Education

A.S., Graphic Design Certificate in UX/UI
Santa Monica College // Santa Monica, CA
- Anticipated 2024

Academic Projects

PRPNDCLR Font — Graphic Design
Santa Monica College, Santa Monica, CA // Fall 2022
- Researched various fonts and created a new typeface from scratch
- Produced a typeface consisting of letters A-Z as well as numbers and punctuation marks
- Developed skills to make the font functional, accessable, and usable

Lambda Times — Front-End Web Development
Bloomtech, San Francisco, California // Fall 2019
- Matched & studied the complex code of React to reinvent a mock web page for a fantasy virtual newspaper
- Cultivated an understanding of the importance of React functionality
- Implemented code that can create, submit, and delete posts on the webpage

Space Walkers — Front-End Web Development
Bloomtech, San Francisco, California // Fall 2019
- Jumped into advanced CSS and produced a flexible, mock web page
- Created functionality for the web page to accommodate standard, tablet, and mobile viewing
- Mastered flexbox organizational skills

Experience

Lambda School
Bloomtech, San Francisco, California // September 2019 - December 2019
- Cultivated skills in the big 3 coding languages for front-end web development
- Adapted in a fast-paced, technical environment
- Collaborated with students and teachers to create fully functioning mock web pages

McDonald's
Various Locations // Full-time & Part-time // May 2017 - November 2021*
- Food preparation, dishwashing, sweeping, mopping, and general maintenance
- Excelled in a fast paced, hot, and dangerous environment with lots of moving parts
- Experience in maintenance of complex machinery such as grease traps and electronic grill
- Showed flexibility working morning, evening, and graveyard shifts
