable exception is the small decline between 2009 and 2019 of the African American group.

SMC EMPLOYEES: ASSOCIATE FACULTY (PART-TIME FACULTY)

ASSOCIATE FACULTY BY ETHNICITY - FALL 2021

Associate Faculty are part-time faculty who have been granted the status of "Associate Faculty" by the District. Article 6.6 of the Agreement between the SMCFA and SMCCD defines the purpose of the designation is to "grant, on an annual basis, some degree of employment stability for eligible part-time faculty members within the limitations imposed by the District's needs to create course schedules that match current student demand and provide appropriate assignments for full-time

faculty members."8

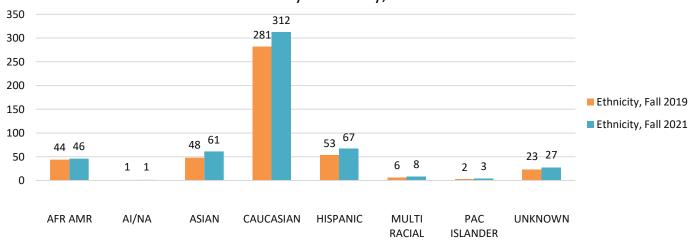

As long as they are qualified for the available assignments, part-time faculty with associate faculty status shall be offered an assignment before any part-time faculty member without associate faculty status is offered an assignment (Article 6.6.5). However, associate faculty status is a non-renewable status, and must be renewed annually if there are available assignments. Additionally, associate faculty have the right to an assignment which displaces another part-time faculty member who does not have associate faculty member status under specific conditions (Article 6.6.6).

For the purposes of this report, ethnicity, gender and age analysis of the Associate Faculty group began with the <u>Diversity Report 2019</u>.

ASSOCIATE FACULTY BY ETHNICITY & AGE - FALL 2019 VS FALL 2021

The challenges of diversifying the faculty must include an examination of the ethnicity of the Associate Faculty group. With 61% of the Associate Faculty self-identifying as Caucasian in 2019, and 59% self-identifying as Caucasian in 2021, the challenges to diversification are significant. On the positive side, there is opportunity to increase the diversity of this pool of part-time faculty and potential full-time faculty in response to future separations from the district.

PERCENTAGE OF PART-TIME FACULTY HIRED AS FULL-TIME FACULTY

A number of newly hired full-time, tenure track faculty typically come from the District's adjunct (part-time) faculty base. The influence of screening and hiring decisions of part-time faculty on full-time faculty hiring is evident when reviewing the number of new full-time faculty hired since academic years 2007-2008 through Fall semester 20121. The illustration below lists the percentage of new full-time faculty hires who came from the adjunct faculty group.

EQUAL EMPLOYMENT OPPORTUNITY AND THE SANTA MONICA COMMUNITY COLLEGE DISTRICT

The California Community College Chancellor's Office (CCCCO) requires all Districts to have an <u>Equal Employment Opportunity (EEO) Plan</u>. SMC's EEO plan, originally published in 2014, is reviewed and updated in a 3-year review cycle. Updates to the District's EEO Plan were completed in 2017 and 2020. The members of the EEO Advisory Committee, composed of management, faculty, classified staff, and a community member, is a subcommittee of the District Planning Advisory Council (DPAC). The committee meets a minimum of twice a year, working collaboratively to ensure the District's EEO plan is updated timely. The current EEO Plan can be found on the Santa Monica College website.

To monitor the Equal Employment Opportunity Plans submitted by the California Community Colleges across the state, the CCCCO developed a Multiple Measures Certification process in 2015 for the allocation of equal employment opportunity (EEO) funding. The certification is comprised of nine methods which incorporate ways for engaging in and complying with processes that promote EEO measures in the community colleges. The nine methods target policies, procedures and activities which support equal employment best practices and professional development strategies.

