## Summary

## Required Accounting Change

In 2015-2016, the California Community College Chancellors Office released guidance requiring Districts to make an accounting change related to GASB 68 - "Accounting and Financial Reporting for Pensions". The accounting change requires that Districts recognize, at the fund level, any on-behalf payments the State of California makes to a pension system related to creditable compensation earned by District employees. While the payment is directly from the State to the pension system, the District is required to account for both the revenue and expenditure related to the on-behalf payment. To account for this change, the budget reflects the inclusion of new budget lines entitled "State On-behalf Pension Contribution...". In 2015-2016 the State made an on-behalf payment only to the CalSTRS pension system requiring the District to recognize a revenue and corresponding expenditure of $\$ 3,622,320$.

2015-2016
The District closed the 2015-2016 fiscal year with an Unrestricted General Fund surplus, including one-time items, of $\$ 10,144,014$ (Excluding one-time items, the operating deficit was <\$769,147>).

During the year, the District received an increase in base apportionment of $\$ 6,597,529$ ( $\$ 5,181,788$ to cover increase in ongoing operating expenses, $\$ 1,182,062$ to support full-time faculty hiring and $\$ 233,679$ to align CDCP rate to credit rate), an inflationary adjustment (COLA) of $\$ 1,107,543$ or $1.02 \%$, and a net growth in credit and non-credit FTES of 41 FTES or $\$ 222,022$. The District also realized numerous one-time revenue and expenditure items which, when netted against each other, allowed the District to recognize a net positive gain of $\$ 10,913,161$. One-time revenue items totaled $\$ 13,004,230$ and were from sources including mandated cost reimbursements ( $\$ 12,027,332$ ), prior year apportionment payments of $(\$ 626,898)$ and funding for the establishment of a baccalaureate pilot degree program of ( $\$ 350,000$ ). One-time expenditures items totaled to <\$2,091,069> and included funding of the technology equipment replacement plan and total cost to ownership related projects $(\$ 900,505)$, one-time payment to classified staff $(\$ 411,699)$, and one-time budget augmentations $(\$ 778,865)$.

In 2015-2016, expenditures increased over the prior year by $\$ 15,242,032$ due primarily to the increase in salary and benefits of $\$ 12,566,343$. The primary reasons for the increase in salaries included the effect of negotiated increases to salary schedules including a settled contract with CSEA providing a $2.8 \%$ increase effective July 1, 2015 and a separate $\$ 1,000$ one-time payment, and an increase in the number of employees over the prior year. In the area of benefits, increases from prior year were primarily a result of the continued increase in the STRS and PERS employer contribution rates which are scheduled to increase annually through 2020-21, increases in rates related to Health and Welfare benefits for both current employees and retirees and an increased contribution to the OPEB (Other Post-Employment Benefits) Trust fund by $\$ 500,000$ as part of a funding plan to address GASB 45 retiree health and welfare related liabilities. The largest single increase in benefit costs is related to an accounting change made to comply with GASB 68 which required the District to recognize the on-behalf payments the State made to the CalSTRS system for District employees.

The combination of these and other items resulted in an unaudited Unrestricted General Fund ending balance, including designated reserves, of $\$ 23,925,591$ or $14.42 \%$ of expenditures and transfers.

## 2016-2017

The proposed adopted budget is based on the 2016-2017 state budget, updated with the latest information provided by the Chancellor's Office, and assumes a zero inflationary adjustment (COLA), an increase in base of $\$ 1,427,229$ to assist the District with ongoing expenses, and an increase of $\$ 448,037$ in State on-behalf pension contribution to STRS. The District also assumes a one-time funding of $\$ 2,002,249$ from the State as payment for prior-year state mandate claims. The District is projecting a loss in FTES of <200> which would equate to a loss of funding of $\langle \$ 1,015,440\rangle$. In developing the budget, the District assumes the use of "stabilization" which is a State provided mechanism which backfills the loss of revenue from declining enrollment in the first year of decline. If the loss in FTES is not made up in the following year, the District will rebase and lose the funding related to the loss in enrollment. The single largest factor for the year over year decline in revenue was the non-reoccurrence of $\$ 13,004,230$ in one-time revenue that was received in 2015-16. The net effect of the changes in revenues has resulted in a projected decrease in total revenues of <\$9,352,432> or $<5.3 \%>$ from the prior year actuals.

