Trend Across Years (1.9 Completed Vision Completion Goal in Three Years)

On average, the percentage of FTIC students who completed a degree or certificate within three years improved by over 5% in the last six years, from 10.8% among FTIC in 2012-2013, to 16.3% among FTIC in 2017-2018.

The 2022-2025 goal for improvement, 26.3%, was recommended by the Academic Senate Joint Institutional Effectiveness Committee (IEC). The goal represents the

performance of the highest performing group (Asian) in the most recently reported year. Among FTIC in 2017-2018, Santa Monica College (SMC) fell below its 2022-2025 goal by 10%.

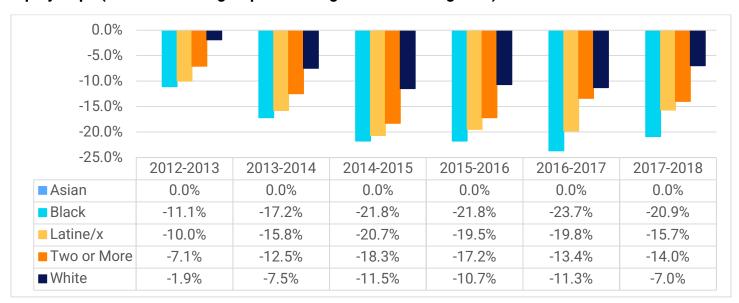

Disaggregated by Race/Ethnicity (1.9 Completed Vision Completion Goal in Three Years)

Over the last six cohorts, Asian FTIC students completed a degree or certificate (vision goal) within their first three years at the highest rates. When compared to Asian students, SMC consistently produced the largest equity gaps for Black, Latine/x, and multi-racial students. Among the 2017-2018 cohort, Asian students completed a vision goal at a rate of 26.3%. In comparison, Black students completed at a rate of 5.4%, Latine/x students completed at a rate of 10.6%, and multi-racial students completed at a rate of 12.3%, producing equity gaps of 20.9%, 15.7%, and 14.0%, respectively.

The gaps produced for all three racial/ethnic groups who are disproportionately impacted in this metric has widened over the last six years.

Equity Gaps (Difference: Subgroup Rate – Highest Performing Rate)

Data Table (1.9 Completed Vision Completion Goal in Three Years)

The table provides the counts used to calculate the three-year vision goal completion rates. The cohort includes FTIC in the academic year. The outcome represents the number of students in the cohort who successfully achieved the outcome.

		2012-2013	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