Since 2018-2019, Santa Monica College has annually met nine of nine multiple methods, and by doing so, the Chancellor's Office awarded the maximum available EEO funding to SMC. This funding has supported the District's trainings focused on issues affecting the multiple decisions made during recruitment, specifically both explicit and implicit bias against candidates which can arise during each step of the screening process; i.e., review of application documents, candidate origin, experience, education, discrimination, and the protected

classes of Title 5 under California state law. In addition, the funding has supported the District's efforts to reach out to potential applicant populations within and without our geographic region.

FACULTY JOB FAIR & OPEN HOUSE

In an effort to expand full-time and part-time applicant pools for academic and faculty positions, Santa Monica College held its first Faculty Job Fair & Open House on October 5, 2018. Faculty representing all departments and disciplines were represented at tables lining the Quad on the main campus from 10 am to 2 pm. Two (2) workshops were scheduled, each consisting of a panel of faculty members including a number recently hired, who presented information and strategy leading to their successful application.

Almost 400 attendees met with faculty and attended workshops designed to provide information and insight into the district's application and screening processes; 310 attendees (78%) completed the EEO survey.

The 2nd Annual SMC Faculty Job Fair & Open House was held on October 4, 2019. In an effort to diversify attendance, online advertising was increased substantially as was email notification of academic applicants from the academic recruitment periods 2017-2019, local high schools and institutions of higher learning. Over 7,000 email notices were sent out; six hundred and ninety-one (691) people signed in, and 613 attendees (89%) completed Equal Employment Opportunity surveys with questions related to ethnicity and gender status.

Due to the Covid-19 pandemic, the SMC Faculty Job Fair & Open House was not held in 2020 or 2021. It is anticipated that the Faculty Job Fair & Open House will be held during the 2022-2023 academic year.

INTERPRETATION OF THE ACADEMIC DATA

Ensuring fair and impartial non-discriminatory recruitment processes is taken seriously and responsibly by the Office of Human Resources and senior administrative staff. Efforts to improve representation is continual as positions become available for recruitment. SMC's Academic Senate has teamed with the Office of Human Resources to ensure representation at conferences and job fairs. Faculty member participation and outreach for discipline-related conferences is wholeheartedly supported. There has also been more outreach to graduate schools when seeking potential applicants. Internship programs exist at SMC with counseling services now and a goal is to expand internship opportunities for hard-to-fill disciplines.

APPLICANT INFORMATION

Applicant information includes ethnicity, gender, and age (over/under 40 years of age where available) information for all applicants. Analysis of academic applicants (academic administrators and faculty) is followed by a similar analysis of classified applicant information (classified management, classified professional personnel, confidential staff, and non-management police officers).

ACADEMIC APPLICANT DATA

The following charts show ethnicity and gender for all academic applicants – academic administrators, full-time and part-time faculty, followed by statistics for full-time academic applicants and then part-time applicants.

Note: There is always a small percentage of applicants who chose not to respond to the voluntary EEO survey form included in the application process. Fortunately, most applicants do self-identify their ethnicity when filing their application for employment on SMC's website.

FULL-TIME ACADEMIC RECRUITMENT 2020-2021

As noted previously in this report, a hiring freeze was instituted in the District during the spring of 2020. Seven (7) job openings for full-time tenured track academic positions and one (1) academic administrator were deemed critical positions and recruitment was opened for the 2020-2021 period. Out of four hundred and twenty four (424) applications received, three hundred thirty two (332) were deemed complete applications and were moved forward through the screening process.

SCREENING COMMITTEES

SCREENING COMMITTEES AND TRAINING

All participants serving on screening committees go through an orientation with either Human Resources (academic recruitment) or Personnel Commission (non-academic recruitment) staff in which training is received on federal, state, and district non-discrimination laws and policies. Training is presented in a manner to help committee members understand SMC's commitment to diversity, equity, inclusion, and to non-discrimination. The Office of Human Resources and the Personnel Commission Office ensure that committee members for all academic and classified recruitments receive appropriate training prior to interaction with applicants and candidates.

