WHAT IS SEXUAL ASSAULT?

KNOW YOUR RIGHTS

Equal Employment Opportunity Employer

SAFETY and RESPECT

WHAT'S SEX GOT TO DO WITH IT?

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

- Title IX of the Educational Amendments of 1972 to the Civil Rights Act of 1964

Sexual harassment, which includes acts of sexual assault/misconduct, is a form of sexual discrimination prohibited by Title IX. Sexual assault refers to physical sexual acts such as unwanted touching, kissing, sexual coercion and rape perpetrated against a person's will or where a person is incapable of giving consent due to the person's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

Sexual assault/misconduct also includes sexual exploitation, gender based harassment, sexual stalking, dating violence, domestic violence, intimidation or retaliation following an incident.

SMC is committed to building an inclusive and diverse community. The College prohibits unlawful discrimination and sexual harassment in any of its programs and activities.

KNOW YOUR RIGHTS

You have the right to:

- Feel safe
- Say, "No" and not feel pressured to engage in sexual activity
- A relationship with someone who respects your emotional and physical wishes and boundaries
- Be assertive and direct with someone who is sexually pressuring you
- Change your mind, and if you are not sure what you want, STOP and think about it
- Be in a relationship free of violence and abuse
- Make a confidential police report, by requesting that you remain anonymous for the public criminal record

STUDENTS & EMPLOYEES

For Santa Monica College students and employees, any sexual violence or physical abuse occurring on SMC-owned or controlled property, or at a college related activity or event, is a violation of District policies and regulations.

WHAT IS CONSENT?

Consensual sexual activity happens when each partner willingly chooses to participate. Openly communicating about expectations and desires is critical to obtaining consent. Consent is voluntary and can only be given by a person who has control of his or her mental and physical capabilities. Silence, lack of protest or resistance does not mean consent. Consent is ongoing and can be revoked at any time.

SEX WITHOUT CONSENT

Sex without consent is sexual assault. Use of force, threat, intimidation, or coercion is a denial of a person's right to freely give his/her consent.

Even if someone has agreed to engage sexually, that person has the right to withdraw their consent *at any time*.

IF YOU BECOME A VICTIM

If you become a victim of a sexual assault, contact the Human Resources' Compliance Administrator /Title IX Coordinator or Campus Police. There will be an investigation to assure that you are safe and have received all legal options, medical and psychological services and advocate resources available to you to process the incident.

Santa Monica College will continue to provide support services throughout the processes related to the incident.

Santa Monica College is committed to the principles of equal employment opportunity regardless of race, religious creed, color, age, sex, sexual orientation, national origin, ancestry, marital status, medical condition, or disability in accordance with Federal, state and local regulations.