The District is projecting expenditure increases of approximately $\$ 7,132,934$ or $4.3 \%$ compared with prior year actuals. The breakdown of expenditures is as follows: $88.4 \%$ on salaries and benefits, $10.4 \%$ on contracts and services, $0.6 \%$ on supplies, $0.4 \%$ on equipment, technology replacement and total cost of ownership (TCO), and $0.2 \%$ on transfers/financial aid. For FY 2016-17, the largest projected expenditure increases are as follows: Employment/Retirement Benefits ( $\$ 1,998,664$ ), Net Effect of Hiring, Termination, and Adjustments ( $\$ 1,841,084$ ), Salary Step and Longevity ( $\$ 1,081,303$ ), Current Employee and Retiree Health and Welfare Benefits ( $\$ 1,004,384$ ), Supplies, contracts and equipment ( $\$ 894,272$ ), Vacancy List $(\$ 779,417)$, Other Post-Employment Benefits (OPEB) contribution ( $\$ 500,000$ ) and increase in State on-behalf pension contribution to STRS $(\$ 448,037)$.

The net effect of the projected changes in revenue and expenditures will result in a projected operating deficit, including one-time items, of $\langle \$ 6,341,352>$ and a projected ending Unrestricted General Fund Balance of $\$ 17,584,239$, including designated reserves, or $10.16 \%$ of total expenditures and transfers.

## Revenues

## Federal Revenue

The federal revenue levels for FY 2016-2017 represent projected federal grant administrative allowances including ACA allowances for Financial Aid programs.

## State Revenue - Principal Apportionment

State funding, in the form of Principal Apportionment, constitutes $71 \%(\$ 117,697,824)$ of the District's operating revenue. The calculation for Principal Apportionment is based on the number of FTES (Full Time Equivalent Students) the District serves. The District receives Principal Apportionment through a combination of direct State funds known as General Apportionment, coupled with enrollment fees, property taxes (including Redevelopment Agency Funds) and the Education Protection Account (EPA), which was created as a result of the passage of Prop 30. These funds are combined to equal the Principal Apportionment. If actual receipts of revenue from EPA, Redevelopment Agency ( $R D A$ ), property taxes and/or enrollment fees differ from estimates, the general apportionment funding will be adjusted, subject to availability of state funding, to keep the formula constant.

The District projects to serve a total of 20,763.86 Credit FTES in 2016-2017, a decrease of <200> Credit FTES from the prior year, due to lower demand.

## State Revenue - Other

The proposed adopted budget includes an increase related to the "State On-behalf Pension Contribution to STRS" and a decreased related to one-time funding received in 2015-2016 for the establishment of a baccalaureate pilot program which will not repeat in 20162017. All other State Revenue categories are projected to remain at approximately the same level as FY 2015-16.

## Property Taxes

Based on preliminary projections, the District will receive $\$ 24,523,953$ in property tax in 2016-2017. This is a combination of property tax shift, homeowner's exemption, secured taxes, unsecured taxes, supplemental taxes, RDA pass through and prior years' taxes. If the receipt of property tax does not meet these projections, the State may impose a further workload reduction or deficit factor to offset the resulting loss in funding.

## Lottery

The State Lottery revenues are paid each year according to the annual enrollment figures. The projected FY 2016-2017 non-Prop 20 lottery rate is $\$ 144$ per FTES. If lottery sales or enrollment fall below projections, lottery revenue will be adjusted accordingly.

## Local Revenues

The Local Revenue section of the budget contains the District's largest revenue sources outside of Principal Apportionment, Non-resident Tuition. The non-resident tuition line item includes both revenues generated from Non-resident Tuition and revenue from special Intensive ESL classes for international students. For 2016-2017, the District did not increase the fees related to Non-resident Tuition and is projecting the same enrollment level as the prior year. The remaining local revenue categories include property taxes, enrollment fees, fee-based instruction, student fees, interest, rental of facilities, etc.

## Expenditures

## Salary and Benefits

Salary and benefit expenditure projections reflect appropriate step, column and longevity increases for qualified employees. For the proposed adopted budget, changes in salary, benefit and vacancy line items result in an increase from the prior year actual by approximately $\$ 6,038,219$, or $4.1 \%$. For FY 2016-2017, salaries and benefits represent $88.4 \%$ of total expenditures and transfers for the District's unrestricted general fund.

## Supplies, Services, Capital and Transfers

Supplies, Services, Capital and Transfer expenditure projections reflect departmental requests based on operational needs. For the proposed adopted budget, changes in these line items account for a decrease of approximately $\$ 1,156,602$ over prior year adopted budget allocations. For FY 2016-2017, supplies, services, capital, and transfers represent $11.6 \%$ of total expenditures and transfers for the District's unrestricted general fund.