The following presentations are used during the screening committee trainings:9

- EEO & Diversity Search Committee Presentation
- EEO & Diversity Training Questions
- EEO Screening Committee Manual

Specialized training emphasizing the benefits of diversity awareness, tolerance, unconscious bias, and ethical behavior are ongoing for faculty and staff, and are available through the Office of Human Resources. Academic, classified, and management professional development training options continue to be offered to employees through the efforts of the Compliance team at SMC, the Professional Development Coordinator, designated professional development committees, and other trainings offered by the Human Resources Office through inhouse personnel and third party contracted vendors.

SCREENING COMMITTEES FOR FULL-TIME TENURE TRACK RECRUITMENT

Full-time faculty and academic administrator recruitments are discipline focused. Successful online recruitment efforts are focused on higher education online platforms as well as professionally oriented associations reflecting the District's commitment to ethnic diversity as seen in the statistics in this report.

⁹ https://www.smc.edu/administration/human-resources/diversity-equity-inclusivity/policies-resources.php

To further educate and promote diversity, equity, and inclusion, the District continues to ensure that its search and screening committee members are diverse and are trained in Equal Employment Opportunity laws, and are equity focused. Committee members are aware that they are charged with finding faculty who are cognizant, open, and most importantly, sensitive to understanding the socio-economic, academic, cultural, and ethnic diversity within the community college student populations, including students with physical and/or learning disabilities, as these factors relate to differences in learning styles.

The following two graphs reflect the overall ethnicity and gender of the screening committees. See Appendix 9 for ethnic breakdown of each 2020-2021 screening committee.

FULL-TIME FACULTY NEW HIRES

In spite of the Covid-19 pandemic and resulting fiscal challenges facing the District, SMC made a concerted effort to hire position critical, full-time faculty for the Fall 2021 semester. Funding for recruitment, while less than in previous years, was allocated for the eight (8) positions.

PROBATIONARY/TENURE TRACK FULL-TIME FACULTY

Tenure track faculty are those full-time faculty members who are newly hired and in probationary status, but are not tenured. Probationary status begins at hiring and may last up to 4 years. During each probationary year, the non-tenured faculty member is evaluated by a peer-oriented Performance Evaluation Committee. At the end of four years, tenure may be offered.

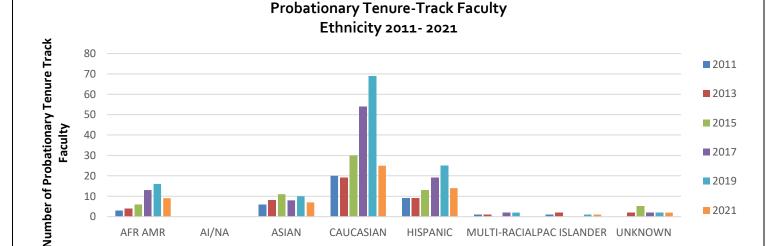

For additional information on the evaluation process for probationary faculty, see the **Agreement 2019-2022** between Santa Monica College Faculty Association and Santa Monica Community College District, Art. 7A: Evaluation of Probationary Faculty.

SUMMARY OF PART-TIME FACULTY APPLICANTS BY ETHNICITY 2020-2021

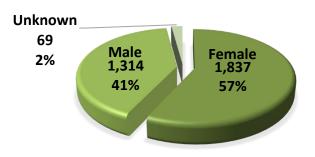

The part-time faculty applications were subjected to the same hiring freeze as the full-time academic group; that is, the hiring freeze which began in Spring 2020 and continued through to the Fall 2021, as well as the remote learning environment both contributed to a reduced number of openings and a greater percentage of hires to the full-time academic group.

