[Employee Account Help](#)

## Stay signed in to all your apps

Windows will remember your account and automatically sign you in to your apps and websites on this device. This will reduce the number of times you are asked to login.

### **Allow my organization to manage my device**

 Selecting this option means your administrator can install apps, control settings, and reset your device remotely. Your organization may require you to enable this option to access data and apps on this device.

#### **Allow my organization to manage my device.**

If you are using your own device, you can uncheck the checkbox. If you are using a loaner device from the SMC, please leave that check box to be checked

**No, sign in to this app only**

13.click OK

OK

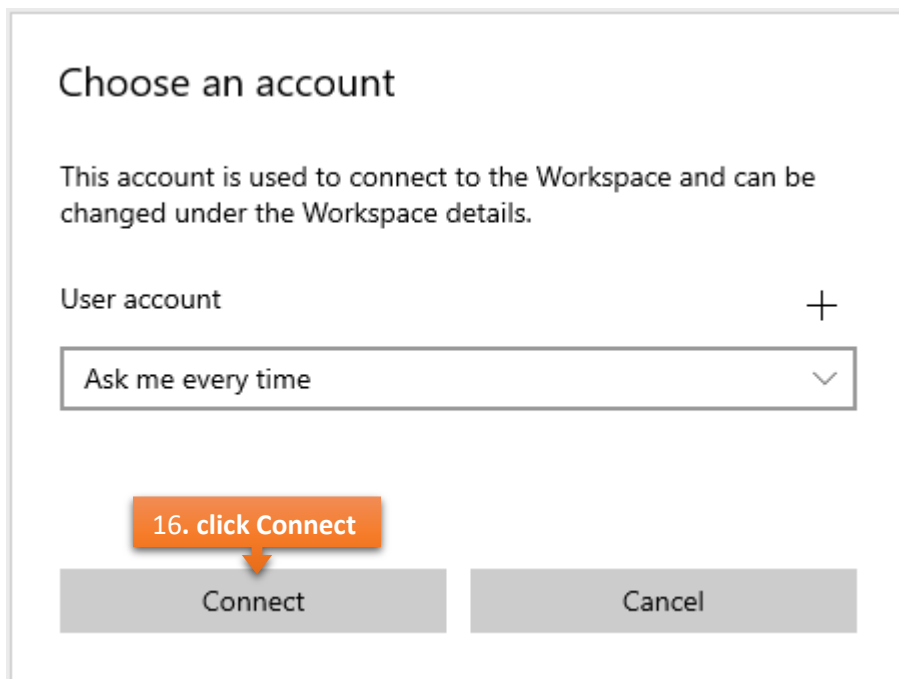

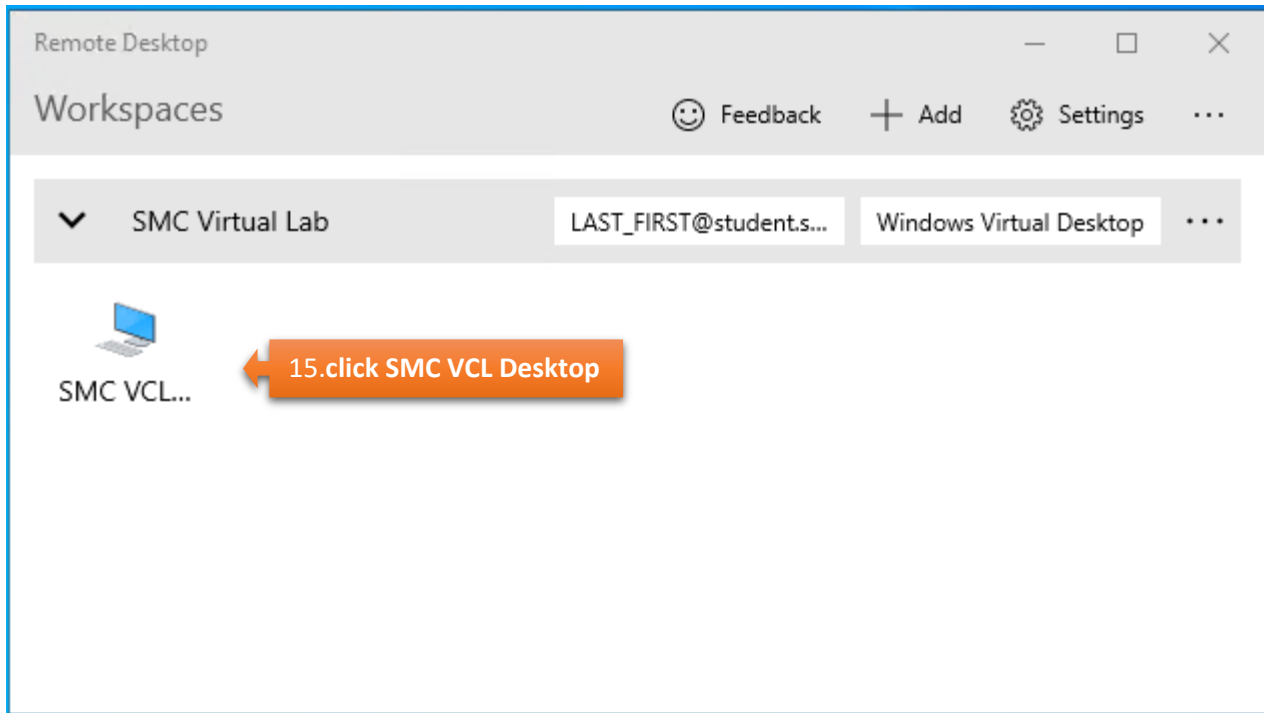

## You're all set!

We've added your account successfully. You now have access to your organization's apps and services.

14.click Done

Done