The largest line item of non-salary and benefit related expenditure is Contracts/Services. The Contracts/Services line item in the adopted budget includes: Rents/Leases (Performing Arts Center, Swimming Pool, Big Blue Bus) 20\%, Bank Fees and Bad Debt 11\%, Repairs and Maintenance of Equipment 10\%, Advertising 9\%, Other Contract Services 9\%, Software Licensing 7\%, Consultants 5\%, Legal Services (including Personnel Commission) 4\%, Online Course Management System 4\%, District Copiers 3\%, Postage and Delivery Services 3\%, Conferences and Training 3\%, Off-Campus Printing 3\%,

LACOE Contracts (i.e. PeopleSoft, HRS) 2\%, Professional Growth 1\%, Memberships and Dues 1\%, Audit 1\%, Recruiting-Students 1\% and Other Services (i.e. Repair-Facility, Field Trips, Fingerprinting, Board Meetings, etc.) 3\%.

## Designated Reserves

The Designated Reserves serve to allocate a portion of the projected ending unrestricted fund balance towards future anticipated expenditures and/or purposes. Designated Reserves help to maintain fiscal stability by recognizing the future expenditure and its possible effect on future fund balances. For 2016-2017, there are two line items in the Designated Reserves including the Classified Employee Welfare Fund and a Reserve for Future STRS and PERS increases. The "Classified Employee Welfare Fund" was established as part of the Districts health benefit plan changes for the sole purpose of providing reimbursement to CSEA unit members who changed health plans in 2011 from PERSCare to a non PERSCare plan offered by the District and who incurred expenses for health care that would have been covered by PERSCARE and were not covered by the new insurance plan. The "Reserve for Future STRS and PERS Increases" line item has been established to partially offset projected increases in District STRS and PERS contributions through 2020-2021.

## RESTRICTED FUNDS

## General Fund Restricted (01.3)

This fund represents restricted funding that is received by the District from Federal, State and Local sources. All grants that do not end by June 30, 2017, will be carried over to the FY 2017-2018 budget, if permissible.

The ending fund balance contains prior year balances from the following programs: Lottery, Parking, Community Services, Contract Education, Health and Psychological Services and the SMC Performing Arts Center. These balances represent revenue recognized and earned in prior years in excess of expenditures and are unavailable for transfer to other programs or funds.

When received, new grants will be presented to the Board of Trustees for approval, and the District's budget will be augmented to reflect the increase.

## Special Reserve Fund (40.0) Capital

This fund is also known as the Capital Expenditures Fund. The major source of revenue for this fund is the non-resident capital surcharge. These funds are used for capital outlay related projects, including the installment payments for the AET Certificate of Participation and any expenditures for scheduled maintenance/physical plant, special repair projects, and architectural barrier removal. State funding for capital projects is also accounted for in this fund.

All capital expenditures and revenue in the Special Reserve Fund, as well as Fund 42.2, 42.3, and 42.4 reflect the total expenditure allocation and the total revenue for all
projects and are not limited to the current year, thus resulting in a zero ending balance. Money in these funds may not be transferred into the general fund.

## Bond Fund Prop T (42.1)

This fund has been eliminated as all bonds have been defeased or redeemed and all construction has been completed.

## Bond Fund Measure U (42.2)

This fund reflects the revenue from the sale of bonds approved through Measure $U$ and the interest earned in the fund. The expenditures in this fund relate to the District's construction plan approved under Measure U.

## Bond Fund Measure S (42.3)

This fund reflects the revenue from the sale of bonds approved through Measure $S$ and the interest earned in the fund. The expenditures in this fund relate to the District's construction plan approved under Measure S.

## Bond Fund Measure AA (42.4)

This fund reflects the revenue from the sale of bonds approved through Measure AA and the interest earned in the fund. The expenditures in this fund relate to the District's construction plan approved under Measure AA.

## Bond Interest and Redemption Fund (48.0)

This fund is administered by the Los Angeles County Auditor-Controller's Office and reflects the receipt of property tax revenue due to voted indebtedness for bond issues and the payment of interest on those bonds plus the redemption of the bonds that mature within the 2016-2017 fiscal year. This information is provided by the Los Angeles County Treasurer's Office through the Los Angeles County Office of Education.

## Student Financial Aid Fund (74.0)

This fund consists of all student financial aid programs (PELL, SEOG, Loans and Cal Grants). The transfer line items reflect a transfer from the Unrestricted General Fund to meet the match requirements of the individual grant programs.

## Scholarship Trust Fund (75.0)

This fund is to account for gifts, donations bequests, and devises (subject to donor restrictions) which are to be used for scholarships or for grants in aid to students.

## Auxiliary Operations

This budget reflects the revenue and expenditures of the auxiliary operations of the District, the Bookstore, the food and vending concessions, and college expenditures in
programs such as Athletics, Music, Theatre Arts, the Corsair student newspaper and transportation.

## CONCLUSION

This is the recommended budget for adoption. While it reflects the best information currently available, it is expected that changes will occur during the year. Some changes will be the result of revised state revenue allocations based on changes in the state budget and others will be internal adjustments resulting from new or updated information.