Supplemental Retirement Program (SRP)

In 2020, The SMC Board of Trustees passed resolutions to proceed with a Supplemental Retirement Program (SRP) that offers an early retirement incentive to eligible employees. This SRP represents an ongoing effort to ensure fiscal stability in years to come. This incentive program included ninety-seven (97) eligible employees in the classifications of Academic and Classified Managers/Administrators (9), Classified Staff (24), Full-time Faculty (28), and Adjunct Faculty (36). Following a SRP, it is important to note that only critical positions may be replaced. There are full-time faculty positions that have been deemed critical to the institution. The loss of several Caucasian full-time and adjunct faculty will also provide the District with an opportunity to diversify as we rebuild our faculty workforce.

The table and chart below show the ethnic breakdown of the retirees' districtwide.

GLOBAL CONNECTIVITY

Diversification efforts in all employee categories are evidenced by slow but steady progress towards a diverse ethnicity more representative of the county and student body. In a county whose Hispanic demographic majority is currently at 49% and growing, it is clear that SMC must continue to expand its outreach not only to the Hispanic community but to all ethnic minority populations.

Incorporating Web-based and more focused print advertising for specific, hard to fill positions has helped SMC

to generate more diverse applicant pools from national and international sources.	
51	

In conclusion, Santa Monica College is nestled within one of the most diverse regions of our country. The student body reflects this diversity on a global scale. SMC is committed to ensuring that its employees reflect the diversity of the students and communities served by this unique Community College District. To that end, we are focused on creating an environment that recognizes and welcomes all members of the college community. The Board of Trustees supports efforts initiated by the Human Resources Office and the Personnel Commission Office to ensure equitable and responsible hiring processes and practices.

ACKNOWLEDGEMENT

Diversity, inclusivity, and equity cannot be achieved without the commitment to change by District personnel. The ongoing work represented in this report is the result of such dedication by the Board of Trustees ¹⁰, Superintendent-President Dr. Kathryn E. Jeffery and the Senior Staff¹¹, the EEO Advisory Committee¹², as well as the many members of the administration and faculty who volunteer each year to participate on the numerous screening committees, Academic Senate, the DPAC-HR Committee, and Equity Committee.

A special thank you goes to the staff of the Personnel Commission Office, and to all of the District classified professional personnel who have been assigned as EEO representatives on screening committees.

Sincere gratitude is expressed to Laurie Heyman of the Human Resources Office for authorship of this report, as well as all analytical work in the preparation of this report.

And finally, a genuine acknowledgement and thanks to the Office of Human Resources department staff, for their on-going commitment and support of the importance and goals of equal employment opportunity and equity, and the to the pursuit of diversity within the District.

SMC STUDENT ENROLLMENT INFORMATION

Student information is included for comparison purposes with the District workforce. Student enrollment information is drawn from the California Community College Chancellor's Office database. Total student data found in this report is a combination of credit and non-credit student headcount data and is included for reference purposes.

STUDENT DIVERSITY 2011-2012 THROUGH 2020-2021*

In reviewing Full-Time Equivalent Student data (FTES) from the California Community College Chancellor's Office, for 2011-2012 through 2020-2021 (highlighted every two years), the Asian group declined from 18% to 11%, the largest percentage change for any ethnic group.

Students identifying themselves as Hispanic increased from 32% of the total student population to more than one-third of the student population (39%).

Does District meet Multiple Method #1 (District has EEO Advisory Committee, EEO Plan, and submitted Expenditure/Performance reports for prior year)?

Yes
No

Under the Multiple Method allocation model, districts must minimally have an operational district EEO Advisory Committee, and an updated EEO Plan. Additionally, districts are required to annually report on the use of EEO funds.

- In order to qualify for receipt of the EEO Fund, districts are required to submit a board-adopted EEO plan every three years to the Chancellor's Office. (Title 5, section 53003).
- EEO Plans are considered <u>active</u> for three years from the date of when the district's Board of Trustees approved the plan.
- The districts are required to establish an EEO Advisory Committee to assist in the development and implementation of the EEO Plan. (Title 5, section 53005).
- The districts are required to annually submit a report on the use of Equal Employment Opportunity funds. (Title 5, section 53034).

	Does the District meet Method #3 (Incentives for hard-to-hire areas/
	■ Yes □ No
F	Please provide an explanation and evidence of meeting this Multiple Method, #3.
	Multiple Method #3
	For faculty and academic administrator positions: In March of 2020, the District went to 100% online instruction and almost 100% of staff worked remotely. All classified staff were put on one day per month furloughs; academic administrators, classified managers, and confidential staff were put on 2 day per month furloughs. Faculty were not required to furlough. Hiring was restricted to critical positions; recruitments which were in progress in March 2020 and not at the final level were canceled. This situation continued to April 1, 2021. Currently the District is recruiting for 7 full-time faculty positions, one project manager and one Vice President-Academic Affairs position; part-time faculty positions are also being recruited. All applications are submitted online; interviews with candidates at all levels will be via Zoom during this recruitment period. Travel Reimbursement: Prior to Covid-19, SMCCD provided 50% reimbursement for travel expenses to academic and management finalists. This policy will continue once on-ground hiring interviews, instruction, and staffing commence. Video Conferencing: SMCCD offers video conferencing, Zoom, and other electronic options as an alternative to the in-person interview at the selection committee level by committee agreement; video conferencing, or Zoom, is offered in final interviews at this time. Zoom interviews will continue to be an option for the higher-level interviews. Hard-to-Hire: SMCCD provides an extended recruitment timeline for hard-to-hire areas.
	For classified positions (nonacademic): During the Covid-19 pandemic of 2020-2021, recruitment of classified managers and professional staff have been largely put on hold. For critical positions which needed to be filled, the Personnel Commission at Santa Monica College offered Zoom, Skype, and Facetime as alternatives to in-person interviews for all candidates. Advanced step placement alternatives were expanded over the past few years for positions that are more challenging to fill.

l	Does the District meet Method #4 (Focused outreach and publications)? ■ Yes
	No No
F	Please provide an explanation and evidence of meeting this Multiple Method, #4.
	Multiple Method #4
	Starting in 2009, SMC used an online job posting and application process for classified employment opportunities; in 2010, an online application and tracking process was initiated for academic positions. In fall 2019, the District switched to another provider for online application and tracking which offered more extensive tracking and reporting options. While not specifically focused outreach, these online software programs allowed the District to expand its job posting capability worldwide.
	Advertising job opportunities through the use of third-party online advertisers has enabled the District to focus its outreach efforts towards multiple ethnic and gender groups.
	Due to the Covid-19 pandemic and resultant economic downturn, the District found itself facing an unprecedented budget crisis. In the Spring of 2020, the District declared a hiring freeze for all employee groups including full-time and part-time faculty. All recruitments in progress at that time were cancelled unless the process was in final interviews. By early Spring 2021 (in response to global and national vaccination efforts and the American Recovery Act passed by Congress), the District felt secure enough to open critical jobs for recruitment. Recruitment was opened for 7 faculty/academic positions and were advertised in 53 separate publications, both printed and digital.
	Ethnic focused publications for the Nurse-Instructor recruitment (2 positions), were postings in the National Association of Hispanic Nurses, National Black Nurses Association, Philippine Nurses Association of Southern California, American Association for Men in Nursing, and the American Nurses Association California. Career focused advertising included Apparel News for the Fashion instructor position. Academic positions were advertised in the broad online platforms of the CCC Registry and Virtual Job Fair, Chronicle of Higher Ed, CommunityCollegejobs.com, diversejobs.net, Indeed.com, JobTracACCCA, LinkedIn, MaxRecruit Jobs Network, Monster.com, and others.
	Due to the Covid-19 pandemic, the District did not hold its Annual Faculty Job Fair & Open House. The Office of Human Resources is currently planning to hold the next Job Fair & Open House in October 2021.

Does the District meet Method #5 (Procedures for addressing diversity throughout hiring steps and levels)?

	□ No
F	Please provide an explanation and evidence of meeting this Multiple Method, #5.
	Multiple Method #5
	The Office of Human Resources recruits academic administrators and both full-time and part-time (adjunct) faculty. The District requires all new academic administrator and faculty job postings and brochures advertising job postings to include an Equity Statement, EEO Statement, and an Equivalency Statement:
	EEO Statement
	The Santa Monica Community College District is committed to the principles of equal employment opportunity. All qualified applicants for employment, as well as District employees, shall have full and equal access to employment opportunity. No person shall be subjected to unlawful discrimination in any program or activity of the District. The District's Board Policy 3410 (Nondiscrimination) and Board Policy 3420 (EEO) may be accessed at: https://www.smc.edu/administration/governance/board-of-trustees/board-policy-manual.php
	Equity Statement Santa Monica College encourages candidates that are equity-minded to apply. SMC is a minority-serving, Hispanic-serving institution. We actively seek to attract candidates from minority groups that value equity, diversity, and inclusion. Equity, diversity, and inclusion are built into the culture at SMC, and are an essential component of the work that we do. SMC is committed to racial and socioeconomic diversity as it is a reflection of our student population and we strive to hire candidates that share this commitment.
	Equivalency Statement The Santa Monica Community College District, in its desire to select outstanding administrators from the largest possible pool of qualified applicants, recognizes the fact that candidates may attain expertise in a discipline through a variety of means. Certain combinations of education, experience, and other accomplishments in the field may be judged by the District as equal to the stated minimum qualifications for this position. Candidates who feel they possess such equivalent qualifications are encouraged to apply and provide appropriate documentation of their qualifications.

The following statements are also included in all academic/faculty job announcements:

Fiscal Year 2020-2021

Commitment to Equity and Diversity

With the goal of ensuring the equal educational opportunity of all students, Santa Monica College embraces diversity among students, faculty, staff, and the communities we serve as an integral part of our history, a recognition of the complexity of our present state, and a call to action for a better future. Embracing diversity means that we must intentionally practice equity and respect toward one another, and understand that discrimination and prejudices create and sustain privileges for some while creating and sustaining barriers for others. In order to embrace diversity, we also acknowledge that institutional discrimination and implicit bias exist, and that our goal is to eradicate those vestiges from our system. Our commitment to diversity requires that we strive to eliminate those barriers to equity, and that we act deliberately to create a safe and positive environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

Advancing Goals of Diversity

To advance the goals of diversity, equity, inclusion, and social justice for the success of students and employees, we must honor that each individual is unique and that our individual differences contribute to the ability of the college to prepare students on their educational journeys. This requires that we develop and implement policies and procedures, encourage individual and systemic change, continually reflect on our efforts, and hold ourselves accountable for the results of our efforts in accomplishing our goals.

We are invested as a community in cultivating and maintaining a climate where equity and mutual respect are both intrinsic and explicit by valuing individuals and groups from all backgrounds, demographics, and experiences. Individual and group differences can include, but are not limited to the following dimensions: race, ethnicity, national origin or ancestry, citizenship, immigration status, sex, gender, sexual orientation, physical or mental disability, medical condition, genetic information, marital status, registered domestic partner status, age, religion, creed, military or veteran status, socioeconomic status, and any other basis protected by federal, state or local law or ordinance or regulation. We acknowledge that the concept of inclusion and diversity is everevolving, thus we create space to allow our understanding to grow through the periodic review of this statement. In service of these goals, Santa Monica College is committed to fostering an employment environment that offers equal employment opportunity for all and an educational environment that ensures the equal educational opportunity of all students.

The District requires all new academic employees, including faculty and administrators, to demonstrate during the selection process a sensitivity to, and understanding of the diverse academic, socio-economic, cultural, disability, gender identity, sexual orientation, and ethnic backgrounds of community college students in a manner that is specific to the position. During the orientation to the process, committee members are provided with sample diversity questions. Diversity questions are required and must be asked during the interview. All interview questions, including the teaching demonstration, are approved by the Office of Human Resources.

The Office of Human Resources (HR) is responsible for ensuring that all screening panels are diverse, and in compliance with the District's EEO plan. HR is responsible for monitoring the diversity of all applicant pools and adverse impact throughout the process.

Fiscal Year 2020-2021

More information on the ethnic diversity of applicant pools and screening committees can be found in the Faculty/Staff Diversity Reports span at https://www.smc.edu/administration/human-resources/diversity-equityinclusivity/diversity-reports.php.

EEO Representative

SMCCD policies and procedures related to faculty and administrator hiring require that an EEO Representative serve on every hiring panel. The EEO Representative is a non-voting member on a faculty hiring panel, but is usually appointed a voting member on an administrator hiring panel.

New Hires

The HR website contains focused information for new and potential hires. The site includes the Santa Monica College Orientation, and all new hires are given the board policies (BP) covering EEO and diversity, as well as a copy of the EEO Plan, the Unlawful Discrimination & Sexual Harassment (Title 5 Brochure), and the What is Sexual Assault? Know Your Rights (Title IX Brochure). This information can be found at https://www.smc.edu/administration/human-resources/new-hires/index.php In addition, on the Diversity, Equity & Inclusivity website, there are links to EEO & Diversity Presentations, including the EEO & Diversity Search

Committee Presentation, the EEO & Diversity Training Questions, and the EEO Hiring Committee Manual, the Board Policies, Administrative Regulations, Federal Resources and State of California Resources

Fiscal Year 2020-2021

Applicant Management Systems

Both the Office of Human Resources and the Personnel Commission utilize an online applicant management system (NeoGOV) for all recruitment; the software system has the ability to track and report data which can be used to calculate adverse impact at every stage in the hiring process. Efforts are made to consistently utilize assessments that typically have lower adverse impact. For classified, nonacademic recruitment, the Personnel Commission has set minimum qualifications for classified positions with a focus on avoiding unreasonably restricting the field of competition. Examination content, weights of test parts, and pass-points are backed by data showing consistency with normal expectations of acceptable job performance.

The Personnel Commission's home website and all job postings contain the following EEO notice:

"The Santa Monica Community College District is committed to the principles of equal employment opportunity. All qualified applicants for employment, as well as District employees, shall have full and equal access to employment opportunity. No person shall be subjected to unlawful discrimination in any program or activity of the District."

<u> District's Board Policy 3420 (Equal Employment Opportunity)</u>

<u>District's Board Policy 3410 (Nondiscrimination)</u>

Classified job postings also contain the following Equity Statement:

Santa Monica College encourages candidates that are equity-minded to apply. SMC is a minority-serving, Hispanic-serving institution. We actively seek to attract candidates from minority groups that value equity, diversity, and inclusion. Equity, diversity, and inclusion are built into the culture at SMC, and are an essential component of the work that we do. Does the District meet Method #6 (Consistent and ongoing training for hiring

C	committees)? I Yes
	No
F	Please provide an explanation and evidence of meeting this Multiple Method, #6.
	Multiple Method #6 In order to serve as an EEO representative on faculty/academic screening committees, every member must complete an orientation/training program (90 minutes). This training program encompasses a section devoted to Equal Employment Opportunity and the importance of equity and diversity throughout the process.
	All Faculty/Administrator Screening Committee members must be oriented to the process and receive EEO/Diversity training prior to serving on any screening/selection panel, thus the list of trained EEO reps is vast. HR maintains the list, and approves the adjunct committee EEO reps. The Academic Senate President appoints the EEO reps to the full-time faculty screening committees. HR appoints a trained EEO rep to the administrative screening panels.
	The following documents are used on all screening committee orientations and trainings:
	 SMC Orientation PowerPoint Presentation: (a general overview of SMC including EEO/diversity issues) EEO Plan: https://www.smc.edu/administration/human-resources/documents/EEO_Documents/EEO-Plan.pdf SMC EEO Screening Committee Orientation Manual SMC EEO & Diversity Search Committee Presentation SMC EEO Search Committee Training Questions
	The Personnel Commission provides training to all classified screening committees on non-discrimination and legally protected categories. Classified screening committees are also provided with structured interview questions and standardized evaluation benchmarks, in order to ensure that evaluations are based strictly on job-related factors. Both briefing and debriefing of screening committees reinforces adherence to established procedures and criteria.

Multiple Method #7

In the wake of the Black Lives Matter movement which erupted during the Spring and Summer of 2020, the District has focused on promoting and supporting communication and the interchange of ideas and dialogue between and amongst the diverse populations which compose District employment. "Affinity Groups" were established for Black/African Americans, Asian and Pacific Islanders, Hispanic/Latinx, and White/Caucasians; most of these informal groups have been meeting throughout 2020-2021. There was also a virtual discussion on "How to Have Conversations on Racism with Family Members."

Professional Development Day Programs

The Professional Development Committee at SMC is composed of full-time and part-time faculty members. During the Fall and Spring semesters, a professional development program is held for faculty, and the Classified Professional Development Committee programs workshops for classified professional staff. Each professional development day has a theme.

Fall 2020:

Workshops focused on diversity included:

- Accessibility in the Distance Learning Environment
- Diversity Equity Faculty Showcase: Course Design that Aligns with the CVC DEI Course Rubric
- Equity-Minded Assessment for Remote Instruction
- Preview of Student Racial Climate Survey Findings
- SMC' Student Equity Center: History and Updates
- Unveiling the Equity Plan
- Workplace Violence/Bullying

Spring 2021:

The theme for Spring 2021 was "We are SMC: Showing Authentic Caring to Students and Each Other". Four competency areas were the focus of the day's virtual workshops, drawn from the Student Equity Plan¹:

- Authentic Communication
- Change Management/Culturally Responsive Facilitation
- **Cultural Humility**
- High Impact/Anti-Racist Practices

Keynote speakers discussed the racial and equity context at SMC and how to create spaces where students of color would feel welcome and have a sense of belonging. A second keynote speaker focused on how learning is a combination of rigorous academics and contemplative practices with a social justice emphasis.

In order to promote a culture of partnership, feedback, and continuous improvement, the Personnel Commission has implemented a "PC Coach Partnership" program. This partnership includes sessions provided to District managers to educate, advise, and coach them in Commission processes, resources, and deliverables necessary in managing the classified workforce. Additional coaching sessions are also being developed for classified staff.

Coaching sessions for managers which focus more directly on diversity cover effective collaboration in hiring and

promotional processes designed to expand the diversity of our applicant pools and ensure hiring decisions are based solely on job-related factors. Coaching sessions are also being developed for classified staff to assist them with participating in applying and competing for promotions. The goal is to minimize factors that are not job-related impacting their ability to successfully compete for a promotion. ******

Explanation of EEO Grant Fund Carry-over FY 2020-2021

Due to continued barriers related to the COVID-19 Corona Virus Pandemic, several of the services and processes related to Equal Employment Opportunity (EEO) programs have been minimized and/or limited. Although we have maintained standards and followed mandated protocols as per the EEO Plan, the cost has been significantly reduced. For instance, the cost associated with recruitment and selection was minimal since there was very limited hiring. Additionally, the cost of EEO Training and Outreach has been reduced since our audiences are smaller, there is no travel, and we have taken advantage of using in-house services.

The aforementioned circumstances has resulted in higher than usual carry-over EEO funding balances. We plan to use the money much more robustly in the coming months as we transition back to on-ground and in-person processes and as we began more normalized recruitment and selection.
